Anterooms Richard Wilbur, 2010-11-12 Poetry lovers and critics will rejoice at the news of this collection from Richard Wilbur, the legendary poet and translator who was called “a hero to a new generation of critics” by the New York Times Book Review, and whose work continues to be masterful, accomplished, whimsical, fresh, and important. A yellow-striped, green measuring worm opens *Anterooms*, a collection filled with poems that are classic Wilbur, that play with myth and form and examine the human condition through reflections on nature and love. *Anterooms* also features masterly translations from Mallarmé’s “The Tomb of Edgar Allan Poe,” a previously unpublished Verlaine poem, two poems by Joseph Brodsky, and thirty-seven of Symphosius’s clever Latin

riddles. Whether he is considering a snow shovel and domestic life or playfully considering that “Inside homeowner is the word meow,” Wilbur’s new collection is sure to delight everyone from longtime devotees to casual poetry readers. Exploring the interplay between the everyday and the mythic, the sobering and the lighthearted, *Anterooms* is nothing less than an event in poetic history and a remarkable addition to a master’s oeuvre.

Possum Trot J. Harley McIlrath, 2010 The pieces in this collection form a lament for a way of life mostly gone. The family farm is dead. Did you know? says one character within. E.B. White writes *Charlotte's Web* today, it takes place in a hog confinement. Imagine Wilbur living in a concentration camp for pigs. Still, these pieces are neither nostalgic nor sentimental. Boys bear burdens heavier than is just--they discover truths at too early an age. Woven through-out is the strong, unspoken love between fathers and sons, sons and fathers. But perhaps these pieces, this *Possum Trot*, form not a lament, but a celebration of life. There is laughter here, the laughter that comes after the funeral, when the family is gathered in the home, the casseroles have been eaten and the boys are playing catch in their church clothes. The men have taken off their jackets and rolled their sleeves, and the

women are pouring coffee. Do you remember when...? someone says. They do remember, and they laugh. There are tears in their eyes because one of the family is missing. But those tears are mixed with tears of laughter, because look around you. Here we all are. Still here. Alive and kicking.

Hedgehog Needs a Hug Jen Betton, 2018-06-19 Everyone needs hugs, even if they're prickly. When Hedgehog wakes up feeling down in the snout and droopy in the prickles, he knows a hug will make him feel much better. But none of his animal friends are eager to wrap their arms around Hedgehog's prickles, and he's too smart to fall for Fox's sly offer. Then Hedgehog gets a surprise: Another animal in the forest is feeling exactly the same way. Luckily, both are kind and brave enough for the perfect hug.

Across a Billion Years Robert Silverberg,2013-05-14 A team of space archaeologists makes an astonishing discovery about an ancient alien race in this science fiction tale from “a master of his craft” (Los Angeles Times). Graduate student Tom Rice is thrilled to embark on his first deep-space archeological expedition. He is part of a team from Earth, venturing out in search of artifacts from a civilization that ruled the universe many millennia ago. Called the High Ones, the members of this long-gone society left tantalizing clues about their history and culture scattered throughout space. One such clue, a “message cube” containing footage of the ancient ones, is more interesting than all of the others combined. It seems to indicate that the High Ones aren’t extinct after all—and just like that, Tom Rice’s archeological mission has become an intergalactic manhunt, one filled with ever-increasing danger that will send the explorers hurtling headlong into the greatest adventure—and peril—of their lives. This ebook features an illustrated biography of Robert Silverberg including rare images and never-before-seen documents from the author’s personal collection.
