Money Can't Buy Us Love Gavin Buckland,2019-08-08 In 1960, the wealthy owner of the Merseyside-based Littlewoods corporation, John Moores, took control of Everton Football Club, setting in motion a chain of events that still affect the game in this country today. Everton had enjoyed success before Moores's takeover but things would never be the same again from the moment he walked through Goodison's doors. Although big clubs had spent money before, none had done so with such naked short-term ambition and a ruthlessness to succeed that sent shockwaves through the previously stagnant world of English football. The new owner's ruthless streak was personified by his first major move, sacking the popular Johnny Carey in the back of a London taxi in April 1961. Everton would finish that 1960/61 season in fifth place, their highest position since World War Two, but the Irishman's affable nature cost him his job. In his place Moores wanted a man in his own image to lead the club forward and he soon found him: Harry Catterick. Catterick was little over 40 years old, and had been an Everton player himself only ten years before. But as a boss he exuded an aura that demanded respect and obedience from his players. It was a characteristic that won him few fans but plenty of trophies, and across the decade Everton reasserted themselves as one of English football's powerhouses, winning two league titles and an FA Cup. Catterick's ability to nurture young products of the club's youth set-up such as Colin Harvey and Joe Royle was trumped only by his mastery of the transfer market, allowing him to sign the great Howard Kendall from Preston North End and World Cup winner Alan Ball from under his rivals' noses. Harvey, Kendall and Ball would soon form the club's greatest midfield trio, and their brilliance would underpin the 1969/70 title win, a victory for free-flowing football in an era of cynicism. That trophy would be Everton's last major honour for 14 years. In *Money Can't Buy Us Love*, Everton's official statistician Gavin Buckland tells the tale of how Moores and manager Harry Catterick took the so-called 'Mersey Millionaires' to the summit of English football, in the context of the major cultural changes of the time. The book provides a forensic character study of both Catterick and Moores, and also delves into the archives to provide a definitive account of the incidents that rocked the club in a fruitful but turbulent decade, including allegations of doping in the 1962/63 campaign, the 1964 match-fixing scandal which signalled the end of Tony Kay's career and the shock sale of Alan Ball. *Money Can't Buy Us Love* offers fascinating insight into how strong personalities can take a team to the very top, but can also cause in its ultimate downfall.

Billion-Dollar Ball Gilbert M. Gaul,2016-09-06 “A penetrating examination of how the elite college football programs have become ‘giant entertainment businesses that happened to do a little education on the side.’”—Mark Kram, *The New York Times* Two-time Pulitzer-Prize-winning journalist Gilbert M. Gaul offers a riveting and sometimes shocking look inside the money culture of college football and how it has come to dominate a surprising number of colleges and universities. Over the past decade college football has not only doubled in size, but its elite programs have become a \$2.5-billion-a-year entertainment business, with lavishly paid coaches, lucrative television deals, and corporate sponsors eager to slap their logos on everything from scoreboards to footballs and uniforms. Profit margins among the top football schools range from 60% to 75%—results that dwarf those of such high-profile companies as Apple, Facebook, and Microsoft—yet thanks to the support of their football-mad representatives in Congress, teams aren't required to pay taxes. In most cases, those windfalls are not passed on to the universities themselves, but flow directly back into their athletic departments. College presidents have been unwilling or powerless to stop a system that has spawned a wildly profligate infrastructure of coaches, trainers, marketing gurus, and a growing cadre of bureaucrats whose sole purpose is to ensure that players remain academically eligible to play. From the University of Oregon's lavish \$42 million academic center for athletes to Alabama coach Nick Saban's \$7 million paycheck—ten times what the school pays its president, and 70 times what a full-time professor there earns—Gaul examines in depth the extraordinary financial model that supports college football and the effect it has had not only on other athletic programs but on academic ones as well. What are the consequences when college football coaches are the highest paid public employees in over half the states in an economically troubled country, or when football players at some schools receive ten times the amount of scholarship awards that academically gifted students do? *Billion-Dollar Ball* considers these and many other issues in a compelling account of how an astonishingly wealthy sports franchise has begun to reframe campus values and distort the fundamental academic mission of our universities.

Sevens Heaven Ben Ryan,2018-05-31 The incredible story of how one man inspired a nation of underdogs to achieve sporting greatness. It is late summer 2013. Ben Ryan, a red-haired, 40-something, spectacle-wearing Englishman, is given 20 minutes to decide whether he wants to coach Fiji's rugby sevens team, with the aim of taking them to the nation's first-ever Olympic medal. He has never been to Fiji. There has been no discussion of contracts or salary. But he knows that no one plays rugby like the men from these isolated Pacific islands, just as no one plays football like the kids from the Brazilian favelas, or no one runs as fast as the boys and girls from Jamaica's boondocks. He knows too that no other rugby nation has so little - no money and no resources, only basic equipment and a long, sad history of losing its most gifted players to richer, greedier nations. Ryan says yes. And with that simple word he sets in motion an extraordinary journey that will encompass witchdoctors and rugby-obsessed prime ministers, sun-smeared dawns and devastating cyclones, intense friendships and bitter rows, phone taps and wild nationwide parties. It will end in Rio with a performance that not only wins Olympic gold but reaches fresh heights for rugby union and makes Ben and his 12 players living legends back home.
