The Long Haul: A Trucker's Tales of Life on the Road Finn Murphy, 2017-06-06 “There’s nothing semi about Finn Murphy’s trucking tales of The Long Haul.”—Sloane Crosley, Vanity Fair More than thirty years ago, Finn Murphy dropped out of college to become a long-haul trucker. Since then he’s covered more than a million miles as a mover, packing, loading, hauling people’s belongings all over America. In The Long Haul, Murphy recounts with wit, candor, and charm the America he has seen change over the decades and the poignant, funny, and often haunting stories of the people he encounters on the job.

2010 ADA Standards for Accessible Design Department Justice, 2014-10-09 (a) Design and construction. (1) Each facility or part of a facility constructed by, on behalf of, or for the use of a public entity shall be designed and constructed in such manner that the facility or part of the facility is readily accessible to and usable by individuals with disabilities, if the construction was commenced after January 26, 1992. (2) Exception for structural impracticability. (i) Full compliance with the requirements of this section is not required where a public entity can demonstrate that it is structurally impracticable to meet the requirements. Full compliance will be considered structurally impracticable only in those rare circumstances when the unique characteristics of terrain prevent the incorporation of accessibility features. (ii) If full compliance with this section would be structurally impracticable, compliance with this section is required to the extent that it is not structurally impracticable. In that case, any portion of the facility that can be made accessible shall be made accessible to the extent that it is not structurally impracticable. (iii) If providing accessibility in conformance with this section to individuals with certain disabilities (e.g., those who use wheelchairs) would be structurally impracticable, accessibility shall nonetheless be ensured to persons with other types of disabilities, (e.g., those who use crutches or who have sight, hearing, or mental impairments) in accordance with this section.

*My Omaha Obsession* Miss Cassette, 2020-11 My Omaha Obsession takes the reader on an idiosyncratic tour through some of Omaha’s neighborhoods, buildings, architecture, and people, celebrating the city’s unusual history. Rather than covering the city’s best-known sites, Miss Cassette is irresistibly drawn to strange little buildings and glorious large homes that don’t exist anymore as well as to stories of Harkert’s Holsum Hamburgers and the Twenties Club. Piecing together the records of buildings and homes and everything interesting that came after, Miss Cassette shares her observations of the property and its significance to Omaha. She scrutinizes land deeds, insurance maps, tax records, and old newspaper articles to uncover a property’s singular story. Through conversations with fellow detectives and history enthusiasts, she guides readers along her path of hunches, personal interests, mishaps, and more. As a longtime resident of Omaha, Miss Cassette is informed by memories of her youth combined with an enduring curiosity about the city’s offbeat relics and remains. Part memoir and part research guide with a healthy dose of colorful wandering, My Omaha Obsession celebrates the historic built environment and searches for the people who shaped early Omaha.

*No Exit* Taylor Adams, 2019-01-15 “What a box of tricks! This full-throttle thriller, dark and driving, rivals Agatha Christie for sheer ingenuity and James Patterson for flat-out speed. Swift, sharp, and relentless.” — A. J. Finn, #1 New York Times bestselling author of The Woman in the Window A brilliant, edgy thriller about four strangers, a blizzard, a kidnapped child, and a determined young woman desperate to unmask and outwit a vicious psychopath. A kidnapped little girl locked in a stranger’s van. No help for miles. What would you do? On her way to Utah to see her dying mother, college student Darby Thorne gets caught in a fierce blizzard in the mountains of Colorado. With the roads impassable, she’s forced to wait out the storm at a remote highway rest stop. Inside are some vending machines, a coffee maker, and four complete strangers. Desperate to find a signal to call home, Darby goes back out into the storm . . . and makes a horrifying discovery. In the back of the van parked next to her car, a little girl is locked in an animal crate. Who is the child? Why has she been taken? And how can Darby save her? There is no cell phone reception, no telephone, and no way out. One of her fellow travelers is a kidnapper. But which one? Trapped in an increasingly dangerous situation, with a child’s life and her own on the line, Darby must find a way to break the girl out of the van and escape. But who can she trust? With exquisitely controlled pacing, Taylor Adams diabolically ratchets up the tension with every page. Full of terrifying twists and hairpin turns, No Exit will have you on the edge of your seat and leave you breathless.

**Duel in the Sun** John Brant,2007-03-06 The 1982 Boston Marathon was great theater: Two American runners, Alberto Salazar, a celebrated champion, and Dick Beardsley, a gutsy underdog, going at each other for just under 2 hours and 9 minutes. Neither man broke. The race merely came to a thrilling, shattering end, exacting such an enormous toll that neither man ever ran as well again. Beardsley, the most innocent of men, descended into felony drug addiction, and Salazar, the toughest of men, fell prey to depression. Exquisitely written and rich with human drama, John Brant's *Duel in the Sun* brilliantly captures the mythic character of the most thrilling American marathon ever run—and the powerful forces of fate that drove these two athletes in the years afterward.

**The Big Roads** Earl Swift,2011-06-09 Discover the twists and turns of one of America's great infrastructure projects with this “engrossing history of the creation of the U.S. interstate system” (Los Angeles Times). It's become a part of the landscape that we take for granted, the site of rumbling eighteen-wheelers and roadside rest stops, a familiar route for commuters and vacationing families. But during the twentieth century, the interstate highway system dramatically changed the face of our nation. These interconnected roads—over 47,000 miles of them—are man-made wonders, economic pipelines, agents of sprawl, uniquely American symbols of escape and freedom, and an unrivaled public works accomplishment. Though officially named after President Dwight D. Eisenhower, this network of roadways has origins that reach all the way back to the World War I era, and *The Big Roads*—“the first thorough history of the expressway system” (The Washington Post)—tells the full story of how they came to be. From the speed demon who inspired a primitive web of dirt auto trails to the largely forgotten technocrats who planned the system years before Ike reached the White House to the city dwellers who resisted the concrete juggernaut when it bore down on their neighborhoods, this book reveals both the massive scale of this government engineering project, and the individual lives that have been transformed by it. A fast-paced history filled with fascinating detours, “the book is a road geek's treasure—and everyone who travels the highways ought to know these stories” (Kirkus Reviews).

**Boom Town** Sam Anderson,2018-08-21 A brilliant, kaleidoscopic narrative of Oklahoma City—a great American story of civics, basketball, and destiny, from award-winning journalist Sam Anderson NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • NPR • Chicago Tribune • San Francisco Chronicle • The Economist • Deadspin Oklahoma City was born from chaos. It was founded in a bizarre but momentous “Land Run” in 1889, when thousands of people lined up along the borders of Oklahoma Territory and rushed in at noon to stake their claims. Since then, it has been a city torn between the wild energy that drives its outsized ambitions, and the forces of order that seek sustainable progress. Nowhere was this dynamic better realized than in the drama of the Oklahoma City Thunder basketball team's 2012-13 season, when the Thunder's brilliant general manager, Sam Presti, ignited a firestorm by trading future superstar James Harden just days before the first game. Presti's all-in gamble on “the Process”—the patient, methodical management style that dictated the trade as the team's best hope for long-term greatness—kicked off a pivotal year in the city's history, one that would include pitched battles over urban planning, a series of cataclysmic tornadoes, and the frenzied hope that an NBA championship might finally deliver the glory of which the city had always dreamed. *Boom Town* announces the arrival of an exciting literary voice. Sam Anderson, former book critic for New York magazine and now a staff writer at the New York Times magazine, unfolds an idiosyncratic mix of American history, sports reporting, urban studies, gonzo memoir, and much more to tell the strange but compelling story of an American city whose unique mix of geography and history make it a fascinating microcosm of the democratic experiment. Filled with characters ranging from NBA superstars Kevin Durant and Russell Westbrook;

to Flaming Lips oddball frontman Wayne Coyne; to legendary Great Plains meteorologist Gary England; to Stanley Draper, Oklahoma City's would-be Robert Moses; to civil rights activist Clara Luper; to the citizens and public servants who survived the notorious 1995 bombing of the Alfred P. Murrah federal building, Boom Town offers a remarkable look at the urban tapestry woven from control and chaos, sports and civics.

*A Bad Day for Sorry* Sophie Littlefield,2010-05-25 Stella Hardesty runs a side business helping battered women. When Chrissy Shaw asks Stella for help, it seems like a straightforward case. When Chrissy's husband disappears with her two-year-old son, Stella risks her own life to recover the boy.

*In Paris with You* Clémentine Beauvais,2019-01-08 A pure delight. -- #1 New York Times bestselling author Nicola Yoon For fans of Eleanor & Park and Emergency Contact comes a sweeping romance about the love that got away. Eugene and Tatiana could have fallen in love, if things had gone differently. If they had tried to really know each other, if it had just been them, and not the others. But that was years ago and time has found them far apart, leading separate lives. Until they meet again in Paris. What really happened back then? And now? Could they ever be together again after everything?

*Boatbuilding for Beginners (and Beyond)* Jim Michalak,2002-04 The ultimate book for anyone who has dreamed of building a boat.

*Search for Senna* Katherine Applegate,1999 When David's girlfriend Senna is swallowed up by the Earth, he and his friends follow to save her, only to stumble upon a nightmarish land they could have never imagined. Original.

*Storm Front (Montana Rescue Book #5)* Susan May Warren,2018-05-01 A tornado has destroyed a small Minnesota community and among the missing are not only a group of students but PEAK Rescue team leader Chet King. Ty Remington will stop at nothing to rescue his mentor, not even when the girl he loved--and lost--walks back into his life. But Brette needs his help more than he knows, despite her stubborn determination to push him away. And when he gets a second chance, loving her just might cost him more than he can imagine. A blogger for Vortex Storm Chasers, Brette Arnold didn't expect her adventures to land her in the same place as Ty, the guy who she walked--no, ran--from over a year ago. She had her reasons--good ones. The kind that tell her that falling for him again would only lead to heartache. But Ty isn't the kind of man to give up--not on the missing students, or on her. Life and love hang in the balance in Susan May Warren's breathless story of holding on to hope during a deadly summer of storms.
