Limelight Amy Poeppel,2019-05-14 In a smart and funny novel by the author of the critically acclaimed “big-hearted, charming” (The Washington Post) *Small Admissions*, a family’s move to New York City brings surprises and humor. Allison Brinkley—wife, mother, and former unflappable optimist—discovers that her decision to pack up and move her family from suburban Dallas to the glittery chaos of Manhattan may have been more complicated than she and her husband initially thought. New York is more unruly and bewildering than she expected, defying the notions she developed from romantic movies and a memorable childhood visit. After a humiliating call from the principal’s office and the loss of the job she was counting on, Allison begins to accept that New York may not suit her after all. When she has a fender-bender, witnessed by a flock of mothers at her son’s new school, she is led to the penthouse apartment of a luxurious Central Park West building and encounters a spoiled, hungover, unsupervised teenager who looks familiar. It doesn’t take long to recognize him as Carter Reid—a famous pop star who has been cast in a new Broadway musical. Through this brush with stardom, Allison embraces a unique and unexpected opportunity that helps her find her way in the heart of Manhattan. “A tribute to Broadway, teen celebrity life, and a mother who has now seen it all, this work is tough love at its finest and a great read for those wanting a ride on the wild side” (Booklist, starred review).

The book includes an author’s note explaining how Gittel’s story is based on the journey to America taken by Lesléa Newman’s grandmother and family friend.

Fix Your Eyes Amy Gannett,2021-10-05 We live in a polarized time. Christians are quick to conceive of themselves either as theologically-minded or worship-minded; either thinking Christians or feeling Christians. The results are damaging: theology without worship is muted, stifled, and cold, and worship without theology is ungrounded, unrooted, and uninformed. This is not the way it was meant to be. Theology (our study and knowledge of God) should always lead to doxology (our worship of Him). Worship should always be rooted in theology. When we study the nature and character of God as revealed in his Word, we are invited to respond in the affectionate, obedient discipleship of worship. How can we keep our theology from being mere head knowledge? How do we give our worship roots that will last? By fixing our eyes on God Himself—the object of our study and the object of our worship. *Fix Your Eyes* is an invitation to understand core doctrines of the Christian faith and apply them in our daily worship of God. It walks believers through key theological concepts and shows how each can be lived out in daily life.

Using several techniques to develop a relational understanding, it helps students fully grasp the essential concepts at the root of organic chemistry. This new edition was rewritten largely with the feedback of students in mind and is also based on the author’s classroom experiences using the previous editions. Highlights of the Third Edition Include: Extensively revised chapters that improve the presentation of material. Features the contributions of more than 65 scientists, highlighting the diversity in organic chemistry. The reactions and mechanisms it covers are the most fundamental concepts in organic chemistry that are applied to industry, biological chemistry, biochemistry, molecular biology, and pharmacy. Using an illustrated conceptual approach rather than presenting sets of principles and theories to memorize, it gives students a more concrete understanding of the material.
