**Music Scenes** Andy Bennett,Richard A. Peterson,2004 While more than 80 percent of the world's commercial music is controlled by four multinational firms, most music is made and enjoyed in diverse situations divorced from such corporate behemoths. These fourteen original essays examine the fascinating world of music scenes, those largely inconspicuous sites where clusters of musicians, producers, and fans explore their common musical tastes and distinctive lifestyle choices. Although most music scenes come and go with hardly a trace, they nevertheless give immense satisfaction to their participants, and a few - New York bop jazz, Merseybeat, Memphis rockabilly, London punk, Bronx hiphop - achieve fame and spur musical innovations. To date, serious study of the scenes phenomenon has focused mainly on specific music scenes while paying less attention to recurrent dynamics of scene life, such as how individuals construct and negotiate scenes to the various activities. This volume remedies that neglect. The editors distinguish between three types of scenes - local, translocal, and virtual - which provide the organizing framework for the essays. Aspects of local scenes, which are confined to specific areas, are explored through essays on Chicago blues, rave, karaoke, teen pop, and salsa. The section on translocal scenes, which involve the coming together of scattered local scenes around a particular type of music and lifestyle, includes articles on Riot Grrrls, goths, art music, and anarcho-punk. Aspects of virtual scenes, in which fans communicate via the internet, are illustrated using alternative country, the Canterbury sound, postrock, and Kate Bush fans. Also included is an essay that shows how the social conditions in places where jazz was made influenced that music's development.

And while there is a cute new guy who started working with her at the deli, is dating even worth the risk when the killer likes picking off couples who stay out too late? York seemed balanced on a knife-edge, with tempers and temperatures running high, to share the story of a young woman who discovers that the greatest dangers are often closer than we like to admit – and the hardest to accept.

*Zanele Muholi* Yasufumi Nakori, Allen Sarah, 2020 Born in South Africa in 1972, Zanele Muholi came to prominence in the early 2000s with photographs that sought to envision black lesbian, gay, bisexual, trans, queer, and intersex lives beyond deviance or victimhood. Muholi’s work challenges hetero-patriarchal ideologies and representations, presenting the participants in their photographs as confident and beautiful individuals bravely existing in the face of prejudice, intolerance, and, frequently, violence. While Muholi’s intimate photographs of others launched their international career, their intense self-portraits solidified it. The illustrations include images from the key series Muholi has produced over the past 20 years, as well as never-before-published and recent works. This book, and the exhibition it accompanies, present the full breadth of Muholi’s photographic and activist practice. Exhibition: Tate Modern, London, UK (29.04-18.10.2020) / Maison Européenne de la Photographie, Paris, France (11.2020-02.2021) / Martin Gropius Bau, Berlin, Germany (03-07.2021) / Bildmuseet, Umea, Sweden (10.2021-03.2022).

*Leon of Juda* Robert Frank, 2017 *Leon of Juda* is the seventh book in Robert Frank’s (born 1924) acclaimed series of visual diaries, which combine

iconic photos from throughout his career with the more personal pictures he makes today. Here, still lifes taken in Frank's home in Bleecker Street, New York, and landscapes around his house in Mabou, Nova Scotia, jostle alongside spontaneous portraits of friends, colleagues and his wife, the artist June Leaf, as well as vintage postcards. With these images Frank creates a seemingly casual layout that recalls the look and spirit of a private album or scrapbook. Equally humble and ambitious, Leon of Juda shows how the past tempers Frank's present and how his life is not only documented in, but shaped by, bookmaking.

*The Tale of Genji* Melissa McCormick, 2018-11-06 Written in the eleventh century by the Japanese noblewoman Murasaki Shikibu, *The Tale of Genji* is a masterpiece of prose and poetry that is widely considered the world's first novel. Melissa McCormick provides a unique companion to Murasaki's tale that combines discussions of all fifty-four of its chapters with paintings and calligraphy from the Genji Album (1510) in the Harvard Art Museums, the oldest dated set of Genji illustrations known to exist. In this book, the album's colorful painting and calligraphy leaves are fully reproduced for the first time, followed by McCormick's insightful essays that analyze the Genji story and the album's unique combinations of word and image. This stunning compendium also includes English translations and Japanese transcriptions of the album's calligraphy, enabling a holistic experience of the work for readers today. In an introduction to the volume, McCormick tells the fascinating stories of the individuals who created the Genji Album in the sixteenth century, from the famous court painter who executed the paintings and the aristocrats who brushed the calligraphy to the work's warrior patrons and the poet-scholars who acted as their intermediaries. Beautifully illustrated, this book serves as an invaluable guide for readers interested in *The Tale of Genji*, Japanese literature, and the captivating visual world of Japan's most celebrated work of fiction.
