Making Your Life As an Artist Andrew Simonet,2014-02-01

Secret Singapore Heidi Sarna,Jerome Lim,2021 A lighthouse on the top of a 25-storey apartment block, a unique rocky area that looks like Guilin in China, the remains of a Shinto shrine built in the jungle by prisoners of war, houses from the Ming and Qing periods donated by Jackie Chan, the bottoms of soya-sauce bottles used to decorate the Sultan Mosque, the leaning tower of Singapore, the last remaining stretch of natural beach, a forgotten bomb shelter under a national monument, the beautiful modernist door of a former biscuit factory, a hidden kampong (rural village) dwarfed by residential towers, the splendidly preserved old Changi prison gates, the stately Masons Hall inside the Freemasons' headquarters ... Far from the crowds and the usual clichés, Singapore still has a number of hidden treasures for people who know how to wander off the beaten track. This is an indispensable guide for those who think they know Singapore ... or who want to discover another side to the city.

Lunch with the Generals Derek Hansen,2014-06-01 Celebrating 10 years of Lunch with Derek Hansen - a new edition of his bestselling first Lunch novel. Ramon, self-styled master storyteller, has steered his listeners down a sinister path littered with love and betrayal, secret police and death squads. But as the Argentinian's tale nears its startling conclusion, his audience is struck with horror at the possibility that Ramon's clever invention is nothing more than the cunningly disguised chronicle of his own shadowy past. Is Ramon a gifted artist of the imagination or the perpetrator of a terrible act of revenge that defies all forgiveness? 'Hansen is a great novelist. Only the bravest and most confident writer could grant his characters such intelligence and insight and still remain in command' - West Australian.

Grande Dame Guignol Cinema Peter Shelley,2009-10-21 This critically analytical filmography examines 45 movies featuring “grande dames” in horror settings. Following a history of women in horror before 1962’s *What Ever Happened to Baby Jane?*, which launched the “Grande Dame Guignol” subgenre of older women featured as morally ambiguous leading ladies, are all such films (mostly U.S.) that came after that landmark release. The filmographic data includes cast, crew, reviews, synopses, and production notes, as well as recurring motifs and each role’s effect on the star’s career.

Return of the B Science Fiction and Horror Heroes Tom Weaver, 2000 The people who directed, produced, and starred in the scary and fantastic movies of the genre heyday over thirty years ago created memorable experiences as well as memorable movies. This McFarland Classic brings together over fifty interviews with the directors, producers, actors, and make-up artists of science fiction and horror films of the 1940s, 1950s, and 1960s. From B movies to classics, Samuel Z. Arkoff to Acquanetta, these veteran vampire baits, swamp monsters, and flying saucers attackees share their memories. This classic volume represents the union of two previous volumes: Interviews with B Science Fiction and Horror Movie Makers (more fun than the lovably cheap movies that inspired it--Booklist/RBB); and Science Fiction Stars and Horror Heroes (candid...a must --ARBA). Together at last, this combined collection of interviews offers a candid and delightful perspective on the movies that still make audiences squeal with fear, and occasionally, howl with laughter.

A Woman's View Jeanine Basinger, 2013-09-04 Now, Voyager, Stella Dallas, Leaver Her to Heaven, Imitation of Life, Mildred Pierce, Gilda...these are only a few of the hundreds of "women's films" that poured out of Hollywood during the thirties, forties, and fifties. The films were widely disparate in subject, sentiment, and technique, they nonetheless shared one dual purpose: to provide the audience (of women, primarily) with temporary liberation into a screen dream—of romance, sexuality, luxury, suffering, or even wickedness—and then send it home reminded of, reassured by, and resigned to the fact that no matter what else she might do, a woman's most important job was...to be a woman. Now, with boundless knowledge and infectious enthusiasm, Jeanine Basinger illuminates the various surprising and subversive ways in which women's films delivered their message. Basinger examines dozens of films, exploring the seemingly intractable contradictions at the convoluted heart of the woman's genre—among them, the dilemma of the strong and glamorous woman who cedes her power when she feels it threatening her personal happiness, and the self-abnegating woman whose selflessness is not always as "noble" as it appears. Basinger looks at the stars who played these women and helps us understand the qualities—the right off-screen personae, the right on-screen attitudes, the right faces—that made them personify the woman's film and equipped them to make

believable drama or comedy out of the crackpot plots, the conflicting ideas, and the exaggerations of real behavior that characterize these movies. In each of the films the author discusses—whether melodrama, screwball comedy, musical, film noir, western, or biopic—a woman occupies the center of her particular universe. Her story—in its endless variations of rags to riches, boy meets girl, battle of the sexes, mother love, doomed romance—inevitably sends a highly potent mixed message: Yes, you women belong in your “proper place” (that is, content with the Big Three of the women’s film world—men, marriage, and motherhood), but meanwhile, and paradoxically, see what fun, glamour, and power you can enjoy along the way. *A Woman’s View* deepens our understanding of the times and circumstances and attitudes out of which these movies were created.

Carnival Strippers Susan Meiselas, Deirdre English, Sylvia Wolf, 2003 From 1972 to 1975, Susan Meiselas spent her summers photographing and interviewing women who performed striptease for smalltown carnivals in New England, Pennsylvania and South Carolina. As she followed the girl shows from town to town, she portrayed the dancers on stage and off, photographing their public performances as well as their private lives. She also taped interviews with the dancers, their boyfriends, the show managers and paying customers. Meiselas’ frank description of the lives of these women brought a hidden world to public attention. Produced during the early years of the women’s movement, *Carnival Strippers* reflects the struggle for identity and self-esteem that characterized a complex era of change. This revised edition contains a new selection of Meiselas’ black-and-white photographs together with the original interview excerpts. Additionally, an audio CD featuring a collage of participants’ voices and a 1977 interview with the photographer are included. Essays by Sylvia Wolf and Deirdre English reflect on the importance of this body of work within the history of photography and the history of feminism.

Ava Gardner Lee Server, 2007-04-01 The most complete and engrossing biography yet of this exotic Southern girl...Excellent.—Liz Smith She was the sex symbol who dazzled all the other sex symbols. She was the temptress who drove Frank Sinatra to the brink of suicide and haunted him to the end of his life. Ernest Hemingway saved one of her kidney stones as a sacred memento, and Howard Hughes begged her to marry him—but she knocked out his front teeth instead. She was one of the great icons in Hollywood history—star of *The Killers*, *The Barefoot Contessa*, and *The Night of the Iguana*—and one of the few whose actual life was grander and more colorful than any movie. Her jaw-dropping beauty, charismatic presence, and fabulous, scandalous adventures fueled the legend of Ava Gardner—Hollywood’s most glamorous, restless and uninhibited star. In this acclaimed first full

biography of Gardner, Lee Server recreates—with great style and vivid detail—the actress's life, from her beginnings as a barefoot North Carolina farm girl to her heady days as a Hollywood goddess. He paints the full spectacle of her tumultuous private life—including her string of failed marriages to Mickey Rooney, Sinatra and Artie Shaw—and Gardner's lifelong search for adventure and love. *Ava Gardner: Love is Nothing* is both an exceptional work of biography and a richly entertaining read.

Learning to Live Out Loud Piper Laurie, 2011 The noted actress recounts her early shyness and anxieties, her years as a contract actress at Universal, her break with the studio system, her subsequent career in film, the theater, and television, and her personal life.

The Screen Is Red Bernard F. Dick, 2016-03-14 *The Screen Is Red* portrays Hollywood's ambivalence toward the former Soviet Union before, during, and after the Cold War. In the 1930s, communism combated its alter ego, fascism, yet both threatened to undermine the capitalist system, the movie industry's foundational core value. Hollywood portrayed fascism as the greater threat and communism as an aberration embraced by young idealists unaware of its dark side. In *Ninotchka*, all a female commissar needs is a trip to Paris to convert her to capitalism and the luxuries it can offer. The

scenario changed when Nazi Germany invaded the Soviet Union in 1941, making Russia a short-lived ally. The Soviets were quickly glorified in such films as *Song of Russia*, *The North Star*, *Mission to Moscow*, *Days of Glory*, and *Counter-Attack*. But once the Iron Curtain fell on Eastern Europe, the scenario changed again. America was now swarming with Soviet agents attempting to steal some crucial piece of microfilm. On screen, the atomic detonations in the Southwest produced mutations in ants, locusts, and spiders, and revived long-dead monsters from their watery tombs. The movies did not blame the atom bomb specifically but showed what horrors might result in addition to the iconic mushroom cloud. Through the lens of Hollywood, a nuclear war might leave a handful of survivors (*Five*), none (*On the Beach*, *Dr. Strangelove*), or cities in ruins (*Fail-Safe*). Today the threat is no longer the Soviet Union, but international terrorism. Author Bernard F. Dick argues, however, that the Soviet Union has not lost its appeal, as evident from the popular and critically acclaimed television series *The Americans*. More than eighty years later, the screen is still red.

Erotic Grotesque Nonsense Miriam Silverberg, 2006 A sumptuously documented book, one that makes innovative use of the principle of montage to generate informative historical readings of Japan's myriad mass cultural phenomena in the early twentieth century. Both in terms of its scholarship and its methodology, this is a truly admirable work.—Rey Chow, Andrew W. Mellon Professor of the Humanities, Brown University As Miriam Silverberg has brilliantly shown here, the modern times of 1920s and '30s Japan were rendered in a cacophony of cultural mixing: a period of consumerist desires and Hollywood fantasy-making but also the rise of nationalist empire-building. Excavating its kaleidoscope of everyday culture Silverberg astutely offers a theory of montage for how Japanese subjects 'code-switched' in juggling the mixed cultural/political elements of these times. Utilizing a montage of media, texts, sites, and scholarship, Silverberg leads the reader into the terrain of the 'erotic grotesque nonsense' in a work that is as scintillating as it is theoretically important.—Anne Allison, author of *Millennial Monsters: Japanese Toys and the Global Imagination* Unlike other scholars who merely view ero-guro-nansensu in its literal meanings, Silverberg brilliantly documents it as a complex cultural aesthetic expressed in a spectrum of fascinating mass culture forms and preoccupations. With great erudition and humor, she traces the sensory and conceptual modes that are animated with potency and sophistication through this cultural metaphor. This book is destined to be a classic in Japan scholarship.—Laura Miller, author of *Beauty Up: Exploring Contemporary Japanese Body Aesthetics*

Tennessee Williams and the Theatre of Excess Annette J. Saddik, 2015-01-26 The plays of Tennessee Williams' post-1961 period have often been

misunderstood and dismissed. In light of Williams' centennial in 2011, which was marked internationally by productions and world premieres of his late plays, Annette J. Saddik's new reading of these works illuminates them in the context of what she terms a 'theatre of excess', which seeks liberation through exaggeration, chaos, ambiguity, and laughter. Saddik explains why they are now gaining increasing acclaim, and analyzes recent productions that successfully captured elements central to Williams' late aesthetic, particularly a delicate balance of laughter and horror with a self-consciously ironic acting style. Grounding the plays through the work of Bakhtin, Artaud, and Kristeva, as well as through the carnivalesque, the grotesque, and psychoanalytic, feminist, and queer theory, Saddik demonstrates how Williams engaged the freedom of exaggeration and excess in celebration of what he called 'the strange, the crazed, the queer'.

Attack of the Leading Ladies John Belton, Rhona J. Berenstein, 1996 Looking at such films as Frankenstein, Svengali, King Kong and The Mark of the Vampire, Berenstein argues that classical horror cinema is marked by malleable gender roles, not by entrenched conventional personas.
