Indiana Jones and the Raiders of the Lost Ark Campbell Black,2008-04-29 The adventure that started it all! Relive the adventure, the romance, and the action in this thrilling novelization of the major motion picture. Indiana Jones, archaeology professor and swashbuckling adventurer, has unearthed many ancient treasures. But now the very future of the world depends on his finding one special relic: the Ark of the Covenant, the ornate chest that holds the Ten Commandments. With his trusty bullwhip in hand and his beautiful former lover at his side, Jones journeys from Nepal to Cairo to the Mediterranean, dodging poisons, traps, and snakes, outwitting Nazis, and battling rivals old and new—all in

pursuit of an ancient artifact rumored to give invincible power to its possessor. It's a battle to the startling finish—a finish dictated by the magic, the light, and the glorious power of the lost Ark.

True Raiders Brad Ricca, 2021-09-21 True Raiders is The Lost City of Z meets The Da Vinci Code, from critically acclaimed author Brad Ricca. This book tells the untold true story of Monty Parker, a British rogue nobleman who, after being dared to do so by Ava Astor, the so-called “most beautiful woman in the world,” headed a secret 1909 expedition to find the fabled Ark of the Covenant. Like a real-life version of Raiders of the Lost Ark, this incredible story of adventure and mystery has almost been completely forgotten today. In 1908, Monty is approached by a strange Finnish scholar named Valter Juvelius who claims to have discovered a secret code in the Bible that reveals the location of the Ark. Monty assembles a ragtag group of blueblood adventurers, a renowned psychic, and a Franciscan father, to engage in a secret excavation just outside the city walls of Jerusalem. Using recently uncovered records from the original expedition and several newly translated

sources, True Raiders is the first retelling of this group's adventures– in the space between fact and faith, science and romance.

The Raiders of the Lost Ark ,2000

Raiders! Alan Eisenstock,2012-11-13 The official companion book to the hit feature-length documentary, Raiders!: The Story of the Greatest Fan Film Ever Made, in theaters and on video on

demand June 27th 2016 In 1982, in Ocean Springs, Mississippi, Chris Strompolos, eleven, asked Eric Zala, twelve, a question: Would you like to help me do a remake Raiders of the Lost Ark? I'm playing Indiana Jones. And they did it. Every shot, every line of dialogue, every stunt. They borrowed and collected costumes, convinced neighborhood kids to wear grass skirts and play natives, cast a fifteen-year-old as Indy's love interest, rounded up seven thousand snakes (sort of), built the Ark, the Idol, the huge boulder, found a desert in Mississippi, and melted the bad guys' faces off. It took seven years. Along the way, Chris had his first kiss (on camera), they nearly burned down the house and incinerated Eric, lived through parents getting divorced and remarried, and watched their friendship disintegrate. Alan Eisenstock's Raiders! is the incredible true story of Eric Zala and Chris Strompolos, how they realized their impossible dream of remaking Raiders of the Lost Ark, and how their friendship survived all challenges, from the building of a six-foot round fiberglass boulder to the devastation of Hurricane Katrina.
