Dickens' Women Miriam Margolyes, Sonia Fraser, 2012-07-12

A captivating portrait of some of Charles Dickens' most memorable female characters presented by popular actress Miriam Margolyes to accompany her hugely successful one-woman show touring the world in 2012. In his novels Dickens presents a series of unrivalled portraits of women, young and old. From Little Nell to Miss Havisham, these girls and women speak to us today, making us laugh and sometimes cry. The popular British actress Miriam Margolyes will be touring the world in 2012, the bicentenary of Dickens' birth, with a one-woman show about Dickens' women, and this book accompanies the show by building on the script and expanding to include many more of the female characters Dickens described and analysed so astutely in his novels. ?Mrs Pipchin was a marvellous ill-favoured, ill-conditioned old lady, of a stooping figure, with a mottled face, like bad marble, a hook nose, and a hard grey eye, that looked as if it might have been hammered at on an anvil without sustaining any injury.

Power Girl Geoff Johns, 2006-09 Kara Zor-El is Power Girl, a JSA member with powers of flight, super-strength, and near-indestructibility. She's brash, rude and stunningly attractive... but she has no idea who she really is. Now, Power Girl must go on a journey of self-discovery, meeting a host of heroes and villains along the way. Is she a Daxamite warrior? The last daughter of Krypton? A member of the Legion of Super-Heroes? A mystical warrior? One super-villain has the answer - but the ultimate truth may drive her mad. By superstar creators Geoff Johns (*Infinite Crisis*), Amanda Conner and Jimmy Palmiotti (*Birds of Prey*), this thrilling adventure leads into the *Infinite Crisis*!

Hellboy in Mexico Mike Mignola, 2016-04-26 In 1956, Hellboy caravans across Mexico--vampire-hunting with luchadores, finding the Aztec Gods, fighting evil turkeys and Frankenstein's monster, and drinking way too much tequila, in the strangest

collection of his adventures yet. The Oxford Handbook of Screendance Studies Douglas Rosenberg, 2016 The Oxford Handbook of Screendance Studies offers a full overview of the histories, practices, and critical and theoretical foundations of the rapidly changing landscape of screendance. Drawing on their practices, technologies, theories, and philosophies, scholars from the fields of dance, performance, visual art, cinema and media arts articulate the practice of screendance as an interdisciplinary, hybrid form that has yet to be correctly sited as an academic field worthy of critical investigation. Each chapter discusses and reframes current issues, as a means of promoting and enriching dialogue within the wider community of dance and the moving image. Topics addressed embrace politics of the body; agency, race, and gender in screendance; the relationship of choreography to image; constructs of space and time; representation and effacement; production and curatorial practice; and other areas of intersecting disciplines. The Oxford Handbook of Screendance Studies features newly-commissioned and original scholarship that will be essential reading for all those interested in the intersection of dance and the moving image, including film and video-makers, dance artists, screendance artists, academics and writers, producers, composers, as well as the wider interested public. It will become an invaluable resource for researchers and professionals in the field.

Peacebuilding in the African Union Abou Jeng, 2012-08-02 Particularly in the context of internal conflicts, international law is frequently unable to create and sustain frameworks for peace in Africa. In Peacebuilding in the African Union, Abou Jeng

explores the factors which have prevented such steps forward in the interaction between the international legal order and postcolonial Africa. In the first work of its kind, Jeng considers whether these limitations necessitate recasting the existing conceptual structure and whether the Constitutive Act of the African Union provides exactly this opportunity through its integrated peace and security framework. Through the case studies of Burundi and Somalia, Jeng examines the structures and philosophy of the African Union and assesses the capacity of its practices in peacemaking. In so doing, this book will be of great practical value to scholars and legal practitioners alike.

Dance and Politics Alexandra Kolb, 2011 This is the first anthology to explore the fertile intersection of dance and political studies. It offers new perspectives on the connections of dance to governmental, state and party politics, war, nationalism, activism, terrorism, human rights, political ideologies and cultural policy. This cutting-edge book features previously unpublished work by leading scholars of dance, theatre, politics, and management, alongside renowned contemporary choreographers, who propose innovative ways of looking at twentieth- and twenty-first-century dance. Topics covered range across the political spectrum: from dance tendencies under fascism to the use of choreography for
