Dan Versus Nature Don Calame,2019-04-09 From screenwriter Don Calame comes another outrageously funny and raunchy tale of teen boys whose plans go awry — this time, on a survivalist camping trip. Shy and scrawny Dan Weekes spends his time creating graphic novels inspired by his dream girl and looking out for his mom as she dates every man in the state of California. Then his mom drops a bomb: she and her latest beau, Hank, are engaged, and she's sending her “two favorite men” on a survivalist camping trip to “bond.” Determined to trick Hank into showing his true — flawed — colors on the trip, Dan and his nerdy germaphobe best friend, Charlie, prepare a series of increasingly gross and embarrassing pranks. But the boys hadn't counted on a hot girl joining their trip or on getting separated from their wilderness guide—not to mention the humiliating injuries Dan suffers in the course of terrorizing his stepdad-to-be. With a man-hungry bear on their trail, no supplies, and a lot of unpleasant itching going on, can Dan see his plan through now that his very survival depends on Hank?

Imaginings Duane C. Woodall,2004-07 A hundred years ago, most people in America lived on farms or in small towns. The farms were small by today's standards and were tended by a family. These farms were to a great extent self-sufficient. They had hogs, cattle, and chickens for meat, milk, and eggs, a garden and some fruit trees. They raised hay and grain to feed the livestock and planned for some surplus of grain or produce to buy the things they couldn't grow and to pay the taxes and mortgage. Horses, strong backs, and good neighbors powered these farms. The farm was more than a commercial venture; it was a lifestyle closely connected to the good earth. The towns were the centers of trade for the surrounding area. They provided the things that could not be grown on the farm and provided a market for the surpluses raised on the farm. Other than the rural one-room schools, they were the centers for education and they were the social center for the surrounding area. The town and farms were mutually dependent on each other and they also shared a close connection to the good earth. This was rural America and the values that were basic to these farms and towns were what made America great. Rural America inspired the American Dream. That dream included independence, freedom, and opportunity. It included a certain peace, serenity and satisfaction that came as a reward for honest effort. Contrary to today's concept of that dream, it was of middle class proportions. It did not include continuous expansion, but rather of a farm that a family could manage, payoff a mortgage, and have a little to help the next generation. The merchants in those small towns did not dream of supermarkets and malls, but rather a business that would support a comfortable home and lifestyle. Both were content with comfort and security rather than great wealth and luxury. Early rural America had a good work ethic. Most work was physically demanding and entailed a great deal of craftsmanship and society expected everyone to earn his keep. A certain amount of pride was the result of these expectations and laziness and poor workmanship were not acceptable. A good work ethic included honesty and integrity and in a small close knit community, a good reputation was very important. Rural America fostered strong family values. The whole family was needed to run the farm or business. These families worked together, ate together, and played together. As children, there were chores to do and responsibilities to be met. Meals required a great deal of preparation, so everyone ate at the same time. What today we label as entertainment was very scarce, so they played together in a spontaneous and unstructured way. There was the porch swing for summer evenings, board games and books for long winter evenings, and picnics for holidays. A strong family was almost necessary. Husbands needed good wives to maintain a good home. Wives needed good husbands to provide the physical strength needed on the farm or business. Children needed both parents to provide proper guidance and the necessities of life, because there were no institutions to do so, except as a last resort. Rural America was religious. Much education was based on the Scriptures, Bibles were in almost every home and weddings and funerals were of a religious nature. In many cases, the church was the social center of a community and Sunday was regarded as a day of rest, worship, and family fun. The influence of rural America was felt in the cities. Many in the cities had family roots in the country because parents, grandparents, or aunts and uncles still lived on a farm. Because of the great numbers in rural America, it was even a powerful political bloc. The industries and commerce in the cities coveted the work ethic, which was a way of life on the farm. The rich soil and favorable climate of

2011 Global Study on Homicide ,2011 Disparities not only exist in homicide typologies but also in their prevalence in different regions and countries, yet this study shows that intimate partner/family-related homicide is a chronic problem everywhere. Women murdered by their past or present male partner make up the vast majority of its victims worldwide, which explains why in many countries women are more likely to be murdered in the home than elsewhere. Men, on the other hand, make up the vast majority of both victims and perpetrators of all types of crime, including homicide, and are more likely to be killed in the street. They are also more likely to be young, the street is more likely to be in a built up area and they are most likely to be killed with a gun. It is the comprehensive cross-national and time series homicide data from 207 countries and territories, forming the backbone of the Global Study on Homicide, which has enabled the extensive multi-national team behind it to come to such concrete conclusions. ^

Happiness 6 Shuzo Oshimi,2017-12-19 A supernatural story of sexual awakening, growing up, and suburban vampirism, Happiness follows a dorky boy who is attacked by a girl in an alley. She sucks his blood and gives him a choice: life or death. He chooses life, but finds himself nearly overwhelmed by a new thirst and a fascination with the necks of his classmates... Praise for Flowers of Evil: A shockingly readable story that vividly--one might even say queasily--evokes the fear and confusion of discovering one's own sexuality. Recommended. -The Manga Critic A page-turning tale of sordid middle school blackmail. -Otaku USA Magazine By loving this manga I recognize what a sick and twisted individual I have become. While I can still say that I am not truly deviant, Flowers of Evil is a great reminder of my own thirst for power and my own personal corruption. -Otaku Champloo
