**The Art of Competitive Pokémon** Mrjamvad,2020-07-16 Pokémon is an incredible game.Remember your first starter Pokémon? Remember the rush you felt?Remember stumbling on your first Pokémon YouTube video?I do, and it's a moment that changed my life forever ♡Sadly, there is a problem ☹️Pokémon is too hard to get into.This means there are thousands of players that are missing out. This is not ok.So in order to combat this, I created this book 📖 📖 No longer will players feel confused. No longer will players feel overwhelmed. The answer is here.📖 📖 Hey guys, I'm Mrjamvad and I make competitive Pokémon content. This started from a desire to share good battles and evolved into me becoming one of the best players on the planet 🌐.In 2011, after moving from the small tropical island of Jamaica 🇯🇲 to America 🇺🇸 many things changed for me. One of which, was reliable internet. I never had home internet before.One afternoon while browsing through YouTube, I stumbled across a Pokémon battle. It was by an old YouTuber called the Killer Nacho. Before then, I had no idea people could play without link cables. I was absolutely mesmerized and, in that moment, I knew exactly what I would be doing with my free time 📖 📖 The game of Pokémon has given me so much: fun, friendships, and memories. Many of my closest friends - to this day - are people I used to get in call with to play Pokémon. Today I call them my brothers 📖 📖 The Art of Competitive Pokémon is a book designed to teach you how to become a master of the game. This is done through simple processes that any player can do.Nothing fills me with more joy 🥰📖 than the dozens of private messages from players who finally received their breakthroughs. Seeing them gain that self-confidence makes it all worth itHUNDREDS of players around the world 🌐 have already gotten a copy and seen results. One day the vision will be realized. No longer will players have to stumble around hoping to figure things out. What it would feel like to be good at something you love?Imagine how good it would feel to finally break those barriersImagine a community where new players felt welcomed and included ☺️Let's take the first step 📖 Together, we will make this community a better place! 📖 📖 📖 📖 📖 📖 📖 Thank you

If that weren’t strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight’s classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, and hailed by School Library Journal as “honest, funny, and immensely entertaining.” F&P Level: T F&P Genre: RF
