### **The Strange Case of Origami Yoda (Origami Yoda #1) Tom**

Angleberger, 2012-08-07 In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, and hailed by School Library Journal as "honest, funny, and immensely entertaining." The BrickGun Book Jeff Boen, 2013 The BrickGun Book shows you how to build five remarkably sleek LEGO(R) handgun replicas, like the classic Berreta 92FS and a formidable rubber-band-firing MAC-11. Each chapter includes step-by-step building instructions and a complete parts list using only readily available LEGO pieces. Builder Jeff Boen has designed each model with stunning accuracy and attention to detail, focusing on everything from 1:1 real-life scale to functioning cocking and trigger mechanisms. Each BrickGun is ultra-realistic in look and feel, but mostly harmless--perfect for display or your next backyard battle. NOTE: Adult supervision is required. These models are not suitable for children under the age of 12.

**Three Shadows** Cyril Pedrosa,2008-04-01 Can you ever escape your fate? Three shadows stand outside the house - and Louis and Lise know why the spectral figures are there. The shadows have come for Louis and Lise's son, and nothing anyone can do will stop them. Louis cannot let his son die without trying to prevent it, so the family embarks on a journey to the ends of the earth, fleeing death. Poignant and suspenseful, Three Shadows is a haunting story of love and grief, told in moving text and sweeping black and white artwork by Cyril Pedrosa.

**Oathmark** Joseph A. McCullough,2020-04-30 Empires have fallen, and the land is broken. The great oathmarks that once stood as testaments to the allegiances and might of nations have crumbled into ruin. In this lost age, fealty and loyalty are as valuable as gold and as deadly as cold iron, and war is ever-present. Created by Joseph A. McCullough, designer of Frostgrave and Frostgrave: Ghost Archipelago, Oathmark is a mass-battle fantasy wargame that puts you in command of the fantasy army you've always wanted, whether a company of stalwart dwarves or a mixed force with proud elves, noble men, and wild goblins standing shoulder-to-shoulder in the battle-line. Fight through an integrated campaign system and develop your realms from battle to battle, adding new territories, recruiting new troop types, and growing to eclipse your rivals... or lose what you fought so hard to gain and fall as so many would-be emperors before you.

Dragon Rampant Daniel Mersey,2015-12-20 Whether you're a nameless Dark Lord looking to conquer the known world, a Champion of Light holding out against the forces of evil or a Northern barbarian facing claimants to a stolen throne, Dragon Rampant allows you to bring those battles to the tabletop. Developed from the popular Lion Rampant system, Dragon Rampant is a standalone wargame that recreates the great battles of Fantasy fiction. Scenarios, army lists, and full rules for magic and monsters give players the opportunity to command unruly orc warbands, raise armies of the undead, campaign across an antediluvian world as the warchief of a barbarian tribe, or exploit the power of mighty creatures and extraordinary sorcery. An army usually consists of 6-8 units

comprised of 6-12 individually based figures. These small units move and fight independently, assuming that they follow your orders rather than just doing their own thing. Command and control is just as important on the battlefield as the power of a troll chieftain or the magic of an archmage.

**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two

years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
