*Date Masamune Sōhachi Yamaoka,1986*

*Masamune - His Work, his Fame and his Legacy (PB)* Markus Sesko,2015-03-20 It is often said that Masamune was the greatest Japanese swordsmith of all times From a mere technical point of view, it is next to impossible to say if there was one greatest swordsmith as the country brought forth so many great master smiths. Each of these masters had a personal approach in producing a perfect sword, and within these elite circles we are not only referring to technical perfection but also to aesthetical considerations. So putting aside the claim to name a greatest, we can at least say for sure that Masamune is by far the most famous swordsmith of Japan. The aim of this publication is to contribute to the understanding and appreciation of this great master, that is to say by not only presenting his works but also by providing a newly researched and detailed historic overview of his life and the circumstances in the establishment of a new forging tradition. This publication introduces more than 50 of his meibutsu (noted swords). PLEASE SEE LULU.COM FOR THE HARDCOVER COLOR DELUXE EDITION.

Japanese Popular Culture and Contents Tourism Philip A.

Seaton,Takayoshi Yamamura,2018-02-02 Contents tourism is tourism induced by the contents (narratives, characters, locations and other creative elements) of films, novels, games, manga, anime, television dramas and other forms of popular culture. Amidst the boom in global interest in Japanese popular culture, the utilization of popular culture to induce tourism domestically and internationally has been central to the Cool Japan strategy and, since 2005, government policy for local community revitalization. This book presents four main case studies of contents tourism: the phenomenon of anime pilgrimage to sites

appearing in animated film; the travel behaviours and pop-spiritualism of female history fans to heritage sites; the collaboration between local community, fans and copyright holders that underpinned an anime-induced tourism boom in a small town north of Tokyo; and the large-scale economic impacts of tourism induced by NHK's annual samurai period drama (Taiga Drama). It is the first major collection of articles published in English about media-induced tourism in Japan using the contents tourism approach. This book will be of particular interest to students and researchers of media and tourism studies in Asia. This book was previously published as a special issue of Japan Forum.

**Appleseed Book 3: The Scales of Prometheus** Shirow

Masamune, 2014-09-10 Life seems ideal within the utopian confines of Olympus, a shining beacon in a post-World War III wasteland, but perfection is always an illusion. Stalking the ruins of New York City is Artemis, a renegade, flesh-eating bioroid (enhanced artificial human) carrying data critical to the future of Olympus. The elite ESWAT is sent in to tranq her and bring her in, but when Artemis recovers during transit the powerful combat bioroid brings down the transport ship and escapes into Olympus! ESWAT agents Deunan and Briareos are dispatched to bring in the feral Artemis, but will they emerge as heroes . . . or lunch? \* Shirow is well-known and critically acclaimed internationally, and is responsible for numerous classic

anime/manga titles, such as Appleseed, Dominion, Ghost in the Shell, Orion, and Black Magic. \* Produced in the authentic right-to-left reading format, as originally published in Japan.

**THE ART OF MASAMUNE SHIROW** Jeremy Mark

Robinson, 2021-02 THE ART OF MASAMUNE SHIROW VOLUME 2: ANIMÉ by Jeremy Mark Robinson This is a study of the animated adaptations of the art of Masamune Shirow (real name Masanuri Ota, b. 1961, Kobe, Japan), a Japanese artist best known for Ghost In the Shell, Appleseed and Dominion: Tank Police. Shirow is one of the great imaginations in the world of Japanese manga and animé - his works have formed the basis of several important franchises in the world of animation. Masamune Shirow's art is marked by futuristic, cyber-punk settings, fabulous, often eccentric designs, elaborate mecha (such as tanks and mobile suits), voluptuous warrior women and detailed storytelling (accompanied by his famous notes). The Art of Masamune Shirow includes a biography; chapters on Shirow's signature works in animé - Appleseed and Ghost In the Shell - and his lesser-known adaptations, such as Dominion: Tank Police and Ghost Hound. Every adaptation of the two popular franchises based on Masamune Shirow's work, Appleseed and the Ghost In the Shell, is discussed in detail: from the 1988 animé of Appleseed and the 1995 movie of Ghost In the Shell to the latest versions and series (such as the Arise series, the Stand Alone Complex: 2045 series, the live-action version of Ghost In the Shell, and the Appleseed animated films). Fully illustrated, including many images from Masamune Shirow's whole output in animation, and the neglected works, such as Black Magic, Real Drive and Pandora In the Crimson Shell. The Art of Masamune Shirow is published in three volumes: Volume 1: Manga Volume 2: Animé Volume 3 Erotica Hardcover - full colour laminate cover.

*Intron Depot 5: Battalion* Masamune Shirow, 2014-03-04 Masamune Shirow, creator of *Ghost in the Shell* and *Appleseed*, is famed worldwide for his groundbreaking contributions to manga and animation, and his work in the game industry is equally impressive. *Intron Depot 5: Battalion* presents Shirow's stunning design and conceptual art for *Asura Fantasy*, *RF Online*, *Fire Emblem*, and others, showcasing 128 pages of characters, costumes, weapons, gear, and environments, all in glorious color. In his commentary, Shirow discusses his increasingly sophisticated CG technique as well as the unique demands of working in Japan's fast-paced game industry. A must for any manga, anime, or gaming enthusiast and essential for any fantasy/science-fiction artist.

**Asian Pacific Catholicism and Globalization** José Casanova, Peter C. Phan, 2023 This book argues that the development of Catholicism in Asia was closely connected with globalization. Since the 16th century Catholicism has contributed significantly to global connectivity, while at the same time the Church's global expansion has transformed the Church's own global consciousness. Casanova and Phan adopt a framework of three distinct phases of the development of Catholicism in Asia and Oceania - early modern (16th to 18th centuries), modern Western hegemony (1780s to the 1960s), and the contemporary, after Western hegemony. With this framework, contributors discuss the development of Catholicism in all major countries of the region, including China, Japan, Korea, the Philippines, Vietnam, India, and Australia. Except for the Philippines and Timor-Leste, Catholicism in Asia is and is likely to remain a minority religion for the foreseeable future. For that reason, however, it can serve as a unique prism through which to look at the processes of globalization in Asia,

precisely because the historical processes through which Catholicism took roots in the entire region and became inculturated as an Asian religion are so intimately connected with the processes of globalization--

**Dominion** Shirow Masamune,2015-05-27 Welcome to the future, where the norms are vast bio-constructed cities, air toxic enough to force citizens to wear oxygen masks, and crime so severe that the cops drive tanks! When a mysterious winged girl with the power to cleanse the poisoned air is kidnapped by the villainous Buaku, police mini-tank commander Leona Ozaki, her tank Bonaparte, and her lovesick partner Al must confront the arch-criminal and his catgirl molls-the beautiful and deadly Annapuma and Unipuma-before Buaku's master plan kicks into gear. Buaku has more than money on his mind, and the future fate of humanity hangs in the balance! Produced by international comics superstar Shirow Masamune, creator of Appleseed and Ghost in the Shell, **Dominion** is an ecological-dystopian-police procedural adventure/comedy as only Shirow can create! This new edition is published for the first time in America in right-to-left reading format, as originally published in Japan. \* Shirow is well-known and critically acclaimed internationally. \* Produced in the authentic right-to-left reading format, as originally published in Japan.

*The Samurai* Ben Hubbard,2014-06-02 The true nature of the samurai warrior is an elusive and endlessly fascinating enigma for those in the west. From their inauspicious beginnings as barbarian-subduing soldiers, the samurai lived according to a code known as bushido, or 'Way of the Warrior'. Bushido advocated loyalty, honour, pride and fearlessness in combat. Those who broke the code were expected to perform seppuku, or suicide through belly-slitting. By its very design, seppuku aimed to restore honour to disgraced warriors by ensuring the most painful of deaths. But as the samurai grew into large warrior clans, the bushido virtues of loyalty and honour fell into question, as control was seized and the emperor supplanted by a powerful military ruler, the shogun. *Samurai* tells the story of the ensuing centuries-long struggle for power between the clans, as Japan's martial elite rose and fell.
