Chloe Lived: Linda Cobb,2022-12-28 Chloe Lived: My Story By: Linda Cobb Have you ever held a newborn baby so tiny she could fit in the palm of your hands? Linda Cobb's granddaughter, Chloe, came into this world weighing just one pound and ten ounces, and Linda was able to hold her in the palm of her hands! Linda knew, when she first held her, Chloe would be God's miracle to her family! Oh, was she tiny. Chloe was so small even the smallest preemie diapers were too big for her at first. Although she was tiny, Chloe was a fighter! She wanted to live and fought every challenge that tried to destroy her. She had to be hooked up to several machines just to survive her first months of life. Her home for almost three months was the Neonatal Intensive Care Unit in the hospital. Her bed was an incubator. Linda visited and held Chloe every day she was in the NICU, and those moments were so precious to her! As Linda watched her progress and daily improvement, eventually Chloe came off the machines and was able to leave the hospital healthy and strong. Yes, Chloe lived!

She continues with wise advice for men whose wives are pregnant—"How to Live with a Pregnant Wife Without Complaining about Anything While Making Her Feel Sexy and Desirable At All Times", tells them how to go without sleep for three months after the baby is born, and finishes up with "How to Watch Football and the Baby at the Same Time." A chapter on taking care of three small boys while staying sane should be on every young father's emergency list for times when his wife is out of town on business or visiting her mother in Iowa. And finally, instructions on answering a ringing telephone, folding shirts for a business trip and finding his wallet, keys, glasses, socks and underwear are absolute must-reads for every man who thinks some invisible being does all those things. Aimed at busy women of all ages, this book will also make grown men laugh and might even be useful when they run out of underwear.
