Cameroon Ben West,2004 A full-length Bradt country guide to Cameroon, in West Africa.

Tapestry in the Renaissance Thomas P. Campbell, Metropolitan Museum of Art (New York, N.Y.),2002 Tapestries--the art form of kings--were a principal tool used by powerful Renaissance rulers to convey their wealth and might. From 1460 to 1560, courts and churches lavished vast sums on costly weavings in silk and gold thread from designs by leading artists. In this lavishly illustrated book, the first major survey of tapestry production of this period, contributors analyze some of these & beautiful tapestries, examine the stylistic and technical development of tapestry production in the Low Countries, France, and Italy during the Renaissance, and discuss the contribution that the medium made to art, liturgy, and propaganda of the day.

A Strange Story ,2009 FIFTEEN years ago began H. official duties compelled me to spend a few days in the principal town of the province of T . I stopped at a very fair hotel, which had been established six months before my arrival by a Jewish tailor, who had grown rich. I am told that it did not flourish long, which is often the case with us; but I found it still in its full splendour: the new furniture emitted cracks like pistol-shots at night; the bed-linen, table-cloths, and napkins smelt of soap, and the painted floors reeked of olive oil, which, however, in the opinion of the waiter, an exceedingly elegant but not very clean individual, tended to prevent the spread of insects. This waiter, a former valet of Prince G.'s, was conspicuous for his free-and-easy manners and his self-assurance. He invariably wore a second-hand frockcoat and slippers trodden down at heel, carried a table-napkin under his arm, and had a multitude of pimples on his cheeks. With a free sweeping movement of his moist hands he gave utterance to brief but pregnant observations. He showed a patronising interest in me, as a person capable of appreciating his culture and knowledge of the world; but he regarded his own lot in life with a rather disillusioned eye. No doubt about it, he said to me one day; ours is a poor sort of position nowadays. May be sent flying any day! His name was Ardalion. I had to make a few visits to official persons in the town. Ardalion procured me a coach and groom, both alike shabby and loose in the joints; but the groom wore livery, the carriage was adorned with an heraldic crest. After making all my official calls, I drove to see a country gentleman, an old friend of my father's, who had been a long time settled in the town . I had not met him for twenty years; he had had time to get married, to bring up a good-sized family, to be left a widower and to make his fortune. His business was with government monopolies, that is to say, he lent contractors for monopolies loans at heavy interest . There is always honour in risk, they say, though indeed the risk was small.

Tales of a Long Night Alfred Döblin,1984 The story of a young Englishman called Edward Allison who loses a leg during World War II and returns home a nervous as well as a physical wreck, tormented by doubt and anger, and obsessed with what seems to him the mystery of where the blame for the war really lies. He is released from a clinic in the hope that living among his family will hasten his cure, but he simply transfers his fixation with hidden guilt to the domestic front. ... In an effort to exorcise his demons, the Allisons and their friends start telling a series of stories, many of them variations on ancient myths and legends. Some of these tales serve to reveal the character of the storyteller, others as a riposte or as a comment on what has gone before. All of them are meant to advance the psychological and spiritual action. Many of the tales of Döblin's long night have an undoubted lurid power. ... We move through an expressionist phantasmagoria from a wayward bus in Los Angeles to Pluto and Proserpina, by way of Michelangelo and Salome and a mock-medieval tale about the Virgin. Edward's mother, Alice Allison (a significant name, we can be sure), spins variants of a story about a mother who waits for her son to come back from the war, now in Montmartre, now in Germany, and elaborates on the already elaborate legend of her patron saint, Theodora. In the final stages of the book the distinction between framework and fantasy starts to break down completely. Yet through the haze it is possible to discern a continuous story unfolding--fmerusault at Amazon.com.
