From Cave Man to Cave Martian Manfred "Dutch" von Ehrenfried, 2019-04-05 This book explores the practicality of using the existing subsurface geology on the Moon and Mars for protection against radiation, thermal extremes, micrometeorites and dust storms rather than building surface habitats at great expense at least for those first few missions. It encourages NASA to plan a precursor mission using this concept and employ a "Short Stay" Opposition Class mission to Mars as the first mission rather than the "Long Stay" concept requiring a mission that is too long, too dangerous and too costly for man's first missions to Mars. Included in these pages is a short history on the uses of caves by early humans over great periods of time. It then describes the ongoing efforts to research caves, pits, tunnels, lava tubes, skylights and the associated technologies that pertain to potential lunar and Mars exploration and habitation. It describes evidence for existing caves and lava tubes on both the Moon and Mars. The work of noted scientists, technologists and roboticists are referenced and described. This ongoing work is more extensive than one would think and is directly applicable to longer term habitation and exploration of the Moon and Mars. Emphasis is also given to the operational aspects of working and living in lunar and Martian caves and lava tubes.

Stolen Threadwitch Bride Clare Sager,2023-03-06 True names hold power. Fae cannot lie. And the women they steal become their brides. When anxious threadwitch Ariadne is taken by a fae lord as part of a centuries-old bargain, she expects to marry him whether she likes it or not. No matter what chemistry she has with her captor, she's desperate for freedom and a life under her own control. She won't give in easily. Although Lysander claims he doesn't want her hand in marriage but for its skill with needle and the threads of magic, everyone knows the fae are not to be trusted. So she plots her escape, sews spells into exquisite outfits, and tries her hardest to ignore the charms of Elfhame... and Lysander. But she soon discovers his world is as dangerous as it is beautiful. With dark creatures in the forest and enemies who wear friendship as a mask, Ariadne must make every stitch perfect if she wants to not only escape but also keep Lysander alive. Which, it turns out, is something she wants far more than she ever expected. If you love feisty heroines, enemies-to-lovers romance, and arrogant fae lords with hearts of (mostly) gold, you'll love this steamy fantasy romance that's perfect for fans of Holly Black and Sarah J Maas.
