**UFOs** Leslie Kean, 2011-08-02 NEW YORK TIMES BESTSELLER • Impeccably researched, this riveting journalistic investigation separates fact from fiction, and documents the unexplained mysteries of—and government reactions to—actual UFOs. “A treasure trove of insightful and eye-opening information.”—Michio Kaku, PH.D., bestselling author of *Physics of the Future* Leslie Kean, a veteran investigative reporter who has spent the past ten years studying the still-unexplained UFO phenomenon, reviewed hundreds of government documents, aviation reports, radar data, and case studies with corroborating physical evidence. She interviewed dozens of high-level officials and aviation witnesses from around the world. Among them, five Air Force generals and a host of high-level sources—including Fife Symington III, former governor of Arizona, and Nick Pope, former head of the British Defence Ministry’s UFO Investigative Unit—have written their own breathtaking, firsthand accounts about UFO encounters and investigations exclusively for this book. With the support of former White House chief of staff John Podesta, Kean lifts the veil on decades of U.S. government misinformation about this mysterious phenomenon and presents irrefutable evidence that unknown flying objects—metallic, luminous, and seemingly able to maneuver in ways that defy the laws of physics—actually exist. With a Foreword by John Podesta “The most important book on the phenomenon in a generation.”—*Journal of Scientific Exploration* “Written with penetrating depth and insight, the revelations in this book constitute a watershed event in lifting the taboo against rational discourse about this controversial subject.”—Harold E. Puthoff, PH.D., Director of the Institute for Advanced Studies at Austin “Kean presents the most accurate, most credible reports on UFOs you will ever find. She may not have the final smoking gun, but I smell the gunpowder.”—Miles O’Brien, science correspondent for PBS’s *NewsHour*

**Visitation Street** Ivy Pochoda, 2013-07-09 Chosen by Denis Lehane for his eponymous imprint, Ivy Pochoda’s *Visitation Street* is a riveting literary mystery set against the rough-hewn backdrop of the New York waterfront in Red Hook. It’s summertime in Red Hook, Brooklyn, a blue-collar dockside neighborhood. June and Val, two fifteen-year-olds, take a raft out onto the bay at night to see what they can see. And then they disappear. Only Val will survive, washed ashore; semi-conscious in the weeds. This shocking event will echo through the lives of a diverse cast of Red Hook residents. Fadi, the Lebanese bodega owner, hopes that his shop will be the place to share neighborhood news and troll for information about June’s disappearance. Cree, just beginning to pull it together after his father’s murder, unwittingly makes himself the chief suspect, but an enigmatic and elusive guardian is determined to keep him safe. Val contends with the shadow of her missing friend and a truth she buries deep inside. Her teacher Jonathan, a Julliard School dropout and barfly, wrestles with dashed dreams and a past riddled with tragic sins.

**Europe Central** William T. Vollmann, 2005-11-14 A daring literary masterpiece and winner of the National Book Award In this magnificent work of fiction, acclaimed author William T. Vollmann turns his trenchant eye on the authoritarian cultures of Germany and the USSR in the twentieth century to render a mesmerizing perspective on human experience during wartime. Through interwoven narratives that paint a composite portrait of these two battling leviathans and the monstrous age they defined, *Europe Central* captures a chorus of voices both real and fictional— a young German who joins the SS to fight its crimes, two generals who collaborate with the enemy for different reasons, the Soviet composer Dmitri Shostakovich and the Stalinist assaults upon his work and life.

**The Trillion-Dollar Conspiracy** Jim Marrs, 2011-07-05 America's economy is in shambles . . . Its citizens are terrified and

dissatisfied . . . Could it all have been planned by a secret elite one hundred years ago? The New World Order. Hitler referred to it in his diaries. President George H. W. Bush foretold of it in his speeches. Formed by a secretive global elite, the group seeking this new order has taken hold of the nation—and perhaps the world. Its influence pervades every aspect of American society, from the products we buy at the grocery store to the topics of evening news programs. But could it also be true that the New World Order caused one of the greatest financial catastrophes of our time? Bestselling author and legendary conspiracy researcher Jim Marrs has yet again exposed information that the mainstream corporate media has refused to report, unearthing the lies to expose the insidious alliances that make up a secret world. In the explosive *The Trillion-Dollar Conspiracy*, Marrs digs beneath the media noise surrounding the financial bailouts of 2008 and 2009 while exploring the back rooms and shadowy deals of our nation's past to craft a frightening history that no one else is brave enough to tell.

**The Circle** Dave Eggers, 2013-10-08 INTERNATIONAL BESTSELLER • A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (*Vanity Fair*). When Mae Holland is hired to work for the Circle, the world's most powerful internet company, she feels she's been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users' personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company's modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can't believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman's ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

**Blowback** Chalmers Johnson, 2001-01-23 An explosive account of the resentments American policies are sowing around the world and of the payback that will be our harvest in the twenty-first century. Blowback, a term invented by the CIA, refers to the unintended consequences of American policies. In this sure-to-be-controversial book, Chalmers Johnson lays out in vivid detail the dangers faced by our overextended empire, which insists on projecting its military power to every corner of the earth and using American capital and markets to force global economic integration on its own terms. From a case of rape by U.S. servicemen in Okinawa to our role in Asia's financial crisis, from our early support for Saddam Hussein to our actions in the Balkans, Johnson reveals the ways in which our misguided policies are planting the seeds of future disaster. In the wake of the Cold War, the United States has imprudently expanded the commitments it made over the previous forty years, argues Johnson. In *Blowback*, he issues a warning we would do well to consider: it is time for our empire to demobilize before our bills come due.

**Vulcan 607** Rowland White, 2012 It was to be one of the most ambitious operations since 617 Squadron bounced their revolutionary bombs into the dams of the Ruhr Valley in 1943... When Argentine forces invaded the Falklands in the early hours of 2 April 1982, Britain's military chiefs were faced with a real-life Mission Impossible.
