Architectural Aesthetics Edward Winters, 2023-05-18 The fine arts are traditionally seen to have intrinsic value: that is, they are valuable in themselves. But this poses a problem for architecture: its works are designed to serve our purposes, and therefore it is classed as functional. Carving out a new space, Edward Winters argues why architecture is a fine art and finds a place for the fine art of architecture in the cultural environment in which we structure our lives. Winters reconciles intrinsic value, as a fine art, with extrinsic value, as shelter, security and comfort, without collapsing into the modernist conception of Functionalism. He draws on the Apollonian and the Dionysian to resolve the apparent conflict between the two values: the former requiring contemplative, detached reflection, the latter an engaged, embodied entanglement with the festive mood inspired by the immediate situation. Architecture, Winters claims, is to be regarded as functional; but this functionality is subsumed under the intrinsic aesthetic value of living well. Introducing the main positions in the philosophy of architecture through the lens of the timeless argument about what constitutes art, Winters lays out a humanistic view of the medium and extends our understanding of aesthetics and the everyday.

Sunderland Jonathan Wilson, 2010-12-23 After just a handful of games this season Sunderland were looking early favourites for the drop into League One, despite the arrival of the 'returning messiah' Niall Quinn, who headed up the consortium that had just bought the club. When he took the decision to appoint Roy Keane as manager, most predicted a storm. Instead, out went half the first team, and Sunderland went on to lift the Championship and head off into the 'promised land' of the Premiership. Wilson tells the story not only of Sunderland's astonishing turnaround, but also the transformation of their manager. As a player Keane was notoriously critical of shortcomings in his team-mates. Yet as a manager, he has inspired his side and seems a natural in the role, thanks to his razor sharp wit and insight. In the course of covering the Championship for the Independent and Independent on Sunday, Jonathan Wilson (himself a Mackem) has followed Sunderland's rise closely. Here he not only probes behind the scenes at The Stadium of Light, and brings an in-depth analysis to the club's achievement, he also celebrates one of the most remarkable seasons in the club's history. It is a football story as dramatic as any of recent years.

Alice in Sunderland Bryan Talbot, 2014-12-17 Sunderland! Thirteen hundred years ago it was the greatest center of learning in the whole of Christendom and the very cradle of English consciousness. In the time of Lewis Carroll it was the greatest shipbuilding port in the world. To this city that gave the world the electric light bulb, the stars and stripes, the millennium, the Liberty Ships and the greatest British dragon legend came Carroll in the years preceding his most famous book, *Alice in Wonderland*, and here are buried the roots of his surreal masterpiece. Enter the famous Edwardian palace of varieties, The Sunderland Empire, for a unique experience: an entertaining and epic meditation on myth, history and storytelling and decide for yourself — does Sunderland really exist?
