**The Unwashed** Seán Hogan, 2016-08-26 *The Unwashed* is a book of nine short stories. Each story follows the life of a person living on a fictitious council estate in London. The stories illustrate the realities and struggles that ordinary people go through at a time when people are feeling disenfranchised and are frustrated at not having their voices heard. Ranging from a humorous look at the gentrification of London to the realities of living with addiction the stories place the reader in the shoes of each character allowing them to feel their emotions.

**The Men Who Would Be Kings** Daniel Mersey, 2016-09-22 *The Men Who Would Be Kings* is a set of rules designed for fighting historical or Hollywood colonial battles in the mid to late 19th Century, from the Indian Mutiny to the Boxer Rebellion. Large scale colonial clashes tended to be one-sided affairs, but there are countless reports of brief, frantic skirmishes in every colonial war, where either side could be victorious, and these are the battles that *The Men Who Would Be Kings* seeks to recreate. Although focusing on the British colonial wars against the Zulus, Maoris and others, these rules will also permit players to explore the empires of France, Germany, and other nations, as well as allowing for battles between rival native factions. Gameplay is very simple, and is driven by the quality of the officers leading your units, in the true spirit of Victorian derring-do and adventure, where larger than life characters such as the (real) Fred Burnaby and the (fictional) Harry Flashman led their troops to glory and medals or a horrible end at the point of a spear tip.

*Dragon Rampant* Daniel Mersey, 2015-12-20 Whether you're a nameless Dark Lord looking to conquer the known world, a Champion of Light holding out against the forces of evil or a Northern barbarian facing claimants to a stolen throne, *Dragon Rampant* allows you to bring those battles to the tabletop. Developed from the popular *Lion Rampant* system, *Dragon*

Rampant is a standalone wargame that recreates the great battles of Fantasy fiction. Scenarios, army lists, and full rules for magic and monsters give players the opportunity to command unruly orc warbands, raise armies of the undead, campaign across an antediluvian world as the warchief of a barbarian tribe, or exploit the power of mighty creatures and extraordinary sorcery. An army usually consists of 6-8 units comprised of 6-12 individually based figures. These small units move and fight independently, assuming that they follow your orders rather than just doing their own thing. Command and control is just as important on the battlefield as the power of a troll chieftain or the magic of an archmage.

#### Transylvanian Armies 1541-1613 Florin Nicolae

Ardelean, 2021-12-15 Between 1541 and 1613, Transylvanian armies underwent a process of transition and adaptation that combined medieval traditions and early modern military innovations.

*WWI Trench Systems* Douglas Hardy, 2021-08-18 Although it was a global conflict, for many WW1 is synonymous with the war in the trenches of the Western Front. For anyone wargaming these battles a good trench system is a must. Douglas Hardy is a very experienced wargamer and terrain modeller and a member of the Western Front Association who has walked the battlefields many times. From the initial choice between stand-alone pieces on a mat or a fixed, bespoke layout, through to final detailing, he shares his experience, giving practical advice on building your own trench system. He considers the differences between British, German and French trenches, which differed in design and construction, as well as developments in defences through the phases of the war. A trench system is not just the trench itself of course, but also the dugouts, barbed wire entanglements, sandbags, gun emplacements and pillboxes. Shell holes and shattered forests are also covered. Each element is explained in step-by-step detail, illustrated with numerous color photos and there are also reference photos of real trenches.
