Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

A Star to Remember Mal Stevens,2020-06-11 'The only thing that masked the silent pause in the somewhat loud, hearty chatter of his work mates was the music blaring from 'The Finny' jukebox. Christina Aguilera's 'Candy Man' in full swing as one hundred and fifty pairs of eyes were now focused solely on her.'Indianna Waters is a country girl at heart just trying to survive in the City. So when she announces to her friends one day that she will be heading to Outback WA to work as a Remote Area Nurse, no-one bats an eyelid.Indianna's new home will be a remote Indigenous community of 400 people, about ten hours drive from Port Hedland, out past Karijini National Park and near the Western Australian border. A short-term, single-post nursing opportunity, where the food truck comes once a fortnight, and the Doctor, once a month!Fortunately, Indianna is made of the tough stuff, on the outside that is. On the inside, regrets of her past are eating her up inside. She needs to do something to right the wrongs and to prove herself.Nursing a Western Australian remote Indigenous community could have been just what the Doctor ordered, if only tall, dark and intense Big Russ hadn't thrown a spanner in the works.

The Return of the Mother Andrew Harvey,2013-08-20 Adapted from a series of lectures on the historical basis and current

resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of Integral Studies in Spring 1994, *The Return of the Mother* is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. *The Return of the Mother* offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues

and takes a strong stand against our dependence on “gurus” and “masters,” proposing instead an egalitarian model of spiritual community based on intimate groups of mutually supportive guides and friends. *The Return of the Mother* is an eloquent and passionate call for all of us to rediscover and reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world.

Home Thoughts from Abroad Robert Browning,1989 Home-Thoughts from Abroad is a poem by English poet Robert Browning (1812-1889). Gale Group, Inc., a division of the Thomson Corporation, presents the full text of this poem as part of Poet's Corner, a resource featuring biographies of poets, poems, commentaries, poetry activities, and more. A biographical sketch of Browning is available.

Learning the Terrain Walt Franklin,2022-01-30 The author reflects upon the gentle art of fly-fishing and much more in this slender collection of interwoven essays. Walt Franklin is a naturalist with a bamboo fly rod in hand, a poet wading clear mountain streams. Whether plying his home waters in upstate New

York and northcentral Pennsylvania, fishing the classic trout rivers of Colorado and Wyoming, or going after striped bass on the New England coast, he completely immerses himself in the natural world then tells a good tale afterward. Learning the Terrain is as much about listening to songbirds, admiring wildflowers, encountering wildlife, and recounting local lore as it is about catching fish. It is a testament to the immeasurable benefits to be had from sustained interaction with the wild.
