The Wondrous World Howard Shum,2021-11-14 Aaron Rosen is an elderly man who enjoys telling the kids in his neighborhood (The Tong brothers: Cameron and Alfred, Goose, and Rosana) stories of his youth when he had many adventures in the magical world of Illay with advance technology and strange creatures. The kids like hearing the stories, but don't believe them to be true until one day a device from Illay is activated and Cameron, Goose, and Rosana are transported to that world.The kids learn that while several decades have passed since Aaron left Illay, only two years

have gone by for the inhabitants of this fantastical world. Using their knowledge of the world from stories Aaron told them, the kids must survive a lack of resources, scary mercenaries, and skyscraper-sized monsters to rescue a wizard friend of Aaron who may be able to send them back home. Through magic, Aaron and Alfred go to Illay to look for the kids. Aaron finds that a lot has changed in two years. His girlfriend at the time has discovered she was a lost princess and his best friend is now a Ducada Warrior (said to be like Navy SEALs, knights of the round table, Jedi Knights, Shaolin monks). Aaron also made many enemies on his adventures as a youth and they are not happy to hear he has returned. He must deal with all this as an old man. While being worried about entering high school in our world and how everything around him (such as friends) is seemingly changing, Alfred is now focused on finding his young brother and bringing him back home safely. In Illay he learns the uncertainties of life is not a thing to fear.

Welcome to The All-Nighter, the only diner in town where you can get coffee and a meal from sunset to sunrise! The staff are friendly (kind of) and happy to serve you (sometimes), and it would never cross their minds to drink their customers' blood... Alex is bored—flipping burgers for strangers all night is no way for a vampire to live. But he and his fellow vampires Joy, Cynthia, and Ian have agreed to blend into human society. Inspired by superhero movies, one of few passions in his un-life, Alex decides to don a cape and start fighting bad guys. But his decision will have bigger consequences than he realizes—for himself and for everyone he wants to protect. Collects issues #1-5 of The All-Nighter, from the ComiXology original digital series in print for the first time.

CONSTELIS VOSS vol.1 – COLOUR THEORY K.

Leigh, 2021-04-27 The series opens on a dystopic planet-sized ship in the far future, where a very advanced android receives a personality file from the 90s. He is the only one of his kind. His name is Alex, and in his quest for understanding just how he got to be an android-and on the planet-sized ship known as CONSTELIS VOSS-he finds curiously familiar faces who help him color in the blanks. As the coincidences pile up-friends, objects, scenes, motifs, and tropes-they start to form a pattern. A pattern that's set against the backdrop of a dystopian, corrupt civilization, with a conveniently very-evil villain. A pattern that seems, in all its madness, to be directly linked to him. Something is pulling the strings, and figuring out the mystery is the only way to save himself, his friends, and the future of the very human race itself. But will he be able solve the mystery without losing himself-and his friends-in the process? The road to hell is paved with good intentions, after all. Welcome to Constelis Voss, the anime-inspired, psychological sci-fi trilogy nobody asked for, but everyone (probably) deserves.
