The Finn Factor Rachel Bailey,2015-09-28 A new adult romance from Entangled's Embrace imprint... Sometimes all a girl needs is a little practice... It's been twelve months, three days, and eleven hours since accounting student Scarlett Logan made it past a second date. A pitcher of mojitos in hand, she employs her supreme graphing skills to narrow things down to one horrifying explanation. Kissing. Clearly someone needs to teach her how to kiss properly. Like, say, her best friend and roomie, Finn Mackenzie. He's safe, he's convenient, and yeah, maybe just a little gorgeous. Finn knows exactly why Scarlett's boyfriends are disappearing quickly. Him. Not a single guy she's brought home is nearly good enough. And he'll be damned if he lets some loser give her kissing lessons. No. He'll do the honors, thank you very much. The moment their lips touch, though, everything turns upside down. But Scarlett deserves the one thing Finn can't give her. And if he doesn't put an end to the sexy little shenanigans, he'll teach Scarlett the hardest lesson of all...heartbreak.

I Want to Eat Your Books Karin Lefranc,Tyler Parker,2015-10-06 He's limping strangely down the hall with outstretched arms and a groaning drawl. A zombie! Could it really be? You race to class, but turn to see he's sitting in the desk right next to you! But odds are you'll probably be okay, because this is no ordinary zombie. This zombie doesn't want to eat your brains—he wants to eat your books! Hide your textbooks and your fairy tales, because the little zombie is hungry and he doesn't discriminate between genres. Will the school library be devoured, or will the children discover something the zombie likes to do with books even more than eating them? This monster book is silly and fun, with a strong message about kindness and friendship. The little zombie teaches kids not to jump to conclusions and to give everyone a chance. And when a real-life mummy shows up, the zombie is the first to step up and offer the mummy his friendship—and to teach her a few things about the joy of books. This is the perfect monster book for little ones who want a thrill but aren't looking for anything too scary. For kids ages 3 to 6, this is not a scary monster book; rather, it's a great introduction to the importance of reading books and all that you can learn from them. This should have a big draw to librarians and booksellers as well as kids who enjoy books about monster. None of the monsters in the book are scary, however, and it's not a book about kids trying overcome the monsters in their house or fight them. Instead, the kids actually are kind to the zombie and draw him into their friend circle, which is a great lesson for kids to learn. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young

The Enchiridion Epictetus,2022-08-19 The Enchiridion or Handbook of Epictetus is a short manual of Stoic ethical advice compiled by Arrian, a 2nd-century disciple of the Greek philosopher Epictetus. Although the content is mostly derived from the Discourses of Epictetus, it is not a summary of the Discourses but rather a compilation of practical precepts. Eschewing metaphysics, Arrian focuses his attention on Epictetus's work applying philosophy to daily life. Thus, the book is a manual to show the way to achieve mental freedom and happiness in all circumstances. The Enchiridion was well-known in the ancient world, and in the medieval period, it was specially adapted for use in Greek-speaking monasteries. In the 15th century it was translated into Latin, and then, with the advent of printing, into multiple European languages. It reached the height of popularity in the 17th century, in parallel with the Neo-stoicism movement.
