Shattered Legions Laurie Goudling, 2018 Driven almost to the brink of self-destruction at Istvan V, the Iron Hands now seek vengeance for the murder of their primarch Ferrus Manus. Gathering survivors from the Raven Guard and the Salamanders aboard any vessels capable of warp travel, these Shattered Legions wage a new campaign of annihilation against the traitor forces across the galaxy - a campaign masterminded by legendary warleader Shadrak Meduson. This Horus Heresy anthology contains ten short stories by authors including Dan Abnett, Chris Wraight, John French and many more. Also, in the novella *The Seventh Serpent*, Graham McNeill revisits the ragtag crew of the starship *Sisyphus* as they are drawn into a war of subterfuge against the Alpha Legion, --Page [4] of cover.

Warden of the Blade David Annandale, 2018-01-23 The noble Castellan Crowe of the Grey Knights Chapter must wield the cursed Blade of Antwyr, an indestructable weapon imbued with evil daemonic power. Castellan Crowe, Brotherhood Champion of the Purifier order of the Grey Knights, bears a heavy burden – to be the warden of the dread Blade of Antwyr. Its malevolent voice is forever in his head, trying to crack his resolve, urging him to unleash a power he must never use. The toll is terrible – how long before the incorruptible Crowe is at last defeated? Under the command of Castellan Gavallan, Crowe and his brother Purifiers bring purging flame to a daemonic incursion that threatens to consume the world of Sandava I. However, what awaits them there is more

insidious and more powerful than they imagine, and they must reckon too with the machinations of the Blade, as it seeks to destroy its guardian and drown the galaxy in blood.

Astorath: Angel of Mercy Guy Haley, 2022-03-01
Discover the story of Astorath, one of the Blood Angels' most fascinating characters! Following the Devastation of Baal and the arrival of the Primarch Roboute Guilliman's Indomitus Crusade, Commander Dante of the Blood Angels has been appointed Lord Regent of all Imperium Nihilus. Working with the successor chapters of the Blood Angels, Dante commands that the area around the Red Scar be scouted in preparation for reconquest. The Red Wings' sweep has led them to the foetid world of Dulcis, dangerously near to the Cicatrix Maledictum itself. Decimated by the tyranids during the war for Baal and only lightly reinforced by Primaris Space Marines, the Red Wings Chapter are in no position to deal with the events that unfold there. Strange psychic phenomenon and a deadly xenos enemy threaten the great hope of all the Chapters of the Blood – that the flaw in Sanguinius' geneseed has at last been tamed. Drawn by the Black Rage to Dulcis, Astorath the Grim, Lord High Chaplain and Redeemer of the Lost, comes to aid the Red Wings. But what he discovers there will shake the Chapters of the Blood to their very core.

The Time Machine and the War of the Worlds H. G. Wells, 2013-07-09
Contents: The Time Machine War of the Worlds The Time Traveller (for so it will be convenient to speak of him) was expounding a recondite matter to us. His grey eyes shone and

twinkled, and his usually pale face was flushed and animated. The fire burned brightly, and the soft radiance of the incandescent lights in the lilies of silver caught the bubbles that flashed and passed in our glasses. Our chairs, being his patents, embraced and caressed us rather than submitted to be sat upon, and there was that luxurious after-dinner atmosphere when thought roams gracefully free of the trammels of precision. And he put it to us in this way—marking the points with a lean forefinger—as we sat and lazily admired his earnestness over this new paradox (as we thought it) and his fecundity.

The Age of Darkness Christian Dunn, 2011-04-26 A new anthology of short stories delving into the secret history of the Horus Heresy. After the betrayal at Istvan, Horus begins his campaign against the Emperor, a galaxy-wide war that can lead only to Terra. But the road to the final confrontation between father and son is a long one — seven years filled with secrecy and silence, plans and foundations being formed across distant stars. An unknown history is about to be unveiled as light is shed on the darkest years of the Horus Heresy, and revelations will surface that will shake the Imperium to its very foundation...

Angels Chapter. When he is awakened to lead the Death Company into battle on the war-wracked world of Phlegethon, Lemartes must battle his incipient madness as his forces clash with equally insane foes: the blood-crazed servants of Chaos.

When the warriors of the Word Bearers arrive on the planet, hunting one of their own, the traitor Karnulon, monstrous forces are unleashed that could tear Torvendis apart.

Ahriman: Sorcerer John French, 2015-01-20 Book two in the Ahriman series Ahriman, greatest sorcerer of the Thousand Sons and architect of the Rubric that laid his Legion low, continues to walk the path towards salvation, or damnation. Searching for a cure for his Legion, he is forced to consider – was the great ritual somehow flawed from the very beginning? The answer may lie within the mysterious artefact known as the Athenaeum of Kallimakus, a grimoire of forgotten lore which is reputed to contain the exact words of the lost Book of Magnus... or, perhaps, even a transcription of the primarch's deepest and most secret thoughts.

Armour Modelling John Prigent, 2006-11-28 This book sets out to answer a wide range of modelers' 'how-to' questions. It begins by showing all the things that need to be done to build a first

model. Paints, glues, knives and other basic tools are introduced. Then it moves on to the use of accessories - etched metal sets, turned metal gun barrels, and simple resin conversions. Here the more specialised tools, such as those made for work with etched metal, are discussed. The book includes sections covering working safely with resin, adding camouflage finishes by brush, spray can and airbrush, and ways of reproducing the German anti-magnetic Zimmerit finish that troubles many modellers. The various types of replacement tank tracks are shown with ways to build and paint them, and the different challenges of modeling wheeled vehicles are also addressed. The book continues with demonstrations of how to build a complex conversion or a complete resin kit as well as more simple scratchbuilding (working from raw materials rather than prefabricated kit parts). Researching and making decals for markings when there are no ready-made ones available, display bases and figures are also covered. Everything is straightforwardly explained and clearly illustrated by numerous photographs of steps in the various processes and of finished models.

The Anglo-Boer War in 100 Objects War Museum of the Boer Republics, 2017-02 The Anglo-Boer War in 100 Objects brings the victories and the tragedies, the full extent of the human drama behind this war to life through 100 iconic artefacts. While a Mafeking siege note helps to illustrate the acute shortages caused by the siege, a spade used by a Scottish soldier at Magersfontein and the boots of a Boer soldier who died at Spion Kop tell of the severity of some of the famous battles. The book follows the course of the war but also highlights specific themes, such as British and Boer weaponry, medical services,

POW camps, as well as major role-players on both sides. The text is interspersed with striking historical images from the museums photographic collection. A further 200 secondary objects have been included to help tell the story of a conflict that left an indelible mark on the South African landscape.
