*The Manny* Holly Peterson,2009-03-24 What's a Park Avenue working mom to do when her troubled son desperately needs a male role model and her husband is a workaholic? If she's like the gutsy heroine of this phenomenal New York Times bestseller, she hires herself a manny.

**Salvage the Bones** Jesmyn Ward,2012-04-12 A hurricane is building over the Gulf of Mexico, threatening the coastal town of Bois Sauvage, Mississippi, and Esch's father is growing concerned. He's a hard drinker, largely absent, and it isn't often he worries about the family. Esch and her three brothers are stocking up on food, but there isn't much to save. Lately, Esch can't keep down what food she gets; at fifteen, she has just realized that she's pregnant. Her brother Skeetah is sneaking scraps for his prized pit bull's new litter, dying one by one. Meanwhile, brothers Randall and Junior try to stake their claim in a family long on child's play and short on parenting. As the twelve days that make up the novel's framework yield to a dramatic conclusion, this unforgettable family - motherless children sacrificing for one another as they can, protecting and nurturing where love is scarce - pulls itself up to face another day.

**West of Eden** Harry Harrison,2012-07-03 Sixty-five million years ago, a disastrous cataclysm eliminated three quarters of all life on Earth. Overnight, the age of dinosaurs ended. The age of mammals had begun. But what if history had happened differently? What if the reptiles had survived to evolve intelligent life? In *West of Eden*, bestselling author Harry Harrison has created a rich, dramatic saga of a world where the descendents of the dinosaurs struggled with a clan of humans in a battle for survival. Here is the story of Kerrick, a young hunter who grows to manhood among the dinosaurs, escaping at last to rejoin his own kind. His knowledge of their strange customs makes him the humans' leader...and the dinosaurs' greatest enemy. Rivalling Frank Herbert's *Dune* in the majesty of its scope and conception, *West of Eden* is a monumental epic of love and savagery, bravery and hope. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**The Only Road** Alexandra Diaz,2016-10-04 Twelve-year-old Jaime makes the treacherous journey from his home in Guatemala to his older brother in New Mexico after his cousin is murdered by a drug cartel--

*The Hitwoman Goes to Prison* JB Lynn,2019-12-27 Family is everything. That's the motto Maggie Lee lives by. She's proven that she'll do anything (even become an assassin...albeit an inept one, as God likes to remind her) to take care of those she loves. Even when they drive her crazy. But as Maggie attempts to reunite a young boy with his mother, her own family is in danger of falling apart. The human members are facing a heartbreaking loss, the animals are mutinying against one of their own, and a missing skull is causing trouble for everyone. Maggie may be able to save an innocent's life, but can she save her family?

*Christmas Eve Blizzard* Andrea Vlahakis,2005-10-20 Join Nicholas and his grandfather as they push aside the thoughts of decorating the Christmas tree to lovingly care for a cardinal trapped in the snow of a blizzard on Christmas Eve. Christmas morning finds Nicholas more concerned about the bird than opening his gifts.

*End in Tears* Ruth Rendell,2010-07-30 The award-winning author of *Babes in the Woods* and *The Rottweiler* brings us another gripping Inspector Wexford novel. A lump of concrete dropped deliberately from a little stone bridge over a relatively unfrequented road kills the wrong person. The driver behind is spared. But only for a while... One particular member of the local press is gunning for the Chief Inspector, distinctly unimpressed with what he regards as old-fashioned police methods. But Wexford, with his old friend and partner, Mike Burden, along with two new recruits to the Kingsmarkham team, pursue their inquiries with a diligence and humanity that make Ruth Rendell's detective stories enthralling, exciting and very touching.

**Confessions of a Slightly Neurotic Hitwoman** JB Lynn,2012-01-24 Maggie Lee is not your average hitwoman. For one thing, she's never killed anyone. For another, after hitting her head in the car accident that killed her sister, her new best friend is a talking lizard—a picky eater, obsessed with *Wheel of Fortune*, that only Maggie can hear. Maggie, who can barely take care of herself, is desperate to help her injured and orphaned niece get the best medical care possible, so she reluctantly accepts a mobster's lucrative job offer: major cash to kill his monstrous son-in-law. Paired with Patrick Mulligan, a charming murder mentor (who happens to moonlight as a police detective), Maggie stumbles down her new career path, contending with self-doubt, three meddling aunts, a semi-psychic friend predicting her doom, and a day job she hates. Oh, and let's not forget about Paul Kowalski, the sexy beat cop who could throw her ass in jail if he finds out what she's up to. Training has never been so complicated! And, this time, Maggie has to get the job done. Because if she doesn't . . . she's the mob's next target.

**Remains Silent** Dr. Michael M. Baden,Linda Kenney,2006-09-26 When a body is found beneath a construction site near the Catskill Mountains, New York City deputy chief medical examiner Jake Rosen is called to the scene, where he meets his match: Philomena “Manny” Manfreda, a beautiful crusading attorney. Together they stumble upon a decades-old mystery involving a long-shuttered mental institution, shocking medical experiments, and a troubled love affair.

**The Vampire Archives** Otto Penzler,2009-09-29 The Vampire Archives is the biggest, hungriest, undeadliest collection of vampire stories, as well as the most comprehensive bibliography of vampire fiction ever assembled. Dark, stormy, and delicious, once it sinks its teeth into you there's no escape.

Vampires! Whether imagined by Bram Stoker or Anne Rice, they are part of the human lexicon and as old as blood itself. They are your neighbors, your friends, and they are always lurking. Now Otto Penzler—editor of the bestselling Black Lizard Big Book of Pulps—has compiled the darkest, the scariest, and by far the most evil collection of vampire stories ever. With over eighty stories, including the works of Stephen King and D. H. Lawrence, alongside Lord Byron and Tanith Lee, not to mention Edgar Allan Poe and Harlan Ellison, The Vampire Archives will drive a stake through the heart of any other collection out there. Other contributors include: Arthur Conan Doyle • Ray Bradbury • Ambrose Bierce • H. P. Lovecraft • Harlan Ellison • Roger Zelazny • Robert Bloch • Clive Barker

*The Hitwoman Takes a Road Trip* JB Lynn,2019-05-21 Some people just can't outrun trouble. Overwhelmed hitwoman Maggie Lee thinks she's leaving her family worries behind when she's convinced to take a road trip with her buddy, Armani. But pretty soon an old friend, a pesky relative, and even her pet, are asking for her help. Loyal to a fault, Maggie soon finds herself tangled in a dangerous theft involving a crime family; confronting the abusive previous owner of her cat, Piss; and dealing with family revelations that rock her world. With the assistance of psychic predictions, talking animals and unexpected allies, Maggie takes on her troubles head-on. But if she's not careful, this "vacation" could literally be the death of her.

*After the Revolution* Robert Evans,2022-05-10 What will the fracturing of the United States look like? After the Revolution is an edge-of-your-seat answer to that question. In the year 2070, twenty years after a civil war and societal collapse of the old United States, extremist militias battle in the crumbling Republic of Texas. As the violence spreads like wildfire and threatens the Free City of Austin, three unlikely allies will have to work together in an act of resistance to stop the advance of the forces of the white Christian ethnostate known as the Heavenly Kingdom. Out three protagonists include Manny, a fixer that shuttles journalists in and out of war zones and provides footage for outside news agencies. Sasha is a teenage woman that joins the Heavenly Kingdom before she discovers the ugly truths behind their movement. Finally, we have Roland: A US Army vet kitted out with cyberware (including blood that heals major trauma wounds and a brain that can handle enough LSD to kill an elephant), tormented by broken memories, and 12,000 career kills under his belt. In the not-so-distant world Evans conjures we find advanced technology, a gender expansive culture, and a roving Burning Man-like city fueled by hedonistic excess. This powerful debut novel from Robert Evans is based on his investigative reporting from international conflict zones and on increasingly polarized domestic struggles. It is a vision of our very possible future.

*Billy F Gibbons* Billy F Gibbons,Tom Vickers,2020-06-02 Expanded for the occasion of ZZ Top's 50th anniversary, Billy F Gibbons: Rock + Roll Gearhead throws wide Gibbons' garage and studio doors for an exclusive look at his exquisite collection of cars and guitars. Love cars, guitars, and ZZ Top? This visually stunning tour through this Grade-A Texas gearhead's weird, wild life, vintage and way-out custom guitars, and influential hot rods and custom cars is mandatory education. From the near-mythical '59 Les Paul sunburst known as "Pearly Gates" and the "Furry One" of MTV renown to cars like the Eliminator, CadZZilla, and Kopperhed, they're all here—more than 60 guitars and 15 astounding vehicles, all expounded upon by BFG himself and shown in commissioned color and artistic black-and-white photography. Cars and guitars that have made their way to light since the book's first publication in 2005 are included: Cars: Mexican Blackbird 1958 Thunderbird Quintana '50 Ford Custom El Camino Grocery-Getter custom Whiskey Runner '34 Ford Coupe '51 Willys Wagon Guitars: Party Peelers John Bolin Customs Neiman Marcus BFG SG Nacho Telecaster John Bolin Think Buck T-style Mexican Blackbird solidbody Mojo Maker Tone Bender Zemaitis custom Marconi Lab Guitar 1929 Dixie Ukelele 1939 Rickenbacker Frying Pan ...and more! While BFG's cars 'n' guitars are the stuff of legend, no less intriguing are the tales behind his incredible music career. From teenage Houston garage rocker to the Rock and Roll Hall of Fame, the whole story is between these covers, told in the Good Reverend Willie G's own words and illustrated with photos and memorabilia from his personal archive. As with many rockers, Billy F Gibbons' jones for hot rods and customs is the stuff of legend. But beyond this bona fide bluesman's mastery of the six-string and unrepentant love for internal combustion is a noted collector whose own designs have manifested themselves in hundreds of mind-bending cars and guitars. This is the definitive and official record of that genius.

*Butterflies of the Central Arizona Highlands* Hicks,2021

*Maybe the People Would Be the Times* Luc Sante,2020-09-22 In his second collection (after *Kill All Your Darlings*, 2007), Luc Sante pays homage to Patti Smith, Rene Ricard, and Georges Simenon; traces the history of tabloids; surveys the landscape that gave birth to the Beastie Boys; explores the back alleys of vernacular photography; sounds a threnody for the forgotten dead of New York City. The glue holding the collection together is autobiography. Every item carries deep personal significance, and most are rooted in lived experience, in particular Sante's youth on the Lower East Side of New York in the fertile 1970s and '80s. He traces his deep engagement with music, his experience of the city, his progression as an artist and observer, his love life and ambitions. *Maybe the People Would Be the Times* is organized as a series of sequences, in which one piece leads into the

next. Memoir flows into essay, fiction into critical writing, humor into poetry, the pieces answering and echoing one another, examining subjects from multiple vantages. The collection shows Sante at his most lyrical, impassioned, and imaginative, a writer for whom every assignment brings the challenge of inventing a new form.
