Concrete (Mini Format) William Hall, 2017-09-04 A visual exploration of the world's most extraordinary and inspiring concrete architecture - in a stylish and compact format. Yes, concrete can be cold and imposing - but as the structures in the book attest, it can also be colourful, playful, and delicate. -Wall Street Journal In this new, reimagined, and easy-to-use stylish size, Concrete takes a fresh look at the world's most versatile and abundant building material. Collating fascinating and beautiful concrete buildings by some of the most celebrated architects of the last century, it features familiar projects from Le Corbusier and Frank Lloyd Wright alongside work from some of the leading lights of contemporary architecture including Zaha Hadid, Herzog & de Meuron, and many lesser-known newcomers.

Loulou & Yves Christopher Petkanas, 2018-04-17 No one interested in fashion, style, or the high-flying intrigues of café society will want to miss Christopher Petkanas's exuberantly entertaining oral biography Loulou & Yves: The Untold Story of Loulou de La Falaise and the House of Saint Laurent. Dauntless, "in the bone" style made Loulou de La Falaise one of the great fashion firebrands of the twentieth century. Descending in a direct line from Coco Chanel and Elsa Schiaparelli, she was celebrated at her death in 2011, aged just sixty-four, as the "highest of haute bohemia," a feckless adventuress in the art of living-and the one person Yves Saint Laurent could not live without. Yves was the most influential designer of his times; possibly also the most neurasthenic. In an exquisitely intimate, sometimes painful personal and professional relationship, Loulou was his creative right hand, muse, alter ego and the virtuoso behind all the flamboyant accessories that were a crucial component of the YSL "look." For thirty years, until his

retirement in 2002, Yves relied on Loulou to inspire him, make him laugh and talk him off the ledge—the enchanted formula that brought him from one historic collection to the next. Yves's many tributes shape Loulou's memory, as if everything there was to know about this fugitive, Giacometti-like figure could be told by her clanking bronze cuffs, towering fur toques, the turquoise boulders on her fingers and her working friendship with the man who put women in pants. But another, darker story lifts the veil on Loulou, a classic "number two" with a contempt for convention, and exposes the underbelly of fashion at its highest level. Behind Yves's encomiums are a pair of aristocrat parents—Loulou's shiftless French father and menacingly chic English mother—who abandoned her to a childhood of foster care and sexual abuse; Loulou's recurring desperation to leave Yves and go out on her own; and the grandiose myths surrounding her family. Loulou felt that her life had been kidnapped by the operatic workings of the House of Saint Laurent, and in her last years faced financial ruin. Loulou & Yves unspools an elusive fashion idol—nymphomaniacal, heedless and up to her bracelets in coke and Boizel champagne—at the core of what used to be called "le beau monde."

Van Gogh on Art and Artists Vincent Van Gogh, 2013-03-21 Twenty-three missives — written from 1887 to 1889 — radiate their author's impulsiveness, intensity, and mysticism. The letters are complemented by reproductions of van Gogh's major paintings. 32 full-page black-and-white illustrations.

Roman Building Jean-Pierre Adam, 2005-11-01 With over 750 illustrations, Roman Buildings is a thorough and systematic examination of Roman

architecture and building practice, looking at large-scale public buildings as well as more modest homes and shops. Placing emphasis on the technical aspects of the subject, the author follows the process of building through each stage -- from quarry to standing wall, from tree to roof timbers -- and describes how these materials were obtained or manufactured. The author also discusses interior decoration and looks at the practical aspects of water supply, heating and roads.

With a foreword by Ian Rankin. Whenever I picture Joy Division, it's through Kevin Cummins' camera lens. Never before or since has one photographer captured a band's

story so well. TIM BURGESS I first saw Kevin Cummins' photographs of Joy Division when I was a music-obsessed teenager. The stark black and white shots captured perfectly the austere and serious nature of the music. Look at this book and dream a new future into being. God knows we need one. BOBBY GILLESPIE

Outbound Train Renea Winchester, 2020-04 In 1976, memories from a night near the railroad tracks sixteen years earlier haunt Barbara Parker. She wrestles with past demons every night, then wakes to the train's five-thirty whistle. Exhausted and dreading the day, she keeps her hands busy working in Bryson City's textile plant, known as the blue jean plant, all the while worrying about her teenage daughter, Carole Anne. The whistle of the train, the hum of those machines, and the struggle to survive drives Barbara. When an unexpected layoff creates a financial emergency, the desperate pressure of poverty is overwhelming. Unbeknownst to Barbara, Carole Anne sneaks out at night to walk the tracks so she can work at Hubert's Bar. She's hoarding money with plans to drive her mother's rusty, unused Oldsmobile out of Bryson City, and never return. She only needs one opportunity ... if she can just find it. When Carole Anne goes missing, Barbara finds herself at a crossroad--she must put aside old memories and past hurts to rely on a classmate for help finding her daughter. But this is the same man she blames for the incident years ago. Is she strong enough--or desperate enough--to do anything to keep her daughter safe? In *Outbound Train*, the Parker women struggle to make frayed ends meet in a town where they never quite do ... at least, not

without expert weaving and a bit of brute force.

Gardens of the Moon Steven Erikson, 2004-06-01 Vast legions of gods, mages, humans, dragons and all manner of creatures play out the fate of the Malazan Empire in this first book in a major epic fantasy series from Steven Erikson. The Malazan Empire simmers with discontent, bled dry by interminable warfare, bitter infighting and bloody confrontations with the formidable Anomander Rake and his Tiste Andii, ancient and implacable sorcerers. Even the imperial legions, long inured to the bloodshed, yearn for some respite. Yet Empress Laseen's rule remains absolute, enforced by her dread Claw assassins. For Sergeant Whiskeyjack and his squad of Bridgeburners, and for Tattersail, surviving cadre mage of the Second Legion, the aftermath of the siege of Pale should have been a time to mourn the many dead. But Darujhistan, last of the Free Cities of Genabackis, yet holds out. It is to this ancient citadel that Laseen turns her predatory gaze. However, it would appear that the Empire is not alone in this great game. Sinister, shadowbound forces are gathering as the gods themselves prepare to play their hand... Conceived and written on a panoramic scale, Gardens of the Moon is epic fantasy of the highest order--an enthralling adventure by an outstanding new voice. The Invention of the Restaurant Rebecca L. Spang, 2001-11-30 During the 1760s and 1770s, those who were sensitive and supposedly suffering made public show of their delicacy by going to the new establishments known as restaurateurs' rooms and sipping their bouillons there. However, the restaurants that had begun as purveyors of health food soon became sites for extending frugal, politically correct hospitality and later became symbols of

aristocratic greed. From restoratives to Restoration, Spang establishes the restaurant at the very intersection of public and private in French culture--the first public place where people went to be private.

Wood William Hall, 2017-03-20 Wood is a fresh, insightful and surprising look at the world's best timber architecture. With 170 structures from the last 1,000 years, Wood features projects from some of the world's most celebrated architects. Renzo Piano's otherworldly New Caledonian Cultural Centre is found alongside projects from Tadao Ando and Peter Zumthor. Even the work of Le Corbusier, an architect best known for his work in concrete, is shown - his humble Mediterranean log cabin, Le Cabanon, was his last home. Arranged to promote comparison and discussion, the selected projects take the reader on a global tour of inspiring and intriguing structures: a Vietnamese village hall sits beside a state-of-the-art Belgian laboratory, an Italian anatomical theatre alongside a luxurious Canadian sauna and an onion-domed Russian church next to a fortified Japanese castle. Illustrated with extraordinary photographs, each project includes an extended caption providing an insightful commentary on the building. An essay by the bestselling author and naturalist Richard Mabey explores the close relationship between trees and architecture. Following the popularity of Concrete and Brick, Wood is a beautiful and informative visual exploration of a natural material that harbours an extraordinary range of expression and potential and has inspired architects for generations.

Experimentation and the Lyric in Contemporary French Poetry Jeff

Barda, 2019-10-17 *Experimentation and the Lyric in Contemporary French Poetry* offers a new theoretical approach and historical perspective on the remarkable upsurge in creative poetic practices in France that have challenged traditional definitions of poetry and of the lyric. Focusing on the work of Pierre Alferi, Olivier Cadiot, Emmanuel Hocquard, Franck Leibovici, Anne Portugal and Denis Roche, this book provides an analysis of the most influential poets in French poetry of the last few decades. It contextualizes the theoretical models that inform their investigations, analyzing them alongside the history of the avant-garde and the heated theoretical debates that have taken place over whether to continue or bring an end to the lyric. Systematically addressing the various strategies employed by these poets and drawing on reception theory and cognitive studies, Jeff Barda argues that French radical poetics re-evaluates the lyric

in cognitive terms beyond the personal. This book is essential reading for anyone interested in twenty-first-century forms of experimental writing and the connections between literature and the arts today.
