Deleuze and Asia Ronald Bogue, Hanping Chiu, Yu-lin Lee, 2014-10-16 Interest in the French philosopher Gilles Deleuze has grown exponentially over the last two decades, and, in recent years, Asian scholars have come to see rich possibilities for developing his thought within an Asian context. In this, the first collection devoted to Deleuze and Asia, several Asian and Western scholars explore Deleuzian themes and concepts in areas ranging from philosophy and religion to new media studies, cultural studies, theater, architecture, painting, film, and literature. Topics addressed include: onto-aesthetics in Deleuze and Taoism; Deleuzian univocity of being and the Original Enlightenment Thought of Mahāyāna Buddhism; Leibnizian and Bergsonian influences in Deleuze and the Japanese philosopher Nishida; Deleuze's theater of philosophy and its parallels in Beijing Opera, Kathakali Dance Drama and Nō Theater; Deleuze's concept of the fold and sonic space in Asian architecture; the fold and visual space in Hokusai's "Thirty Six Views of Mount Fuji"; the Walkman, contemporary Japanese anime and Deleuzian nomadism; Deleuzian "faciality" and the cultural politics of facial images in Korean beauty pageants; the 2011 Taiwanese film *Warriors of the Rainbow: Seediq Bale* and the Deleuzian concepts of the minor and the people to come; Deleuzian haecceities, affects and fragmented spaces in the films of Lou Ye and Wong Kar-wai; the Nu Shu writing system – the only writing system developed exclusively by women – and the formation of a female people to come; and Deleuzian minor literature and its relationship to globalization, nationalism and regionalism in Asian literature. These essays map new directions in East-West research that promise to invigorate Asian studies and disclose hitherto unrecognized dimensions of Deleuze's thought.

Hiroshige 53 Stations of the Tokaido Aritaya Cristina Berna, Eric Thomsen, 2023-09-15 The Aritaya Fifty Three Stations of the Tokaido Road is one of the most beautiful of Hiroshiges huge production of landscape print series in spite of its small size. It is only abt 10 x 15 cm (with variations), Yotsugiri yokoban (quarter oban). It is also unusual in that it is a veritable full course and manual in landscape print design. It is a very rewarding study. All the way through Hiroshige follows certain design principles of proportion of elements, arranging elements and views by diagonals and parallels and balancing of color elements. Compared to most of his other Tokaido series Hiroshige in Aritaya focus on letting the landscape tell the story instead of letting people or legend do that, although this is not followed through completely.

Hokusai 36 Views of Mount Fuji Cristina Berna, Eric Thomsen, 2023-12-20 The beauty of art is necessary for happiness. In everyday life the arts give that extra dimension to life that makes it a great adventure. The art and design in buildings, city planning, gardens and parks, roads, bridges, everything that we use daily contributes to a happy and fulfilling life. Ugly buildings, sloppy design, poor quality workmanship, littering and defacing contributes to a miserable life. Why would you want a miserable life? Why would you want to impose a miserable life on others? Hokusai was not only a truly great artist. He also sent a message to common people, who could afford to buy his low cost prints. He conveyed the beauty of majesty, the mount Fujijama, in life. He conveyed the beauty of scenery, he said to people, look around you and see and enjoy the beauty of the scenery. He conveyed the beauty of a good human life, the craftsmanship in making the timber, building the boat, fishing, growing tea, enjoying tea with the scenery. The 36 Views of Mt Fuji are religious prints. But different from the typical Christian religious motif the humans are not shown focused on the deity all the time, even if Mt Fuji is shown to have a pervading influence on their lives. The admiration and worship of Mt Fuji is often shown as incidental a single traveler of the group casting a glance at the majestic mountain while the others are busy with the many other things to do. In other words a very realistic rendition on how the divine is taking part in everyday life.

Hokusai's 36 Views of Mount Fuji Patrick McDermott, 2010-12-21 Hokusai's 36 Views of Mount Fuji Fugaku Sanjurokkei I've long been a fan of Hokusai, and love the 36 Views of Mount Fuji series, so I put this little book together for myself with images of the prints in the series that I have collected over the years from various public sources. It turned out so well, I thought others might find it useful, so I decided to make it available to others using the amazing technology available today. This book simply contains a small (about 4 x 6) full-color copy of each of the 46 prints (sic: 36 Views has 46 views in it) in the series 36 Views of Mount Fuji. I use the book as a reference and reminder. There is no commentary or discussion, just the pictures, with the name in English & Japanese (romaji & kanji). I've indexed each picture with keywords, so if I want to find one with a ferry boat, the ones with snow, the one with the little turtle, or the salt gatherers, I can find them in the index. If you are interested in Hokusai's work, you might find this book as useful as I have.

Fat Cat Art Svetlana Petrova, 2015-09-15 "It's official. That thing that classic art has been missing is a chubby reclining kitty." –The Huffington Post Internet meme meets classical art in Svetlana Petrova's brilliant *Fat Cat Art*. Featuring her twenty-two-pound, ginger-colored cat Zarathustra superimposed onto some of the greatest artworks of all time, Petrova's paintings are an Internet sensation. Now fans will have the ultimate full-color collection of her work, including several never-before-seen pieces, to savor for themselves or to give as a gift to fellow cat lovers. From competing with Venus's sexy reclining pose (and almost knocking her off her chaise lounge in the process) in Titian's *Venus of Urbino*, to exhibiting complete disdain as he skirts away from God's pointing finger in Michelangelo's *Creation of Adam*, Zarathustra single-handedly rewrites art history in the way that only an adorable fat cat can.

Sixty Morning Walks Andy Fitch, 2014 *60 Morning Walks* is a sixty-part meditation inspired by Utagawa Hiroshige's kaleidoscopically shifting vantage on the ever-changing city. The project's companion piece, available on UDP's website, revisits many of the same New York locations, yet now with its language contracted out to an error-prone online transcription service. The unmediated/mediated idiom of these two halves disrupts any easy reading of the overall project as a lyrical or conceptual text.

Hokusai's Mount Fuji Jocelyn Bouquillard, Hokusai Katsushika, 2007-06 Presents Hokusai's fascination for nature with a focus on the development of landscape prints, along with a presentation of the Mt Fuji series. Before each engraving, this work includes a note listing the specifications and a description of the drawing that focuses on the symbolism of the images and places the work in its cultural context.

As We Know Amaranth Borsuk, Andy Fitch, 2014 Poetry. Literary Nonfiction. Roland Barthes introduces us to this remarkable book: a 'corrected banality.' I can imagine no better spokesperson than the one who announced the death of the author, for AS WE KNOW is truly a work of 'destroyed origin,' in which 'all identity is lost.'

Borsuk takes hold of Fitch's notebooks, filled with their gorgeous banalities, and forges them into a graphic sprawl that belongs to no one of no gender. And yet, we read these confessional fragments with as much eagerness as we bring to the secrets of our best friend, or the stars, or our selves. This 'I' who speaks, who can never be known, lets language spin its own brilliant tales. 'I' or 'we' are enraptured. Julie Carr

Portraits of Edo and Early Modern Japan Gerald Groemer,2019-05-28 This volume presents a series of five portraits of Edo, the central region of urban space today known as Tokyo, from the great fire of 1657 to the devastating earthquake of 1855. This book endeavors to allow Edo, or at least some of the voices that constituted Edo, to do most of the speaking. These voices become audible in the work of five Japanese eye-witness observers, who notated what they saw, heard, felt, tasted, experienced, and remembered. "An Eastern Stirrup," presents a vivid portrait of the great conflagration of 1657 that nearly wiped out the city. "Tales of Long Long Ago," details seventeenth-century warrior-class ways as depicted by a particularly conservative samurai. "The River of Time," describes the city and its flourishing cultural and economic development during the late eighteenth and early nineteenth centuries. "The Spider's Reel" looks back at both the attainments and calamities of Edo in the 1780s. Finally, "Disaster Days," offers a meticulous account of Edo life among the ruins of the catastrophic 1855 tremor. Read in sequence, these five pieces offer a unique "insider's perspective" on the city of Edo and early modern Japan.

Handiwork Amaranth Borsuk,2012 Handiwork explores the relationship between writing and torture the ways poetry can wound us, and the ways it wrestles with language itself. Combining constraint-based writing with fragmented lyricism, the book considers the social and cultural role of the writer with respect to history and memory, and what gets lost in the transmission of trauma from one generation to the next.

Cent Vues Célèbres D'Edo Melanie Trede,Lorenz Bichler,2015 A dazzling reprint of Hiroshige's views of Edo (modern-day Tokyo), one of the masterpieces of the ukiyo-e woodblock tradition and a paradigm of the Japonisme that inspired Impressionist, Post-Impressionist and Art Nouveau artists, from Vincent van Gogh to James McNeill Whistler.

Learning to Look at Paintings Mary Acton,2009 Learning to Look at Paintings is an accessible guide to the study and appraisal of paintings, drawings and prints. Mary Acton shows how you can develop visual, analytical and historical skills in learning to look at and understand an image by analysing how it works, what its pictorial elements are and how they relate to each other. This fully revised and updated new edition is illustrated with over 100 images by a wide range of Western European and American artists, ranging from Rembrandt, Van Gogh and Botticelli to Picasso, Matisse and Rothko, and now includes modern and contemporary artists such as Georgia O'Keeffe, Anselm Kiefer, Tacita Dean and Marlene Dumas. In addition, Mary Acton presents new examples highlighting the survival and revival of painting in recent years. A new introduction situates the book in the wider context of recent changes in the approach to Art History. A glossary of critical and technical terms used in the language of Art History is also included, with an updated but still selective reading list.

Shank's Mare Ikku Jippensha,2011-09-13 This classic Japanese story of humor and adventure is available here for the first time in digital format. A pair of irrepressible scoundrels are the heroes of this madcap chronicle of adventure, full of earthy humor, along the great highway from Tokyo to Kyoto. The lusty tale of their disreputable doings is Japan's most celebrated comic novel. Shank's Mare was originally issued serially beginning in 1802, and was so successful that the author wrote numerous sequels, appearing year by year, until 1822. This novel portrays all the varied colors in Japan's Tokugawa era and its humor typifies the brash and devil-may-care attitude of the residents of Tokyo, both then and now.

Hokusai Matthi Forrer,1991 Hokusai, one of Japan's most famous artists, has left a body of work comprising almost 30,000 items. This volume, designed as a catalog to accompany an exhibition in London, gives us an overview of 13 drawings and 151 woodblock prints representing landscapes, amorous couplings, kabuki actors, and scenes of daily life in 18th-century Japan.

Mentoring In Health Professions Education Alice Fornari,Darshana T. Shah,2022-01-11 This IAMSE Manual, Mentoring Across the Continuum, is a product of its co-editors' and authors' lifetime work in mentoring faculty and studying the impact of this mentoring. The book defines the field of academic medicine as highly dependent on finding and relating to mentors at virtually every stage of a doctor's career. It describes and analyzes successful mentor/mentee relationships, examining the authors' personal experiences, as well as a data-driven approach, to explore the many different roles and perspectives on mentoring relationships and ultimately the mentoring culture. The editors look at the data with respect to the success of different strategies in mentoring, as well as different structures of diverse mentoring programs. As well, proven ways to deliver these programs successfully for all professionals who lead mentoring programs or are active participants as mentees. There is a special emphasis on the mentoring of medical educators. However, the themes explored in this book are generalizable beyond the medical educator to include diverse academic roles across the continuum. In particular, enumerating the many specific roles of a mentor beyond just the traditional concepts adds breadth and depth to understanding what can be gained from mentor-mentee relationships. This Manual is a valuable resource for clinicians, educators, and trainees in addition to anyone involved in medical education and progressing through the stages of practicing, teaching, and learning in medicine. This Manual represents a meaningful addition to the literature on this most important professional subject.

The Aesthetic Movement Lionel Lambourne,2011-08-21 The Aesthetic Movement swept through England in the latter part of the nineteenth century, touching every sphere of the fine and decorative arts and bringing a new freedom to all aspects of design. In architecture, the dogmatism of Gothic gave way to the charm of Queen Anne. In interiors, heavy Victorian forms were replaced by the lighter, fresher Japanese-inspired shapes; in the graphic arts, innovative methods - coupled with a new approach to form - led to the revitalization of illustration and book design. Personified by such colourful figures as James McNeill Whistler, Oscar Wilde and Aubrey Beardsley, the movement was held together by the coherence of its philosophy and its adamant faith in elegance and richness. This beautiful and witty book will prove invaluable to enthusiasts of design and architecture and to all those intrigued by the social history of the period.

Virtual Reality - Real Visuality András Benedek,Ágnes Veszelszki,2017 This book raises the question of what visuality really is and how it is possible to explain

it. The authors outline the topic of visuality and virtual reality in an interdisciplinary theoretical frame from philosophy through communication theory, rhetoric and linguistics to pedagogy.	
Sixty Morning Talks Andy Fitch,2014 Literary Nonfiction. Poetry. SIXTY MORNING TALKS: SERIAL INTERVIEWS WITH CONTEMPORARY AUTHORS provides sixty transcribed interviews with poets who released books in 2012. Rather than advance an overarching argument concerning the state of poetry, this book engages a broad range of authors often subdivided into ideological, aesthetic, generational, national and identity-based camps, and taps the accessibility of vernacular speech to offer new means of comparative study, cross-reference and discursive collaboration.
