Agents of World Renewal Takashi Miura, 2019-08-31 This volume examines a category of Japanese divinities that centered on the concept of “world renewal” (yonaoshi). In the latter half of the Tokugawa period (1603–1867), a number of entities, both natural and supernatural, came to be worshipped as “gods of world renewal.” These included disgruntled peasants who demanded their local governments repeal unfair taxation, government bureaucrats who implemented special fiscal measures to help the poor, and a giant subterranean catfish believed to cause earthquakes to punish the hoarding rich. In the modern period, yonaoshi gods took on more explicitly anti-authoritarian characteristics. During a major uprising in Saitama Prefecture in 1884, a yonaoshi god was invoked to deny the legitimacy of the Meiji regime, and in the late nineteenth and early twentieth centuries, the new religion Ōmoto predicted an apocalyptic end of the world presided over by a messianic yonaoshi god. Using a variety of local documents to analyze the veneration of yonaoshi gods, Takashi Miura looks beyond the traditional modality of research focused on religious professionals, their institutions, and their texts to illuminate the complexity of a lived religion as practiced in communities. He also problematizes the association frequently drawn between the concept of yonaoshi and millenarianism, demonstrating that yonaoshi gods served as divine rectifiers of specific economic injustices and only later, in the modern period and within the context of new religions such as Ōmoto, were fully millenarian interpretations developed. The scope of world renewal, in other words, changed over time. *Agents of World Renewal* approaches Japanese religion through the new analytical lens of yonaoshi gods and highlights the necessity of looking beyond the boundary often posited between the early modern and modern periods when researching religious discourses and concepts.

Deep Red Hisashi Nozawa, 2017-05-03 *Deep Red* is a novel about anger, of the slow burn and the itch for violence, and the unexpected places that fury can take us. Sixth grader Kanako was looking forward to her school trip, and she sure is enjoying it. At night, as she and her friends exchange scary stories after lights-out, her teacher barges into their room to summon her. Yet he seems more solicitous than scolding, and when he asks her to pack her things so he can take her back to Tokyo in a cab, Kanako realizes that something terrible has happened to her family. Educational supplies salesman Norio Tsuzuki was bamboozled into co-signing a fraudulent loan agreement by a business relation of his to whom he couldn’t say no. Enticed by the unscrupulous entrepreneur to recover the sum by unethical means, Tsuzuki indeed descends into criminality—by brutally murdering the man and his family. The only survivor, a daughter the same age as Tsuzuki’s own, just happened to be away on a school trip... When the orphaned Kanako grows up into a young woman, she cannot but feel vengeful toward Miho, the fiend’s daughter, and seeks her out under false pretenses. What follows is a memorable waltz of two unmoored souls.

Colour and Light in Oils Nicholas Verrall,Robin Capon,2004 PAINTING: OILS. Often seen as dark and gloomy, oils can, in fact, be used to create colourful and light paintings that are wonderfully expressive. One significant characteristic of oil paint is its richness and depth of colour, something that is of particular interest to Nicholas Verrall. In this book, he discusses his working methods and the importance of colour, at the same time placing these issues within the general context of painting in oils, with all that this has to offer. Includes information, demonstrations and many inspirational finished paintings to help painters understand the value of colour in interpreting ideas with feeling and impact. It provides guidance on a wide range of skills, techniques and advice on subject matter and associated topics. Illustrated throughout. It shows how to use oils and create colourful, light and expressive pictures. Verrall is one of the UK's most respected contemporary figurative painters. It is presented new in paperback.

Seismic Japan Gregory Smits,2013-11-30 What are we to make of contemporary newspapers in Japan speculating about the possible connection between aquatic creatures and earthquakes? Of a city council deciding to issue evacuation advice based on observed animal behavior? Why, between 1977 and 1993, did Japan's government spend taxpayer money to observe catfish in aquariums as part of its mandate to fund earthquake prediction research? All of these actions are direct legacies of the 1855 Ansei Edo earthquake, one of the major natural disasters of the period. In his investigation of the science, politics, and lore of seismic events in Japan, Gregory Smits examines this earthquake in a broad historical context. The Ansei Edo earthquake shook the shogun's capital during a year of special religious significance and at a time of particularly vigorous seismic activity. It was also a turning point because, according to the prevailing understanding of earthquakes at the time, it should never have happened. Many Japanese, therefore, became receptive to new ideas about the causes of earthquakes as well as to the notion that by observing some phenomena—for example, the behavior of catfish—one might determine when an earthquake would strike. All subsequent major earthquakes in Japan resulted in claims, always made after the fact, that certain phenomena had been signs of the impending catastrophe. Indeed, earthquake prediction in Japan from 1855 to the present has largely consisted of amassing collections of alleged or possible precursor phenomena. In addition, the Ansei Edo earthquake served as a catalyst accelerating socio-political trends already underway. It revealed bakufu military weaknesses and enhanced the prestige of the imperial deity Amaterasu at the expense of the bakufu deity Kashima. Anyone interested in Japan, earthquakes, and natural disasters will benefit from *Seismic Japan*. The work also serves as essential background for understanding the peculiar history of earthquake prediction in modern and contemporary Japan.

Joe Cinque's Consolation Helen Garner,2007-11-10 NOW A MAJOR MOTION PICTURE A true story of death, grief and the law from the 2019 winner of the Australia Council Award for Lifetime Achievement in Literature. In October 1997 a clever young law student at ANU made a bizarre plan to murder her devoted boyfriend after a dinner party at their house. Some of the dinner guests-most of them university students-had heard rumours of the plan. Nobody warned Joe Cinque. He died one Sunday, in his own bed, of a massive dose of rohypnol and heroin. His girlfriend and her best friend were charged with murder. Helen Garner followed the trials in the ACT Supreme Court. Compassionate but unflinching, this is a book about how and why Joe Cinque died. It probes the gap between ethics and the law; examines the helplessness of the courts in the face of what we think of as 'evil'; and explores conscience, culpability, and the battered ideal of duty of care. It is a masterwork from one of Australia's greatest writers. Winner of the Ned Kelly Award for Best True Crime 2005 Winner of the ABIA Book of the Year 2004 PRAISE FOR JOE CINQUE'S

CONSOLATION Garner's book is a writer's profound response to a tragedy and to questions about human responsibility over time as well as at precise moments *The Age* This is a work of great passion and of countervailing humanity - a book of witness... Australian Book Review

Dissipative Structures and Chaos Hazime Mori, Yoshiki Kuramoto, 2013-11-11 This book consists of two parts, the first dealing with dissipative structures and the second with the structure and physics of chaos. The first part was written by Y. Kuramoto and the second part by H. Mori. Throughout the book, emphasis is laid on fundamental concepts and methods rather than applications, which are too numerous to be treated here. Typical physical examples, however, including nonlinear forced oscillators, chemical reactions with diffusion, and Benard convection in horizontal fluid layers, are discussed explicitly. Our consideration of dissipative structures is based on a phenomenological reduction theory in which universal aspects of the phenomena under consideration are emphasized, while the theory of chaos is developed to treat transport phenomena, such as the mixing and diffusion of chaotic orbits, from the viewpoint of the geometrical phase space structure of chaos. The title of the original, Japanese version of the book is *Sanitsu Kozo to Kaosu* (Dissipative Structures and Chaos). It is part of the *Iwanami Koza Gendai no Butsurigaku* (Iwanami Series on Modern Physics). The first Japanese edition was published in March 1994 and the second in August 1997. We are pleased that this book has been translated into English and that it can now have an audience outside of Japan. We would like to express our gratitude to Glenn Paquette for his English translation, which has made this book more understandable than the original in many respects.

Mrs. Spring Fragrance Sui Sin Far, 2021-02-23 Mrs. Spring Fragrance (1912) is a collection of short stories by Sui Sin Far. Inspired by her experience living among Chinese Americans in San Francisco and Seattle, Mrs. Spring Fragrance is considered one of the earliest works of fiction published in the United States by a woman of Chinese heritage. In "The Inferior Woman," Mrs. Spring Fragrance encounters her neighbors, the Carmans, as they try to find someone to marry their son. While Mrs. Carman wants him to marry into a family of higher social standing, her son is in love with a local girl who works as a legal secretary. Known by Mrs. Carman as the "Inferior Woman," she has risen through hard work and perseverance to achieve her position at the law firm. Sympathetic toward her neighbor's son, Mrs. Spring Fragrance advocates on his behalf. "In the Land of the Free" is the story of a Chinese immigrant who is separated from her young son upon arrival due to insufficient paperwork. Exploring the

struggles of this woman to reclaim her son, Sui Sin Far exposes the discrimination and hardships faced by Chinese Americans due to the Chinese Exclusion Act, illuminating the byzantine and restrictive immigration policies which sadly continue under a different guise in modern America. With a beautifully designed cover and professionally typeset manuscript, this edition of Sui Sin Far's *Mrs. Spring Fragrance* is a classic of Chinese American literature reimagined for modern readers.
