The Last Lecture Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

It was raining, of course. And he and Sylvie were arguing as he drove down the slick road. No one ever says what they were arguing about. Other people think it's not important. They do not know there is another story. The story that lurks between the facts. What they do not know—the cause of the argument—is crucial. So let me tell you...

This Is Big Marisa Meltzer, 2020-04-14 From a contributor to The Cut, one of Vogue's most anticipated books bravely and honestly (Busy Philipps) talks about weight loss and sheds a light on Weight Watchers founder Jean Nidetch: a triumphant chronicle (New York Times). Marisa Meltzer began her first diet at the age of five. Growing up an indoors-loving child in Northern California, she learned from an early age that weight was the one part of her life she could neither change nor even really understand. Fast forward nearly four decades. Marisa, also a contributor to the New Yorker and the New York Times, comes across an obituary for Jean Nidetch, the Queens, New York housewife who founded Weight Watchers in 1963. Weaving Jean's incredible story as weight loss maven and

pathbreaking entrepreneur with Marisa's own journey through Weight Watchers, she chronicles the deep parallels, and enduring frustrations, in each woman's decades-long efforts to lose weight and keep it off. The result is funny, unexpected, and unforgettable: a testament to how transformation goes far beyond a number on the scale.

Gene understands stories—comic book stories, in particular. Big action. Bigger thrills. And the hero always wins. But Gene doesn't get sports. As a kid, his friends called him "Stick" and every basketball game he played ended in pain. He lost interest in basketball long ago, but at the high school where he now teaches, it's all anyone can talk about. The men's varsity team, the Dragons, is having a phenomenal season that's been decades in the making. Each victory brings them closer to their ultimate goal: the California State Championships. Once Gene gets to know these young all-stars, he realizes that their story is just as thrilling as anything he's seen on a comic book page. He knows he has to follow this epic to its end. What he doesn't know yet is that this season is not only going to change the Dragons's lives, but his own life as well.

City Lust Charlie Koolhaas, 2020 Charlie Koolhaas is an artist, photographer, and writer in Rotterdam. *City Lust* is the name of a fragrance that she found in a Dubai perfumery wholesale showroom, but it is also the starting point of an expedition that leads Koolhaas to a variety of places in Africa, Asia, Europe, the Middle East, and the United States. In Lagos, Guangzhou, Dubai, London, and Huston, she explores the rapid changes that a globalized economy forces upon these so very different metropolises. During extended stays in each place, Koolhaas took a vast number of photographs, many of them of striking intensity. Her aim is not only to show the increasing uniformity of cities around the world, but also to demonstrate the discrepancy between cultural standardization and local diversity in the age of globalization. *City Lust* is a brilliant combination of everyday photography, pure documentation, and captivating observation. Accompanying the photos is an equally fascinating and illuminating essay by Koolhaas that brings together her own insights into global trade and its protagonists.

Dark Towers David Enrich, 2020-02-18 #1 WALL STREET JOURNAL BESTSELLER * NEW YORK TIMES BESTSELLER New York Times finance editor David Enrich's explosive exposé of the most scandalous bank in the world, revealing its shadowy ties to Donald Trump, Putin's Russia, and Nazi Germany "A jaw-dropping financial thriller" —Philadelphia Inquirer On a rainy Sunday in 2014, a senior executive at Deutsche Bank was found hanging in his London apartment. Bill Broeksmit had helped build the 150-year-old financial institution into a global colossus, and his sudden death was a mystery, made more so by the bank's efforts to deter investigation. Broeksmit, it turned out, was a man who knew too much. In *Dark Towers*, award-winning journalist David Enrich reveals the truth about Deutsche Bank and its epic path of devastation. Tracing the bank's history back to its propping up of a default-prone American developer in the 1880s, helping the Nazis build Auschwitz, and wooing

Eastern Bloc authoritarians, he shows how in the 1990s, via a succession of hard-charging executives, Deutsche made a fateful decision to pursue Wall Street riches, often at the expense of ethics and the law. Soon, the bank was manipulating markets, violating international sanctions to aid terrorist regimes, scamming investors, defrauding regulators, and laundering money for Russian oligarchs. Ever desperate for an American foothold, Deutsche also started doing business with a self-promoting real estate magnate nearly every other bank in the world deemed too dangerous to touch: Donald Trump. Over the next twenty years, Deutsche executives loaned billions to Trump, the Kushner family, and an array of scandal-tarred clients, including convicted sex offender Jeffrey Epstein. *Dark Towers* is the never-before-told saga of how Deutsche Bank became the global face of financial recklessness and criminality—the corporate equivalent of a weapon of mass destruction. It is also the story of a man who was consumed by fear of what he'd seen at the bank—and his son's obsessive search for the secrets he kept.
