The Photo Ark Joel Sartore, 2017 This book of photography represents National Geographic's Photo Ark, a major cross-platform initiative and lifelong project by photographer Joel Sartore to make portraits of the world's animals -- especially those that are endangered. His message: to know these animals is to save them. Sartore intends to photograph every animal in captivity in the world. He is circling the globe, visiting zoos and wildlife rescue centers to create studio portraits of 12,000 species, with an emphasis on those facing extinction. He has photographed more than 6,000 already and now, thanks to a multi-year partnership with National Geographic, he may reach his goal. This book showcases his animal portraits: from tiny to mammoth, from the Florida grasshopper sparrow to the greater one-horned rhinoceros. Paired with the prose of veteran wildlife writer Douglas Chadwick, this book presents an argument for saving all the species of our planet.

The Central Park Zoo Joan Scheier,2002-08-21 Countless New Yorkers, as well as visitors from all parts of the world, have experienced an oasis just a few feet off Fifth Avenue in the heart of Manhattan. Since the 1860s, Central Park has been the home of three different zoos: the menagerie, the zoo of 1934, and what is today known as the Central Park Zoo. The Central Park Zoo begins with the menagerie of the 1860s, an impromptu public zoo begun when citizens and circuses started donating animals to the city. It continues in 1934, when Robert Moses-perhaps the most influential man in the city's planning history-built a newer zoo, remembered to this day for its lions, tigers, elephants, and gorillas. It ends with the brand new zoo and exhibits built in 1988 under the supervision of the Wildlife Conservation Society. With stunning, rarely seen images, The Central Park Zoo not only is a treat for the eyes but also comes alive with the barking of sea lions, the soft fur of snow monkeys, the sweet smell of peanut butter, and the taste of ice cakes-treats for the zoo residents, of course.

Memphis Zoo Robert W. Dye, 2015 What started over a century ago with an orphaned bear tied to a tree in Overton Park has grown into one of the nation's top zoos. The Memphis Zoo, which attracts more than one million visitors each year, is nationally recognized not only as a tourist attraction but also for its giant panda research, captive breeding programs, and efforts to reintroduce endangered species into the wild. Established in 1906 by the Memphis Park Commission, the zoo has become a Memphis institution. It seems like everyone in Memphis has an Elvis story, but just as many Memphians have memories of the zoo and attractions like the Lion House, Monkey Island, or the free one-ring circus. The zoo has been fortunate to have many devoted staff members and volunteers over the years, and through hard work and dedication, they have built a first-class institution - not only for the animals but for the families, children, and all patrons who visit the zoo every day.--Page 4 of cover.
