The Lady from the Black Lagoon Mallory O'Meara,2019-03-05 This acclaimed biography shines a light on a trailblazing woman who created a classic movie monster—and the author's quest to rescue her from obscurity. As a teenager, Mallory O'Meara was thrilled to discover that one of her favorite movies, *Creature from the Black Lagoon*, featured a monster designed by a woman, Millicent Patrick. But while Patrick should have been hailed as a pioneer in the genre, there was little information available about her. As O'Meara discovered, Patrick's contribution had been claimed by a jealous male colleague and her career had been cut short. No one even knew if she was still alive. As a young woman working in the horror film industry, O'Meara set out to right the wrong, and in the process discovered the full, fascinating story of an ambitious, artistic woman ahead of her time. Patrick's contribution to special effects proved to be just the latest chapter in a remarkable, unconventional life, from her youth growing up in the shadow of Hearst Castle, to her career as one of Disney's first female animators. And at last, O'Meara discovered what really had happened to Patrick after *The Creature's* success, and where she went. A true-life detective story and a celebration of a forgotten feminist trailblazer, Mallory O'Meara's *The Lady from the Black Lagoon* establishes Patrick in her rightful place in film history while calling out a Hollywood culture where little has changed since. **The New Kid from the Black Lagoon** Mike Thaler,2014-05-27 It's another scary day at the Black Lagoon. . . . The class is expecting a new kid who comes from far away and Hubie is worried. What if the new kid is from Mars? What if he has purple eyebrows, green antennae, and blue skin? What if he's really coming to take over the world? *The Creature Chronicles* Tom Weaver,,David Schechter,Steve Kronenberg,2017-02-06 He was the final addition to Universal's royal family of movie monsters: the *Creature from the Black Lagoon*. With his scaly armor, razor claws and a face only a mother octopus could love, this Amazon denizen was perhaps the most fearsome beast in the history of Hollywood's Studio of Horrors. But he also possessed a sympathetic quality which elevated him fathoms above the many aquatic monsters who swam in his wake. Everything you ever wanted to know about the Gill Man and his mid-1950s film career (*Creature from the Black Lagoon*, *Revenge of the Creature*, *The Creature Walks Among Us*) is collected in this book, packed to the gills with hour-by-hour production histories, cast bios, analyses, explorations of the music, script-to-screen comparisons, in-depth interviews and an ocean of fin-tastic photos.

**The Creature from the Black Lagoon** Ronald Milione,2023-05-22 This book is based on Behind the Scenes of the great classic *The Creature from the Black*

Lagoon which was a 1954 American black-and-white 3D monster horror film produced by William Alland and directed by Jack Arnold, from a screenplay by Harry Essex and Arthur Ross and a story by Maurice Zimm. It stars Richard Carlson, Julia Adams, Richard Denning, Antonio Moreno, Nestor Paiva, and Whit Bissell. The film's plot follows a group of scientists who encounter a piscine amphibious humanoid in the waters of the Amazon; the creature, also known as the Gill-man, was played by Ben Chapman on land and by Ricou Browning underwater. Produced and distributed by Universal-International, Creature from the Black Lagoon premiered in Detroit on February 12, 1954, and was released on a regional basis, opening on various dates. Creature from the Black Lagoon was filmed in three dimensions (3D) at the time in 1954 and originally projected by the polarized light method. The audience wore viewers with gray polarizing filters, like the viewers most used today. Because the brief 1950's 3D film fad had peaked in mid-1953 and was fading fast in early 1954, many audiences saw the film flat, in two dimensions (2D). Typically, the film was shown in 3D in large downtown theaters and flats in smaller neighborhood theaters. In 1975, Creature from the Black Lagoon was released to theaters in the red-and-blue-glasses anaglyph 3D format, which was also used for a 1980 home video release on Beta and VHS videocassettes. In the mid-1950s, a grotesque costume turned Ricou Browning from a soft-spoken family man into an ugly gill man, also known as the Creature from the Black Lagoon.

**Creature from the Black Lagoon** Paul Di Filippo,2006 In 1954, an expedition found what seemed to be a missing link in the evolutionary chain: an ancient, immensely powerful amphibian creature. Scientists tried to tame it, break its will, and even change its very being with surgery and torture, but the beast rebelled, killing nearly all in its way. But was the creature truly a throwback, a freak survivor of some prehistoric era -- or was it something more? Six decades later, one scientist attempts to find out, using a time machine to journey into the past. What he finds not only shatters his vision

of what the Creature might be, but could change the history of the human race forever. Paul Di Filippo reinvents the Creature with a tale of time travel, horror, and mystery that blends Cold War science fiction with today's cutting edge cyberpunk.
