Thomas Jefferson

Thomas Jefferson's Monticello ,1997 A noted architectural photographer uses a mid-nineteenth-century process to capture the spirit of Monticello.

The Image of Thomas Jefferson in the Public Eye Noble E. Cunningham,University Noble E Cunningham,1981 University Press of Virginia film negatives used for the printing of the book.

Thomas Jefferson Builds a Library Barb Rosenstock,2020-09-08 Young readers of all ages will love this story about President Thomas Jefferson, who found his passion as soon as he learned to read: books, books, and more books! Before, during, and after the American Revolution, Jefferson collected thousands of books on hundreds of subjects. In fact, his massive collection eventually helped rebuild the Library of Congress—now the largest library in the world. Author Barb Rosenstock's rhythmic words and illustrator John O'Brien's whimsical illustrations capture Jefferson's zeal for the written word as well as little-known details about book collecting. An author's note, bibliography, and source notes for quotations are also included.

Thomas Jefferson: The Art of Power Jon Meacham,2013-10-29 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • The Washington Post • Entertainment Weekly • The Seattle Times • St. Louis Post-Dispatch • Bloomberg Businessweek In this magnificent biography, the Pulitzer Prize–winning author of *American Lion* and *Franklin and Winston* brings vividly to life an extraordinary man and his remarkable times. *Thomas Jefferson: The Art of Power* gives us Jefferson the politician and president, a great and complex human being forever engaged in the wars of his era. Philosophers think; politicians maneuver. Jefferson's genius was that he was both and could do both, often simultaneously. Such is the art of power. Thomas Jefferson hated confrontation, and yet his understanding of power and of human nature enabled him to move men and to marshal ideas, to learn from his mistakes, and to prevail. Passionate about many things—women, his family, books, science, architecture, gardens, friends, Monticello, and Paris—Jefferson loved America most, and he strove over and over again, despite fierce opposition, to realize his vision: the creation, survival, and success of popular government in America. Jon Meacham lets us see Jefferson's world as Jefferson himself saw it, and to appreciate how Jefferson found the means to endure and win in the face of rife partisan division, economic uncertainty, and external threat. Drawing on archives in the United States, England, and France, as well as unpublished Jefferson presidential papers, Meacham presents Jefferson as the most successful political leader of the early republic, and perhaps in all of American history. The father of the ideal of individual liberty, of the Louisiana Purchase, of the Lewis and Clark expedition, and of the settling of the West, Jefferson recognized that the genius of humanity—and the genius of the new nation—lay in the possibility of progress, of discovering the undiscovered and seeking the unknown. From the writing of the Declaration of Independence to elegant dinners in Paris and in the President's House; from political maneuverings in the boardinghouses and legislative halls of Philadelphia and New York to the infant capital on the Potomac; from his complicated life at Monticello, his breathtaking house and plantation in Virginia, to the creation of the University of Virginia, Jefferson was central to the age. Here too is the personal Jefferson, a man of appetite, sensuality, and passion. The Jefferson story resonates today not least because he led his nation through ferocious partisanship and cultural warfare amid economic change and external threats, and also because he embodies an eternal drama, the struggle of the leadership of a nation to achieve greatness in a difficult and confounding world. Praise for *Thomas Jefferson: The Art of Power* “This is probably the best single-volume biography of Jefferson ever written.”—Gordon S. Wood “A big, grand, absorbing exploration of not just Jefferson and his role in history but also Jefferson the man, humanized as never before.”—Entertainment Weekly “[Meacham] captures who Jefferson was, not just as a statesman but as a man. . . . By the end of the book . . . the reader is likely to feel as if he is losing a dear friend. . . . [An] absorbing tale.”—The Christian Science Monitor “This terrific book allows us to see the political genius of Thomas Jefferson better than we have ever seen it before. In these endlessly fascinating pages, Jefferson emerges with such vitality that it seems as if he might still be alive today.”—Doris Kearns Goodwin

The Works of Thomas Jefferson, Volume 12 Thomas Jefferson,2015-11-05 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Thomas Jefferson at Monticello Leslie Greene Bowman,Charlotte Moss,2021-09-28 This visually stunning volume explores Monticello, both house and plantation, with texts that present a current assessment of

Jefferson's cultural contributions to his noteworthy home and the fledgling country. Thomas Jefferson (1743–1826), third president of the United States, designed his Virginia residence with innovations that were progressive, even unprecedented, in the new world. Six acclaimed arts and cultural luminaries pay homage to Jefferson, citing his work at Monticello as testament to his genius in art, culture, and science, from his adaptation of Palladian architecture, his sweeping vision for landscape design, his experimental gardens, and his passion for French wine and cuisine to his eclectic mix of European and American art and artifacts and the creation of the country's seminal library. Each writer considers the important role, and the painful reality, of Jefferson's enslaved workforce, which made his lifestyle and plantation possible. This book, illustrated with superb photography by Miguel Flores-Vianna, is a necessary addition to the libraries of those who love historical architecture and landscape design, art and cultural history, and the lives of prominent Americans.

The Works of Thomas Jefferson; Thomas Jefferson,Paul Leicester Ford,2015-11-06 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. The Writings of Thomas Jefferson Thomas Jefferson,1854

The Jefferson Image in the American Mind Merrill D. Peterson,1998 Since its publication in 1960, *The Jefferson Image in the American Mind* has become a classic of historical scholarship. In it Merrill D. Peterson charts Thomas Jefferson's influence upon American thought and imagination since his death in 1826. Peterson shows how the public attitude toward Jefferson has always paralleled the political climate of the time; the complexities of the man, his thoughts, and his deeds being viewed only in fragments by later generations. He explains how the ideas of Jefferson have been distorted, defended, pilloried, or used by virtually every leading politician, historian, and intellectual. Through most of our history, political parties have engaged in an ideological tug-of-war to see who would wear the mantle of Jefferson.

Thomas Jefferson's Feast Frank Murphy,2013-02-12 Whether they're preparing for President's Day or whether they just like to eat, children will find much to devour in this leveled reader about Thomas Jefferson's role in America's culinary history! Did you know that every time you munch on a french fry or snack on ice cream, you have Thomas Jefferson to thank? It's true! This founding father was one of America's first foodies. After a visit to France, he introduced all sorts of yummy treats to America—including one that upset more than just tummies and created a culinary controversy! Get the scoop in this deliciously funny, true story—guaranteed to tempt even the most reluctant readers!

Thomas Jefferson and the New Nation Merrill D. Peterson,1986-09-11 The definitive life of Jefferson in one volume, this biography relates Jefferson's private life and thought to his prominent public position and reveals the rich complexity of his development. As Peterson explores the dominant themes guiding Jefferson's career--democracy, nationality, and enlightenment--and Jefferson's powerful role in shaping America, he simultaneously tells the story of nation coming into being.

The Jefferson Bible Thomas Jefferson,Wyatt North,2014-01-05 The Jefferson Bible, or The Life and Morals of Jesus of Nazareth as it is formally titled, was a book constructed by Thomas Jefferson in the latter years of his life by cutting and pasting numerous sections from various Bibles as extractions of the doctrine of Jesus. Jefferson's composition excluded sections of the New Testament containing supernatural aspects as well as perceived misinterpretations he believed had been added by the Four Evangelists. In 1895, the Smithsonian Institution under the leadership of librarian Cyrus Adler purchased the original Jefferson Bible from Jefferson's great-granddaughter Carolina Randolph for \$400. A conservation effort commencing in 2009, in partnership with the museum's Political History department, allowed for a public unveiling in an exhibit open from November 11, 2011, through May 28, 2012, at the National Museum of American History.
