Olive only has one week to show him how to take a bath, eat off a plate, and sleep in a bed . . . but Forest doesn't even know the meaning of proper. He likes to hang out with the neighborhood birds and swing on chandeliers. It doesn't help that Olive's brother, Ryan, tries to convince Forest that football should be played inside! Forest's shenanigans and the black-and-white illustrations throughout will have both reluctant and avid readers laughing out loud.

Wild Child Patrick Barkham,2021-01-04 “Quiet but compelling arguments about the importance of kids getting out more and connecting to nature . . . A book that deserves to flourish.” —The Guardian From climbing trees and making dens, to building sandcastles and pond-dipping, many of the activities we associate with a happy childhood take place outdoors. And yet, the reality for many contemporary children is very different. The studies tell us that we are raising a generation who are so alienated from nature that they can’t identify the commonest birds or plants, they don’t know where their food comes from, they are shuttled between home, school and the shops and spend very little time in green spaces—let alone roaming free. In this timely and personal book, celebrated nature writer Patrick Barkham draws on his own experience as a parent and a forest school volunteer to explore the relationship between children and nature. Unfolding over the course of a year of snowsuits, muddy wellies, and sunhats, Wild Child is both an intimate story of children finding their place in the natural world and a celebration of the delight we can all find in even modest patches of green. “Entrancing . . . If ever there was a book to fuel the ecological interest of future generations, this is it.”—Isabella Tree, author of Wilding “Barkham takes us through a year giving his children an education in wildness. He encourages them that a physical relationship with wildlife is of the utmost importance . . . His memoir reveals the abundance of wildlife that can be explored in our own back gardens.” —The Herald

Wild Child Sarah Glover,2021-05-04 This evocative cookbook invites kids of all ages to the table for more mouthwatering innovative outdoor fare put together by the James Beard Award-nominated author of Wild: Adventure Cooking. In her first cookbook, Sarah Glover showed the world how liberating, satisfying, and easy it is to cook beautiful healthy food outdoors. Now she brings kids of all ages into the mix, proving that they too can take part in collecting, preparing, and cooking campfire meals the whole family can enjoy. Glover's simple yet elegant meals are inspired by the land and the sea: fish and ears of corn dangled on a stick over an open flame; perfect bread baked directly on hot coals; kale and potatoes simmered in saltwater; eggs fried alongside spicy sausage and toast; chili-brined cherry tomatoes--and more. Glover emphasizes fresh seasonal food that can be acquired locally. And, while her techniques date back to ancient traditions, the flavors are distinctly modern. Brimming with gorgeous landscape photography from across the Australian continent, this stylish yet down-to-earth cookbook encourages families to embrace the outdoors, teaches young chefs valuable techniques and life skills, and proves once again that everything tastes better cooked over an open flame.

Wild Child: A Journey Through Nature Dara McAnulty,2021-09-28 Join brilliant young naturalist Dara McAnulty – winner of the 2020 Wainwright Prize for his book Diary of a Young Naturalist – on a nature walk and experience the joy of connecting with the natural world on your multi sensory journey. This beautiful gift book, illustrated in full colour by Barry Falls, is divided into five sections: looking out of the window, venturing out into the garden, walking in the woods, investigating heathland and wandering on the river bank. Dara pauses to tell you about each habitat and provides fantastic facts about the native birds, animals and plants you will find there – including wrens, blackbirds, butterflies, tadpoles, bluebells, bees, hen harriers, otters, dandelions, oak trees and many more. Each section contains a discovery section where you will have a closer look at natural phenomenon such as metamorphoses and migration, learn about categorization in the animal kingdom or become an expert on the collective nouns for birds. Each section finishes with an activity to do when you get home: plant wild flowers, make a bird feeder, try pond dipping, make a journey stick and build a terrarium. Dara ends the book with advice for young conservationists.

Wild with Child Jennifer Bové,2010-05-25 Wild with Child is a unique collection of true stories by parents who boldly head out into the wilderness with kids in tow (or in the lead, as the case may be). These stories run the gamut of adventure: winter camping, climbing, spelunking, field research, skiing, llama trekking, fishing, hunting, and searching for pirate treasure with children of all ages. Readers should bundle up before they strike out into the Rocky Mountains with Mark Jenkins, whose idea of quality time with the kids is camping in a snow cave. Leslie Leyland-Fields shares deep gratitude as her brood safely migrates to an Alaskan island by bush plane. Maleesha Speer confides her personal evolution as she awakens to the wonder of her unborn child in bear country. Whether just beginning the course of wild parenting or looking back at the trail they've taken, these writers aren't willing to accept Disneyland as the final frontier. Even the most civilized among them insist that their children grow up feeling grass between their toes and sun on their skin. It’s a healthy heritage, giving kids a steady set of bearings, making them strong, and helping them rise to challenges.

This vivid portrait is based on her diaries from the four-year period when she knew Morrison. Wild Child, one of Morrison's most popular songs, was written for Ashcroft. Morrison's dreams and demons, and the meaning behind his lyrics and poems, are revealed through Ashcroft's evocative writing. Wild Child is a richly detailed and passionate account of what life was like with the legendary Doors singer. It is also the first book to illuminate the mystery of Morrison's death through the words of the woman who was with him when he died in Paris, Pamela Courson. Before flying to Paris, Morrison told the author: It may have been in bits and pieces, but I gave you the best of me. In return, Linda Ashcroft gives us the best of Jim Morrison.

Wild Child Francois Truffaut, 2014-09-27 With over 80 photos included, this screenplay of the 1970 film tells the true story of the 1798 capturing of a wild child in a French forest and the efforts of a dedicated young doctor to civilize and educate him. Found by hunters in a southern French forest in 1798, the Wild Child cannot walk, speak, read, or write. Thrown into jail and assumed to fail at becoming civilized, no one has any hope for the child's recovery. But when a kind doctor develops interest in the child, he begins to educate him and try to restore his development so the child may live a sort of normal life. After countless hours of love and patience, Doctor Itard is able to obtain results and help the child begin to develop normally. From the film based on the technical report and medical notes of the real discovery of the Wild Child, this screenplay gives readers a look at the genius behind the French screenwriter who developed the film of Fahrenheit 451 and The 400 Blows.

Wild Child to Couture Style Shailah Edmonds, 2018-05-18 Wild Child to Couture Style is based on the true story of former International supermodel, Shailah Edmonds, who was one of the pioneers of African American models that conquered the Couture market, (which is the most rarefied realm of the modeling profession) in Paris, from the late 1970's to the early 1990's. This manuscript chronicles the authors' journey from growing up in Portland, Oregon, to becoming a high fashion model, who has walked the runways of Paris, London, Rome, Japan and other International locales, where she was in demand. Ms. Edmonds writes about a young love that led to her becoming a teenage mother. Putting her dreams of being an actress on the back burner to mother her child, Shailah's life changed when she met Ruth Turner, while walking in Washington, D.C. Ruth introduced her to New York City. The book chronicles Shailah's experiences traveling around the world in a dream profession. Although Shailah feels as if she is a hidden figure in the mainstream names of fashion, she was among one of the most photographed runway models of that era, because of the energy, style and flair she brought to the runway. Pictorially, the story is told very well with photos of her ancestors who were born into slavery, her progress as she began to be groomed, as well as an abundance of strikingly beautiful couture color photographs. With the popularity of stories of historic black women, this book could easily be a best seller. With elements of courage, drama, comedy, romance and endurance by a single African American female. It is a true story of faith, love and persistence, which would serve as inspiration and example to all young women daring to reach out for a better life. This book would be of interest because not only is it beneficial as a guide to success, but also an inspiration to all, especially aspiring models who are hungry for guidance from an industry professional. This work will appeal to readers who enjoy inspirational memoirs.

Wild Child T.C. Boyle, 2010-01-21 A superb new collection from a writer who can take you anywhere (The New York Times) In the title story of this rich new collection, T.C. Boyle has created so vivid and original a retelling of the story of Victor, the feral boy who was captured running naked through the forests of Napoleonic France, that it becomes not just new but definitive: yes, this is how it must have been. The tale is by turns magical and moving, a powerful investigation of what it means to be human. There is perhaps no one better than T.C. Boyle at engaging, shocking, and ultimately gratifying his readers while at the same time testing his characters' emotional and physical endurance. The fourteen stories gathered here display both Boyle's astonishing range and his imaginative muscle. Nature is the dominant player in many of these stories, whether in the form of the catastrophic mudslide that allows a cynic to reclaim his own humanity (La Conchita) or the wind-driven fires that howl through a high California canyon (Ash Monday). Other tales range from the drama of a man who spins Homeric lies in order to stop going to work, to that of a young woman who must babysit for a \$250,000 cloned Afghan and the sad comedy of a child born to Mexican street vendors who is unable to feel pain. Brilliant, incisive, and always entertaining, Boyle's short stories showcase the mischievous humor and socially conscious sensibility that have made him one of the most acclaimed writers of our time.
