The Dragon's Gift Terese Tse Bartholomew,John Johnston,Honolulu Academy of Arts,2008 *The Dragon's Gift* offers a rare opportunity to introduce, to the wider international audience, some of the most sacred Buddhist images of Bhutan. From the wealth of material surveyed, the organizers of the exhibition have selected over one hundred objects of superior aesthetic achievement and deep religious significance, the vast majority of which have never before been seen in the West. Nearly all of the works of art presented in this catalogue are from active temples and monasteries and remain in ritual use. Most of the items are painted or textile thangkas or gilt bronze sculptures which date primarily from the 17th to the 19th centuries - a golden age in the Buddhist arts of Bhutan. Ranging from depictions of Tantric deities to individualized portraits of Buddhist masters, the exhibition and catalogue present outstanding works of art with a wide iconographic scope. For the Buddhist people of Bhutan, these sacred items are conceived as supports along the journey to enlightenment, and are of vital spiritual significance. Complementing the presentation of sacred works of art is the documentation of the ancient Cham dances of Bhutan, to which the dance preservation team was given privileged entree. Having documented over three hundred hours of sacred and secular dances, they have made a first assay of one of the few surviving treasures of the trans-Himalayan movement tradition. These differing approaches to the visual and moving arts provide further insight into the unique experience of Buddhism in Bhutan. A brief sampling of the variety of extant dance lineages - some many centuries old - is included on the DVD contained within the catalogue.--Publisher's website.

Tengu Roald Knutsen,2011-08-15 This is the first in-depth study in English to examine the warrior and shamanic characteristics and significance of tengu in the martial art culture (bugei) of Muromachi Japan (1336-1573).

The Demon's Sermon on the Martial Arts Sean Michael Wilson,Issai Chozanshi,2013-03-12 A visually thrilling graphic novel adaptation of classic martial arts parables on swordsmanship and strategy—written by a real-life samurai *The Demon's Sermon on the Martial Arts* is a classic collection of martial arts tales, written by the eighteenth-century samurai Issai Chozanshi. Featuring demons, insects, birds, cats, and numerous other creatures, the

stories here may seem whimsical, but they contain essential teachings that offer insight into the fundamental principles of the martial arts. This graphic novel version based on Chozanshi's text brings these tales alive in a captivating and immediately accessible way. Infused with Chozanshi's deep understanding of Taoism, Buddhism, Confucianism, and Shinto, the tales elucidate the nature of conflict, the importance of following one's own nature, yin and yang, the cultivation and transformation of ch'i (life energy), and the attainment of mushin (no-mind). Ultimately, the reader learns in a visually exciting way that the path of the sword is a path of self-knowledge and leads to an understanding of life itself.

When Tengu Talk Wilburn N. Hansen, 2008-09-30 Hirata Atsutane (1776–1843) has been the subject of numerous studies that focus on his importance to nationalist politics and Japanese intellectual and social history. Although well known as an ideologue of Japanese National Learning (Kokugaku), Atsutane's significance as a religious thinker has been largely overlooked. His prolific writings on supernatural subjects have never been thoroughly analyzed in English until now. In *When Tengu Talk*, Wilburn Hansen focuses on *Senkyo ibun* (1822), a voluminous work centering on Atsutane's interviews with a fourteen-year-old Edo street urchin named Kozo Torakichi who claimed to be an apprentice tengu, a supernatural creature of Japanese folklore. Hansen uncovers in detail how Atsutane employed a deliberate method of ethnographic inquiry that worked to manipulate and stimulate Torakichi's surreal descriptions of everyday existence in a supernatural realm, what Atsutane termed the Other World. Hansen's investigation and analysis of the process begins with the hypothesis that Atsutane's project was an early attempt at ethnographic research, a new methodological approach in nineteenth-century Japan. Hansen posits that this scientific analysis was tainted by Atsutane's desire to establish a discourse on Japan not limited by what he considered to be the unsatisfactory results of established Japanese philological methods. A rough sketch of the milieu of 1820s Edo Japan and Atsutane's position within it provides the backdrop against which the drama of *Senkyo ibun* unfolds. There follow chapters explaining the relationship between the implied author and the outside narrator, the Other World that Atsutane helped Torakichi describe, and Atsutane's nativist discourse concerning Torakichi's fantastic claims of a newly discovered Shinto holy man called the sanjin. Sanjin were partly defined by supernatural abilities similar (but ultimately more effective and thus superior) to those of the Buddhist bodhisattva and the Daoist immortal. They were seen as holders of secret and powerful technologies previously thought to have come from or been perfected in the West, such as geography, astronomy, and military technology. Atsutane sought to deemphasize the impact of Western technology by claiming these powers had come from Japan's Other World.

In doing so, he creates a new Shinto hero and, by association, asserts the superiority of native Japanese tradition. In the final portion of his book, Hansen addresses Atsutane's contribution to the construction of modern Japanese identity. By the late Tokugawa, many intellectuals had grown uncomfortable with continued cultural dependence on Neo-Confucianism, and the Buddhist establishment was under fire from positivist historiographers who had begun to question the many contradictions found in Buddhist texts. With these traditional discourses in disarray and Western rationalism and materialism gaining public acceptance, Hansen depicts Atsutane's creation of a new spiritual identity for the Japanese people as one creative response to the pressures of modernity. When Tengu Talk adds to the small body of work in English on National Learning. It moreover fills a void in the area of historical religious studies, which is dominated by studies of Buddhist monks and priests, by offering a glimpse of a Shinto religious figure. Finally, it counters the image of Atsutane as a forerunner of the ultra-nationalism that ultimately was deployed in the service of empire. Lucid and accessible, it will find an appreciative audience among scholars of Shinto and Japanese and world religion. In addition to religion specialists, it will be of considerable interest to anthropologists and historians of Japan.

The Return of the Mother Andrew Harvey, 2013-08-20 Adapted from a series of lectures on the historical basis and current resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of Integral Studies in Spring 1994, *The Return of the Mother* is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. *The Return of the Mother* offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues and takes a strong stand against our dependence on “gurus” and “masters,” proposing instead an egalitarian model of spiritual community based on intimate groups of

mutually supportive guides and friends. *The Return of the Mother* is an eloquent and passionate call for all of us to rediscover and reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world.

My Darkest Years James Bachner, 2010-06-25 Born in Berlin in 1922, James Bachner was a German Jew during the darkest days of the Third Reich. Once a happy child in a well-to-do German family, as the years passed Bachner faced first ridicule and persecution, then imprisonment and deprivation. Attributing his survival to a combination of strength and being in the right place at the right time, Bachner's memoir is a poignant and often horrific account of Jewish struggles during the days of World War II. Beginning with his idyllic childhood, Bachner expresses the range of emotions he experienced as the Nazis transformed his homeland into a nation where he and his fellow Jews were no longer welcome. He describes the volatile political atmosphere and the fears inspired in all Germans by tales of the concentration camps. In addition, he tells of the belief many Jews held that the West would step in and put an end to Hitler's reign. The work then details the realities of life in a concentration camp. The end of the war, Bachner's reunion with his remaining family members and his eventual relocation to America are also discussed.
