A Unit of Water, a Unit of Time Douglas Whynott,2012-06-06 In a time when racing boats are mass-produced from synthetic materials, a dying breed of craftsman continues to build wooden sailboats of astonishing beauty. Boatbuilding is an ancient art, and Joel White was a master. Son of the legendary writer E.B. White, he was raised around boats and his designs were as sublime and graceful as his father's prose. At a boatyard in Maine, White and his closely knit team of builders brought scores of his creations from blueprints into the ocean. In June 1996, six months after being diagnosed with cancer, Joel White began designing the W-76, an exquisite racing yacht. It was his final masterpiece. Douglas Whynott spent a year at Brooklin Boat Yard, observing as this design took shape, first in sketches and then during the painstaking building of the wooden craft. The result is the poignant tale of both a genius at work and the people devoted to his art. Evoking E.B. White's New England and its salty residents, *A Unit of Water, a Unit of Time* is a classic portrait of dignity, charm, and humble magnificence-and of a maritime community that keeps a vanishing world alive.

The Open Boat and Other Stories Stephen Crane,2016-05-29 Stranded at Sea With Three Others - Survivor *The Open Boat* is a short story by American author Stephen Crane (1871-1900). First published in 1897, it was based on Crane's experience of surviving a shipwreck off the coast of Florida earlier that year while traveling to Cuba to work as a newspaper correspondent. Crane was stranded at sea for thirty hours when his ship, the SS *Commodore*, sank after hitting a sandbar. He and three other men were forced to navigate their way to shore in a small boat; one of the men, an oiler named Billie Higgins, drowned after the boat overturned. A volume titled *The Open Boat and Other Tales of Adventure* was published in the United States in 1898; an edition entitled *The Open Boat and Other Stories* was published simultaneously in England. Open Boats (Classic Reprint) Alfred Noyes, 2019-01-14 Excerpt from Open Boats The crew swam round her, or clung to her sides, while the other starboard boat fought with its own difficulties. Just after it had reached the water, there was a violent explosion in the engine-room of the 'Dzamea', which threw up a great wave, and half filled this boat also. The crew baled her as hastily as possible, in order to come to the rescue of the men in the sea. The maddening nightmare-like confusion of these moments can only be imagined. **In Search of Ellen Marie** Rachel Rowley Spaulding, 2014-08-29 When author Rachel Rowley Spaulding first saw a copy of the painting of a fishing boat's wheelhouse, she passed. Later, when presented with the chance to acquire the original painting, she knew she had to have it. Inspired by the rich colors (and the lure of a great story), she began a quest to find the Ellen Marie, the boat in the painting. This story is really about a boat's life, as well as the lives of people and their power to affect others. A fisherman in South Bristol, Maine, put his work on hold to chat and share an important clue in Spaulding's search. Ellen Marie's captain of the 1960s and '70s in New Bedford, Massachusetts challenged her stereotypical thinking about fishermen and took her on an imaginary trip to Georges Bank. Another captain generously shared his time, even inviting her on board a working vessel to clarify her understanding of the fishing process. Ultimately, *In Search of Ellen Marie* is about being human and experiencing denial when life seems unbelievable. Spaulding learns compassion as she witnesses the grief of loved ones left behind when fishermen lose their lives at sea. It's about the author's awe-inspiring realization that she is now a part of a historic era that is endangered--a time of classic wood commercial fishing boats manned by a unique breed of courageous fishermen. It's the

story of connections, passions, and great pride.

*Wooden Boats* Michael Ruhlman, 2002-04-30 There are fewer than 10,000 wooden boats in America, but the circulation of *WoodenBoat* magazine exceeds 180,000. What is it about these boats that has captured the popular imagination? With his lively blend of reportage [and] reflection (Los Angeles Times), Michael Ruhlman sets off for a renowned boatyard in Martha's Vineyard to follow the construction of two boats-Rebecca, a 60-foot modern pleasure schooner, and Elisa Lee, a 32-foot powerboat. Filled with exquisite details and stories of the sea, this exciting exploration of a nearly forgotten craft and the colorful personalities involved will enthrall wooden boat owners as well as craftspeople of every stripe, nature enthusiasts, and fans of compelling nonfiction.

*Boat Girl* Melanie Neale, 2012-10 Throughout the 1980s and 1990s, the author's family lived aboard a 47-foot sailboat, spending their summers along the U.S. East Coast and their winters in the Bahamas. As an adult, she lived aboard her own 28-foot sailboat and had several relationships trying to find someone who wasn't intimidated by her stubborn independence and free-spirited lifestyle.
