*Angel Origami* Nick Robinson, 2013 An angel crafted from paper can be delicately beautiful. What a wonderful way of conjuring up angelic powers for yourself - as permanent decoration, for festive occasions or as a memorable gift. Including 15 sheets of origami paper and detailed instructions, as well as inspiring photographs, this book equips readers to make 15 different origami angels. Origami is perfect for anyone interested in mindful crafting---creative projects as a route to relaxation. The book offers something new both to angel enthusiasts and to the many fans of origami worldwide. The author, a renowned origami artist, begins by explaining the spiritual dimension of origami, showing how this meditative, stress-releasing practice connects with Zen principles in awakening the possibilities of paper. He describes basic origami techniques before presenting 15 projects, which progress from simple angels suitable for beginners to more complex 3D figures, so that the reader gradually builds up their level of skill and experience. Each project comes with clear step-by-step artworks and photography to help the would-be origami artist. The angels include bringers of peace, hope, healing and good fortune, as well as those with practical uses such as a bookmark. Uplifting quotations and superb photography will inspire all those wishing to use their completed angels for meditation.

*Paper Angels* Jimmy Wayne, 2014-11-04 When he picks the name of a teenager from the Salvation Army's Angel Tree program, businessman Kevin Morell, moved and intrigued by Thomas Reed's list, finally discovers the true meaning of Christmas through a random act of kindness.

**This Present Darkness** Frank Peretti, 2012-02-14  
"For we do not wrestle against flesh and blood, but against the rulers, against the authorities, against the cosmic powers over this present darkness, against the spiritual forces of evil in the heavenly places." Ephesians 6:12 After the film in her camera is mysteriously destroyed at a small-town festival, reporter Bernice Kreuger knows she's found something worth covering up. She brings the investigation to her boss, Marshall Hogan. Along with the local pastor of a struggling church, Hank Busch, they find something much bigger than they expected—a demonic plot to enslave their town and, eventually, the world. The tiny college town of Ashton becomes the unlikely battleground in a cosmic clash between good and evil. Unseen by the human protagonists, armies of angels and demons wage war against one another in the spiritual realm for the souls of the people of Ashton. Up against supernatural forces, the future

of the town seems bleak - but the power of prayer might be able to influence the outcome of the fight. This fast-paced thriller birthed an entirely new genre, setting the standard for spiritual suspense. It has since sold over 2 million copies worldwide, sparking a renewed interest in the concept of spiritual warfare.

**I'm No Angel** Kylie Bisutti, 2013-05-14 In December 2011, 21-year-old Victoria's Secret Runway Angel Kylie Bisutti stunned the fashion industry when she chose faith over fame and fortune and made the switch from supermodel to role model. In *I'm No Angel*, Kylie shares her story—from her early years as she struggled to make it big in the cutthroat world of modeling, to her “big break” winning the Victoria's Secret Runway Angel competition, to the disillusionment and spiritual warfare that followed. After finally realizing that she could no longer reconcile her career with her Christian beliefs, she surrendered her life to God and dedicated her life to preaching a message of modesty and inner beauty. Along the way, Kylie talks about her personal struggles with inadequacy, low self-esteem, and her near-constant quest for approval in a world where you can never be thin enough, pretty enough, or sexy enough. She helps readers understand that true beauty lies within and that real fulfillment comes from knowing, loving, and serving Christ.

Mughal Painter of Flora and Fauna Ustād Mansūr Som Prakash Verma, 1999 This volume follows *Mughal Painters and their Work—A Biographical Survey and Comprehensive Catalogue* (Oxford University Press, New Delhi, 1994), the first comprehensive book of reference on the work of nearly 200 Mughal painters; and has been conceived to provide readers much information on the Mughal painting through the contribution of individual master painters. Need not say ample information is available about the artists of the Mughal atelier

(sixteenth-seventeenth centuries). Yet, to date, except for some articles on a few painters, no book has been published on individual artist. Ustad Mansur, a keen observer of nature endowed with almost Euclidean intellect, deserved a more detailed study to re-evaluate his merit as an artist whose achievement in naturalistic portraiture of a large number of species from the world of flora and fauna has remained unsurpassed till today. Our attempt is to enter into the very creative process of this great Mughal painter; to relive in his times and environment, in order to discover real Mansur. The whole panorama of Mansur's portraits of birds, animals and flowers set in marvellously and uniquely laid background represents, in his true spirit and characteristics, the very quintessence of nature's endless variety of creation and beauty. Part I provides historical and artistic context in which Ustad Mansur worked. Information about him has been gleaned from original texts (principally Persian historical sources), supplemented by the evidence of artist's own work. Part II comprises the plate section of representative eighteen miniatures that illustrate our painter's style and his specialisation in painting. The appendix further enhances the value of this work since it provides correct rendering of contemporary inscriptions and determines genuine signatures and contemporary ascriptions. The volume is richly illustrated with a large number of black-and-white and colour illustrations. These illustrate the art and style of Ustad Mansur Nadir u'l 'Asr (Unequaled of the Age), the most illustrious naturalist painter of India. It will naturally be of interest to students of art and natural history. It is also recommended to persons curious to know about the Mughal times. It is hoped that other volumes on individual Mughal painters will follow' and monographs on their lives and work

with a critical valuation will be available.

*A Pattern Language* Christopher Alexander, 2018-09-20 You can use this book to design a house for yourself with your family; you can use it to work with your neighbors to improve your town and neighborhood; you can use it to design an office, or a workshop, or a public building. And you can use it to guide you in the actual process of construction. After a ten-year silence, Christopher Alexander and his colleagues at the Center for Environmental Structure are now publishing a major statement in the form of three books which will, in their words, lay the basis for an entirely new approach to architecture, building and planning, which will we hope replace existing ideas and practices entirely. The three books are *The Timeless Way of Building*, *The Oregon Experiment*, and this book, *A Pattern Language*. At the core of these books is the idea that people should design for themselves their own houses, streets, and communities. This idea may be radical (it implies a radical transformation of the architectural profession) but it comes simply from the observation that most of the wonderful places of the world were not made by architects but by the people. At the core of the books, too, is the point that in designing their environments people always rely on certain languages, which, like the languages we speak, allow them to articulate and communicate an infinite variety of designs within a formal system which gives them coherence. This book provides a language of this kind. It will enable a person to make a design for almost any kind of building, or any part of the built environment. Patterns, the units of this language, are answers to design problems (How high should a window sill be? How many stories should a building have? How much space in a neighborhood should be devoted to grass and trees?). More than 250 of the patterns in this pattern language are given: each

consists of a problem statement, a discussion of the problem with an illustration, and a solution. As the authors say in their introduction, many of the patterns are archetypal, so deeply rooted in the nature of things that it seems likely that they will be a part of human nature, and human action, as much in five hundred years as they are today.

**Walk to Beautiful** Mr. Jimmy Wayne, 2014-10-14 A New York Times bestseller! Imagine yourself a thirteen-year-old hundreds of miles away from home, in a strange city, and your mom leaves you at a bus station parking lot and drives off into the night with her lover. That's the real-life story of country music star Jimmy Wayne. It's a miracle that Jimmy survived being hungry and homeless, bouncing in and out of the foster care system, and sleeping in the streets. But he didn't just overcome great adversity in his life; he now uses his country music platform to help children everywhere, especially teenagers in foster care who are about to age out of the system. *Walk to Beautiful* is the powerfully emotive account of Jimmy's horrendous childhood and the love he received from Russell and Bea Costner, the elderly couple who gave him a stable home and provided the chance to complete his education. Jimmy says of Bea, "She changed every cell in my body." This moving memoir chronicles: Jimmy's life as a foster child and homeless teenager His adoption by Russell and Bea Costner, an elderly couple who gave him a stable home and provided the opportunities for him to thrive His surprising rise to fame in the music industry His tireless advocacy for children in the foster care system through his Meet Me Halfway awareness campaign, a 1,700 mile walk halfway across America from Nashville to Phoenix Join Jimmy on his walk to beautiful and see how one person really can make a difference.

The Better Angels of Our Nature Steven Pinker, 2012-09-25 Faced with the ceaseless stream of news about war, crime, and terrorism, one could easily think this is the most violent age ever seen. Yet as bestselling author Pinker shows in this startling and engaging new work, just the opposite is true.

**The Complexities of John Hejduk's Work** J. Kevin Story, 2020-06-09 This book traces the development of John Hejduk's architectural career, using the idea of exorcism to uncover his thought process when examining architectural designs. His work encouraged profound questioning on what, why and how we build, which allowed for more open discourse and enhance the phenomenology found in architectural experiences. Three distinct eras in his architectural career are applied to analogies of outlines, apparitions and angels throughout the book across seven chapters. Using these thematic examples, the author investigates the progression of thought and depth inside the architect's imagination by studying key projects such as the Texas houses, Wall House, Architectural Masques and his final works. Featuring comments by Gloria Fiorentino Hejduk, Stanley Tigerman, Steven Holl, Zaha Hadid, Charles Jencks, Phyllis Lambert, Juhani Pallasmaa, Toshiko Mori and others, this book brings to life the intricacies in the mind of John Hejduk, and would be beneficial for those interested in architecture and design in the 20th

century.

*Don't Stop the Presses!* Patt Morrison, 2018 Real News on real paper. Newspapers-- a free press-- were the cornerstone of the Founding Fathers' working model of democracy. And they remain so. Whether read at the kitchen table, in the boardroom, or on a laptop on the subway, newspapers-- as has been said of them for more than a half-century-- are the first draft of history. Veteran journalist Patt Morrison proves it, and then some, in the pages of *Don't Stop the Presses!* Truth, Justice, and the American Newspaper.

*The Angel of Santo Tomas* Tammy Yee, 2021-11 Fe del Mundo's sister dreamt of becoming a doctor--a big dream for a girl in the Philippines in the early 1900s. When her sister dies, young Fe vows to take her place, a promise she carries with her the rest of her life. In 1936 she becomes the first woman and first person of Asian descent to study at Harvard Medical School. When WWII begins in the Pacific, Fe faces a choice: remain in Boston, where she is safe, or return to the Philippines, where she is needed most. Fe follows her vision and returns home to care for the American and British children forced into the internment camp at Santo Tomas. Beautiful color drawings bring to life this gentle and courageous character, her family and her patients. The story of the courageous Dr. Fe del Mundo, recipient of the Elizabeth Blackwell Award for distinguished women whose life exemplifies outstanding service to humanity, and the Ramon Magsaysay Award, Asia's equivalent of the Nobel Prize, will inspire children to pursue science and medicine in the service of humanity.
