Warren Berry

The Eye of Medusa David Guymer, 2017-11-14 The coldly methodical and unrelenting Iron Hands Space Marine Chapter clash with the cybernetic soldiers of the Adeptus Mechanicus over control of the world of Thennos. Ever since the dark days of the Great Heresy, the Iron Hands have a long and tortured history. Their years of suffering and war has left them hardened and believing in a brutal tenet: the flesh is weak. Heavily cybernetic, their flesh extensively altered, these warriors of the Imperium are more machine than man, cold in aspect as well as demeanour. Their methods of recruitment are harsh, their rituals arcane, their pride unshakable. So when a world under the protection of the Chapter falls foul of insurrection, the Iron Hands answer with fire and cold retribution. It matters not that Thennos is considered sovereign territory by the Adeptus Mechanicus - the Iron Hands' campaign is one of extermination. But there is something dark lurking within Thennos, a horror that defies the purity of cold logic and the machine, and threatens something more, something ruinous...

Shattered Legions Laurie Goudling, 2018 Driven almost to the brink of self-destruction at Istvan V, the Iron Hands now seek vengeance for the murder of their primarch Ferrus Manus. Gathering survivors from the Raven Guard and the Salamanders aboard any vessels capable of warp travel, these Shattered Legions wage a new campaign of annihilation against the traitor forces across the galaxy - a campaign masterminded by legendary warleader Shadrak Meduson. This Horus Heresy anthology contains ten short stories by authors including Dan Abnett, Chris Wraight, John French and many more. Also, in the novella *The Seventh Serpent*, Graham McNeill revisits the ragtag crew of the starship *Sisypheum* as they are drawn into a war of subterfuge against the Alpha Legion.--Page [4] of cover.

Angel Exterminatus Graham McNeill, 2013-01-29 The latest title in Black Library's premium line. Perturabo – master of siegecraft, and executioner of Olympia. Long has he lived in the shadow of his more favoured primarch brothers, frustrated by the mundane and ignominious duties which regularly fall to his Legion. When Fulgrim offers him the chance to lead an expedition in search of an ancient and destructive xenos weapon, the Iron Warriors and the Emperor's Children unite and venture deep into the heart of the great warp-rift known only as 'the Eye'. Pursued by a ragged band of survivors from Istvan V and the revenants of a dead eldar world, they must work quickly if they are to unleash the devastating power of the Angel Exterminatus!

The Voice of Mars David Guymer, 2018-11-06 Charged with unlocking mysterious Aeldari devices, Iron Father Kristos of the Iron Hands soon

realises the xenos are not alone in their attempts to thwart his duty... For ten thousand years, the Voice of Mars has been a secretive, but powerful position upon the Iron Council. Yet its ambitions, first seeded during the Horus Heresy, are only now beginning to mature. Iron Father Kristos is charged with unlocking the mysterious Eldar devices known collectively as the 'Dawnbreak Technologies.' Before he can recover the first element from Fabris Calivant, the Eldar orchestrate a vicious greenskin invasion which descends upon the Knight World. Kristos soon realises the xenos are not alone in their attempts to thwart his duty. His own brothers also seek to possess the formidable powers for their own ends. In a mission that pitches Clan against Clan, Iron Hand against Iron Hand, to what lengths will the Iron Father go to secure victory?

Warrior to Dreadnought David K Brown,2010-09-22 In the 50 years that separated Warrior from Dreadnought there occurred a revolution in warship design quite unparalleled in naval history; a period that began with the fully-rigged broadside ironclads and ended with the emergence of the great battleships and battlecruisers that were to fight in the First World War. The author explains how nineteenth-century designers responded to developments in engine technology, armour protection and armament in their attempts to develop the best possible fighting ships. He details the development of more efficient engines that brought about the demise of the sailing warship, and the competition between armour and armament, with every increase in the power of guns stimulating the development of ever more sophisticated methods of protection. Importantly, he explains that the Victorian Royal Navy, far from being the reactionary body it is so often depicted as, was, in fact, at the forefront of technological change, for example in the employment of torpedoes and the development of countermeasures to them. Full accounts are given of the significant naval events and battles of the period, making the book a fine narrative history as well as a brilliant work of warship reference. D K BROWN was a distinguished naval architect who retired in 1988 as Deputy Chief Naval Architect of the Royal Corps of Naval Constructors. He published widely on the subject of warship design and built a reputation as a clear and brilliant commentator on the development of the ships of the Royal Navy. He died in 2008.

Iron Hands Jonathan Green,2004 Amongst the Adeptus Astartes there are few warriors so utterly committed to the Imperium and the service of mankind than the Iron Hands. With their conviction comes contempt for any show of weakness and a determination to expunge it whatever the cost. Original.

War Without End Laurie R. King, 2017-02-28 A massive collection of stories by some of Black Library's most popular authors. The Emperor's vision of mankind ascendant lies in tatters. But with Horus's rebellion spreading to every corner of the Imperium and war engulfing new worlds and systems almost daily, there are some who now ask: were the signs there to be seen all along? In these dark times, only one thing is certain – the galaxy will never know peace again, not in this lifetime or a thousand others... This Horus Heresy anthology contains twenty-one short stories by the cream of Black Library's authors, including David Annandale, Aaron Dembski-Bowden, John French, Guy Haley, Nick Kyme, Graham McNeill, Rob Sanders, Andy Smillie, James Swallow, Gav Thorpe and Chris Wraight.

Iron Warriors Omnibus Graham McNeill, 2019-04-02 A great omnibus, collecting together Iron warriors stories from two great Black Library authors. The traitorous Iron Warriors are masters of siegecraft, builders of nigh-impenetrable defences – and just as good at tearing down those of their foes, as these action-packed tales of siege warfare demonstrate.

Outer Dark Robbie MacNiven, 2018-09-18 With tyrannid hive fleets approaching, the Carcharodons make a stand on the world of Piety V. If they can stop the xenos here, they will be able to end the menace before it begins. The Carcharodons' remit is an unenviable one - this Chapter of Space Marines plies the dark areas of space, endlessly hunting down the enemies of mankind. Living on the edge, with no fixed base of operations, they are creatures shaped by their environment, renowned for their ruthlessness and their brutality. With a fresh wave of tyrannid hive fleets approaching the galactic plane, the Carcharodons decide to use the world of Piety V as a bulwark. If they can stop the xenos here, they will be able to end the menace before it begins. But as they mobilise the planet's defenders and fight the tyrannids, the Carcharodons come to learn what the value of mankind truly is.

Tallarn: Ironclad John French, 2017-12-19 The Battle of Tallarn grinds on to its climactic end, but what secret purpose drives the Iron Warriors to

commit such mindless atrocities? The answer lies buried deep beneath the planet's surface... As one of the many staging grounds for the forces serving in the Great Crusade, the verdant world of Tallarn has long served as a transfer point for the personnel and war machines of the Imperial Army. Now, destroyed by a deadly virus-bomb attack launched by the fleet of the vengeful primarch Perturabo, the entire world is reduced to a toxic wasteland where the survivors must fight to defend what little remains of their home. As the battle for Tallarn rages between the traitor Iron Warriors Legion and the Imperial Army, a carpet of armour covers the surface of the toxic planet: Dreadnoughts versus tanks versus Titans. But what secret purpose drives the Iron Warriors onwards to war?

The Age of Darkness Christian Dunn,2011-04-26 A new anthology of short stories delving into the secret history of the Horus Heresy. After the betrayal at Isstvan, Horus begins his campaign against the Emperor, a galaxy-wide war that can lead only to Terra. But the road to the final confrontation between father and son is a long one – seven years filled with secrecy and silence, plans and foundations being formed across distant stars. An unknown history is about to be unveiled as light is shed on the darkest years of the Horus Heresy, and revelations will surface that will shake the Imperium to its very foundation...

HMS Warrior, 1860 Andrew D. Lambert,2011-05-01 Built to underline Victorian Britain's supremacy at sea, HMS Warrior was the world's first iron-hulled, armoured warship. In 1979 she was rescued from ignominy as an oil jetty in Milford Haven to become the subject of an ambitious restoration programme, and for the last twenty years has been open to the public at Portsmouth Historic Dockyard. The story of her revolutionary design, career history and the strange twists of fate that enabled her to survive into an age when her significance in naval architecture would be fully recognised, is described in detail together with the meticulous research that went into faithfully restoring every aspect of the ship. Complete with archival illustrations and photographs, specially commissioned photography, lines plans and diagrams, this is a comprehensive and elegantly produced commemorative volume of a remarkable ship.

Daemon World Ben Counter,2015-12-15 On the daemon world of Torvendis, deep in the heart of the warp storm known as the Malestrom, ancient rivalries threaten to shatter the delicate balance of power On the daemon world of Torvendis, deep in the heart of the warp storm known as the Malestrom, ancient rivalries threaten to shatter the delicate balance of power, currently held by the Lady Charybdia, daemon princess of Slaanesh.

When the warriors of the Word Bearers arrive on the planet, hunting one of their own, the traitor Karnulon, monstrous forces are unleashed that could tear Torvendis apart.

The Pre-Dreadnought Revolution Warren Berry,2013-08 The late nineteenth century saw an unparalleled revolution in warship development as the Victorian navy found itself grappling with intense technical change to ensure its survival in the modern theatre. From the wooden battleships of the 1800s, naval architecture underwent great change to produce a very different form of capital ship, which would have a huge impact and change naval design forever. The pre-dreadnought was constructed of steel, wholly driven by steam power and carried its rifled ordnance in armoured turrets operated by hydraulics. Electrics, mechanical computers, mines and torpedo weapons were also utilised to create an immensely powerful fighting ship the likes of which had never been seen before. This well-illustrated and fascinating history reveals the process involved in that most rapid development, which in such a short time totally altered the naval forces of Britain and ensured that the British Navy remained the most powerful in the world.

Battle of the Fang Chris Wraight,2011-06-07 The fourth book in the best selling Space Marine Battles series featuring the Space Wolves It is M32, a thousand years after the Horus Heresy. The Scouring is over and the Imperium at the height of its post-Crusade power. When Magnus the Red is tracked down to Gangava Prime, the Space Wolves hasten to engage the daemon primarch. Even as Great Wolf Harek Ironhelm closes on his ancient enemy, the Fang on the Space Wolves home world is besieged by a massive force of Thousand Sons. A desperate battle ensues as the skeleton forces of Wolf Lord Asvald Greylock attempt to hold back the attacking hosts before the last of his meagre defences gives in. Though a single Scout ship survives to summon Great Wolf Harek Ironhelm back to Fenris, none of the defenders truly realise the full scale the horror that awaits them nor what the Battle for the Fang will cost them all.

Perturabo Guy Haley,2017-07-11 Perturabo, primarch of the Iron Warriors, is forced to crush his own home world rather than see it fall to rebellion. Born to a life of political conflict, Perturabo was always considered a child prodigy among the people of Olympia – indeed, his philosophical and scientific works were beyond compare. But then, after his rediscovery by the Emperor and decades of thankless military campaigning on the Great Crusade, the primarch begins to resent his Legion's place in the Imperium. When word reaches him of turmoil on his adoptive home world, he orders the Iron Warriors to abandon their campaign against the alien hrud and crush this emerging rebellion by any means necessary...

Wrath of Iron Chris Wraight, 2015-07-28 The latest Space Marines Battles novel After decades spent in the service of the Chaos god Slaanesh, the ruling classes of the Contqual sub-sector have finally brought true damnation upon their people – innumerable hordes of foul and lascivious daemons swarm from a tear in the fabric of reality to embrace their mortal pawns and drive them on to ever more depraved acts of worship. It falls to the Space Marines of the Iron Hands Chapter, wrathful and merciless, to cleanse these worlds of the warp’s unholy taint, and it is upon the surface of Shardenus that the fate of a billion lost souls will be decided.
