Contour a Human Skull Brenda Hoddinott,2012

Light, Contour, & Exciting the Cell nif hodgson,2021-08 'light, contour & exciting the cell' reflects on the transforming nature of light and its ability to reveal, suggest, and change what and how we see. The drawings collect shadows from unseen objects that fall across unremarkable forms to create fleeting structures that do not exist. If not for the unique light and orientations in that moment, these locations and elements would have gone unnoticed. Matte ink is screenprinted on reflective gampi to create tonal inversions that highlight the flipping of the senses. The Venus, New Caledonia, and Copperplate Light typefaces are a nod to vintage pocket atlases and their 'definitive,' 'accurate,' and 'complete' surveys of the known world.Letterpress, screenprint, and foil stamping on gampi, peach-fuzz textured paper, hand-backed silk, and translucent lexan film. Signed and numbered, variable First Edition of 33. 4.25 x 7.5

Contour a Human Brain Brenda Hoddinott,2012
