The Lotus Flower Shamim Razaq, 2014-06-10 The Lotus Flower is a collection of poetry about healing; mother nature; love; relationships; spirituality; religion; depression amongst many other subjects. The Lotus Flower stays close to mother nature throughout. The poems were written in order to heal from mental health illness and gain a new life of spirituality and wisdom. The poetry depicts life in its minute form and brings small things to life. The poetry is written from a feminist point of view covering many areas of femininity and mother nature. Beginning with the poem 'My Brand New Book, ' shows my second chance in life of writing and living, still staying natural to my environment and my experiences. As the poems develop and come out of their shell I write about depression and relationships, asking the question: Who am I ? continuously. The title is inspired from the poem 'About Ancestor Voices' and it was after this poem my poetry was growing into another dimension, especially the lines: ' The lakes are laid with the Lotus, As they have fought from the depths of waters', Carrying hope, light and purity in their shield like petals.'The poetry develops into 'My World' and 'A Poetess Grows' showing the development in the poetry reflecting life. As it develops I express the importance of childhood and religion. As identity in finding life back is explored I return to religion and back to nature. After writing 'The Phoenix' the poetry expresses love and resurrection and how much we can learn from mother nature.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century.

By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

In a Dream You Saw a Way to Survive and You Were Full of Joy Elizabeth Price, 2016 Published on the occasion of the Hayward touring exhibition.

The Return of the Mother Andrew Harvey, 2013-08-20 Adapted from a series of lectures on the historical basis and current resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of Integral Studies in Spring 1994, *The Return of the Mother* is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and

shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. *The Return of the Mother* offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues and takes a strong stand against our dependence on “gurus” and “masters,” proposing instead an egalitarian model of spiritual community based on intimate groups of mutually supportive guides and friends. *The Return of the Mother* is an eloquent and passionate call for all of us to rediscover and reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world.
