The Sea King C. L. Wilson, 2017-10-31 From the New York Times bestselling author of *The Winter King* comes a breathtaking new tale of love and adventure set in the mystical land of Mystral. He wasn't supposed to choose her... Seafaring prince Dilys Merimydion has been invited to court the three magical princesses of Summerlea. To eradicate the pirates threatening Calberna and to secure the power of the Sea Throne, Dilys vows to return home with a fierce warrior-queen as his bride. But politics has nothing to do with unexpected temptation. She didn't dare wed him... A weathermage like her sisters, Gabriella Coruscate's gentleness exemplifies the qualities of her season name, Summer. Yet her quiet poise conceals dangerous powers she cannot begin to wield. Better to live without excitement, she reasons, than risk her heart and lose control—until an irresistible Sealord jolts her awake with a thunderclap of raw desire. Until evil threatens everything they hold dear... When pirates kidnap Summer and her sisters, Dilys begins a desperate quest to save the woman he loves. Only by combining his command of the seas with the unleashed fury of Summer's formidable gifts can they defeat their brutal enemies and claim the most priceless victory of all: true love.

After three long years of war, starkly handsome Wynter Atrialan will have his vengeance on Summerlea's king by taking one of the man's beautiful, beloved daughters as his bride. But though peace is finally at hand, Wynter's battle with the Ice Heart, the dread power he embraced to avenge his brother's death, rages on. Khamsin Coruscate, Princess of Summerlea and summoner of Storms, has spent her life exiled to the shadows of her father's palace. Reviled by her father, marriage to Wintercraig's icy king was supposed to be a terrible punishment, but instead offers Kham her first taste of freedom—and her first taste of overwhelming passion. As fierce, indomitable Wynter weathers even Khamsin's wildest storms, surprising her with a tenderness she never expected, Kham wants more than Wynter's passion—she yearns for his love. But the power of the Ice Heart is growing, dangerous forces are gathering, and a devastating betrayal puts Khamsin and Wynter to the ultimate test.

Get Different Mike Michalowicz, 2021-09-21 From Mike Michalowicz, bestselling author of *Profit First*, *Clockwork*, and *Fix This Next*, a practical and proven guide to standing out in a crowded market. Many business owners are frustrated because they feel invisible in a crowded marketplace. They know they are better than their competitors, but when they focus on that fact, they get little in return. That's because, to customers, better is not actually better. Different is better. And those who market differently, win. In his new marketing book, Mike Michalowicz offers a proven, no-bullsh*t method to position your business, service, or brand to get noticed, attract the best prospects, and convert those opportunities into sales. Told with the same humor and straight-talk that's gained Michalowicz an army of ardent followers, with actionable insights drawn from stories of real life entrepreneurs, this book lays out a simple, doable system based on three critical questions every entrepreneur and business owner must ask about their marketing: 1. Does it differentiate? 2. Does it attract? 3. Does it direct? *Get Different* is a game-changer for everyone who struggles to grow because their brand, message, product or service doesn't stand out and connect with customers--the long-anticipated answer to the defining business challenge of our time.

VisuaLeadership Todd Charches, 2020-05-12 VisuaLeadership [noun]: The art and science of applying visual thinking and visual communication tools, tips, and techniques, in order to turn your vision into reality. If a picture is worth a thousand words, and finding the right words takes time, and time is money, then wouldn't it follow that business leaders could make more money—in less time—if they simply took a more “visual” approach to how they manage and lead? Okay, it's not quite that simple...but VisuaLeadership will forever change the way you think and communicate by showing how you can quickly and easily leverage the power of visual imagery, mental models, metaphor, analogy, storytelling, and humor to help you take your game to a whole new level. The French novelist Marcel Proust famously wrote that, “The real voyage of discovery consists not in seeking new lands, but in seeing with new eyes.” So, if your vision is to become a better communicator and presenter, a more innovative thinker, a more productive performer, a more efficient manager, a more effective coach, or a more visionary and inspirational leader, then this exciting new book will open your “mind's eye” to a whole new world: The world of VisuaLeadership. “Have you added visual communication to your leadership toolbox? According to Todd Charches, if you haven't, you're missing out on a powerful tool to capture attention, aid comprehension, and enable your team

members to retain the information you need them to use. Packed with examples, VisuaLeadership will help you develop this skill so that you can become a better communicator, innovator, and leader.” —Daniel H. Pink, author of When and Drive “The most effective communicators and leaders use the power of story to influence and inspire action. In VisuaLeadership, Cherches demonstrates how every role can express their ideas through the use of visual imagery and visual language. This book will help anyone discover how to become a visual leader.” —Nancy Duarte, CEO and bestselling author “I always say that ‘what got you here...won’t get you there.’ To help you ‘get there,’ executive coach Todd Cherches, in his wonderful new book, VisuaLeadership, demonstrates how we can all leverage the power of visual thinking to envision—and to achieve—a more successful future.” —Marshall Goldsmith, the world’s #1 Leadership Thinker and Executive Coach

Speaking Pictures Virginia Mason Vaughan,Fernando Cioni,Jacquelyn Bessell,2010 Speaking Pictures explores the complex negotiations between seeing and hearing essential to the audiences' experience in any dramatic performance. Ranging chronologically from the Middle Ages to the present, the essays consider a variety of methods that help us recuperate the visual impact of theatrical spectacle before the age of video archives. The anthology takes its discussion of performance beyond the physical space of the theater to examine texts that were meant to be spoken but not literally performed, such as medieval pageantry and closet dramas of the nineteenth century. Many essays focus on the Early Modern English stage, particularly the challenges of recapturing the totality of the original audience's experience in London's open air theaters by the examination of stage directions, text, and archival evidence. The collection concludes with a discussion of the contemporary actor's challenge in physicalizing the language of Early Modern plays, especially Shakespeare's

Speaking with Pictures Roma Chatterji,2020-11-29 Speaking with Pictures offers a path-breaking exploration of visual narratives in folk art. It foregrounds folk art’s engagement with modernity by re-looking at its figurative modes and the ways in which they are embedded in mythic thought. The book discusses folk art as a contemporary phenomenon which is a part of a complex visual culture where the ‘essence’ of tradition is best captured in a ‘new’ form or medium. Each chapter picks up a theme that moves between the local and the global, thereby attempting to problematise the stereotypical view of folk artists as carriers of ‘timeless tradition’. The volume provides an ethnographic account of innovations through a detailed analysis of the scroll painting tradition of the patuas of West Bengal and the Pardhan-Gond style of Madhya Pradesh, highlighting some recent attempts at inter-medium exchange in storytelling. The book will interest those in visual and popular culture in anthropology, sociology, literary criticism and folklore. It will also be of immense value to art historians, museologists, curators and NGOs working in media and communication, apart from those with a general interest in folk art.
