Sierra Hotel : flying Air Force fighters in the decade after Vietnam ,2001 In February 1999, only a few weeks before the U.S. Air Force spearheaded NATO's Allied Force air campaign against Serbia, Col. C.R. Anderegg, USAF (Ret.), visited the commander of the U.S. Air Forces in Europe. Colonel Anderegg had known Gen. John Jumper since they had served together as jet forward air controllers in Southeast Asia nearly thirty years earlier. From the vantage point of 1999, they looked back to the day in February 1970, when they first controlled a laser-guided bomb strike. In this book Anderegg takes us from glimmers of hope like that one through other major improvements in the Air Force that came between the Vietnam War and the Gulf War. Always central in Anderegg's account of those changes are the people who made them. This is a very personal book by an officer who participated in the transformation he describes so vividly. Much of his story revolves around the Fighter Weapons School at Nellis Air Force Base (AFB), Nevada, where he served two tours as an instructor pilot specializing in guided munitions.

Black Freedom Fighters in Steel Ruth Needleman,2003
Thousands of African Americans poured into northwest Indiana in the 1920s dreaming of decent-paying jobs and a life without Klansmen, chain gangs, and cotton. *Black Freedom Fighters in Steel: The Struggle for Democratic Unionism* by Ruth Needleman adds a new dimension to the literature on race and labor. It tells the story of five men born in the South who migrated north for a chance to work the dirtiest and most dangerous jobs in the steel mills. Individually they fought for equality and justice; collectively

they helped construct economic and union democracy in postwar America. George Kimbley, the oldest, grew up in Kentucky across the street from the family who had owned his parents. He fought with a French regiment in World War I and then settled in Gary, Indiana, in 1920 to work in steel. He joined the Steelworkers Organizing Committee and became the first African American member of its full-time staff in 1938. The youngest, Jonathan Comer, picked cotton on his father's land in Alabama, stood up to racism in the military during World War II, and became the first African American to be president of a basic steel local union. This is a book about the integration of unions, as well as about five remarkable individuals. It focuses on the decisive role of African American leaders in building interracial unionism. One chapter deals with the African American struggle for representation, highlighting the importance of independent black organization within the union. Needleman also presents a conversation among two pioneering steelworkers and current African American union leaders about the racial politics of union activism.

Fighter Andy Lee, Niall Kelly, 2018-11-02 An epic and moving journey, from the backstreets of London and Limerick to the summit of the world's most unforgiving sport. In 2005, at the age of twenty, Andy Lee left Ireland to make it in the harsh world of professional boxing. Leaving home for the dust and faded glamour of Detroit, over the next ten years, under the guidance of the legendary Emanuel Steward, he set about honing his craft, winning fight after fight and slowly climbing the professional ranks. Then, in 2012, his star ascendant, Lee suffered two devastating blows in quick succession: defeat in his first World Championship bout and the sudden loss of Steward, his guide and confidant. Bereft, his career in jeopardy, the path to redemption would test every hard-won lesson of the

previous decade ...Fighter is a lyrical and philosophical memoir about resilience, bravery and the wisdom to be found at the limits of human experience.

No Promises Large Enough Tristram Lowe,2020-12-04 After their world was turned upside down, two journalists race to uncover the supernatural force driving Japan's criminal underworld while coming to terms with their own emerging powers. The head-collecting serial killer was only the beginning. Akio and Masami find themselves more than a little changed from the experience. Now the demon hunter who helped them has gone missing, and his brainy teenage apprentice requests their help. To track him down, they must confront Japan's most powerful and dangerous criminal organization: the yakuza. Fueled by a supernatural secret, the gangsters are expanding at an alarming rate, set to take over all of Japan, perhaps even the world. As the two reporters struggle with their new abilities, they must face and defeat who or what is behind the aggressive yakuza

syndicate.

Going This Way Diane Yates,2014-02-27 There are

many words that could be used to describe Charlie Yates. He was funny, talented, driven, generous, friendly, loving, dependable, trustworthy, courageous, and sometimes annoying and aggravating. When he came into this world, he was but a lump of clay in the Potter's hands. Through the years, God kneaded, rolled, turned, shaped, tested, and fired the vessel that became His faithful servant. The stories about Charlie are legend in his circles of influence. He was an aviator, a veteran, a husband, father, teacher, friend, and a child of God. The young sinner and the older, wiser, forgiven sinner lived, created, told, and retold stories. He verbally recounted his stories with great energy and animation, and he also shared them through movies, pictures, and books. The stories were of his adventures, mishaps, jokes, near-death experiences, joys, sorrows, struggles, and battles. After he died, people who knew him wanted to hear more. In this book are some of the stories that reveal the character and transformation of a gifted, yet ordinary, person whom God used for His purposes and His glory.
