**Toad** Ruth Owen, 2018-08-01 In this title, join a tiny toad as she embarks on a long journey to lay her eggs in a pond. Along the way, she must avoid inquisitive pet dogs, a hungry snake, and a busy road. The book combines repetitive text with high-frequency and familiar sight words. Unfamiliar vocabulary is supported by detailed photographic images with labels, close photo/text matches, and a picture glossary.

**The Shy Toad** Jackie Small, 2014-09-05 Making friends can sometimes be a daunting experience, as Toad knew only too well. One day, Water Snail approaches Toad and offers to coach him on how to make friends. Happy to be getting help, Toad practices saying hello to an unsuspecting shrimp, with funny consequences. Follow Toad's bravery as he tries to make friends with a whole range of animals and insects, with heart-warming results.

The Toad That Wanted to Go to School Michele Poland, 2016-01-17 I am a talented author who is seeking an outstanding illustrator to join with me in a partnership to publish an inspirational picture book. I believe that a picture REALLY is worth a million words and so my story needs the pictures of a talented illustrator to bring them to life and enter the publishing world with me!

Toad Ruth Brown, 1999 A toad has a close call with a monster.

**Tony Toad** Amanda Gibson, 2015-03-05 Kids can color the main character and have their name filled into the story line! A story about a child who loves toads, though others' do not, learns why animals live in the wild, and by the end of the book, we all learn everyone has something to offer.

Frog and Toad Together Arnold Lobel, 2011-05-31 The beloved classic about friendship—a Newbery Honor Book! Frog and Toad are best friends—they do everything together. When Toad admires the flowers in Frog's garden, Frog gives him seeds to grow a garden of his own. When Toad bakes cookies, Frog helps him eat them. And when both Frog and Toad are scared, they are brave together. School Library Journal called this story collection from Arnold Lobel a masterpiece of child-styled humor and sensitivity. Winner of the Newbery Honor award, *Frog and Toad Together* is a Level Two I Can Read book, geared for kids who read on their own but still need a little help. Whether shared at home or in a classroom, the engaging stories, longer sentences, and language play of Level Two books are proven to help kids take their next steps toward reading success. The classic Frog and Toad stories by Arnold Lobel have won numerous awards and honors, including a Newbery Honor, a Caldecott Honor, ALA Notable Children's Book, Fanfare Honor List (Horn Book), School Library Journal Best Children's Book, and Library of Congress Children's Book.

Frog and Toad Are Friends Arnold Lobel, 1970-08-26 One summer day Toad was unhappy. He had lost the white, fourholed, big, round, thick button from his jacket. Who helped him look for it? His best friend, Frog. Another day, Frog was unhappy. He was sick in bed and looking green. Who gave him some tea and told him a story? His best friend, Toad. From the first enchanting story to the last, these five adventures of two best friends are packed with excitement, gaiety, and tender affection. Children will find this book delightful to read and beautiful to look at, either story by story, or from cover to cover.

**Frog Vs Toad** Ben Mantle, 2022-07-05 Frog is a frog and Toad is a toad. They are clearly totally different from each other. So when an unlucky fly mistakes Frog and Toad for two frogs, the two are determined to set the record straight. After all, Toad is obviously stronger, while Frog is unmistakably the superior hopper . . . and before long, things start to

get a bit heated among the amphibian population in the swamp. But when the two rivals have a close encounter with a snappy alligator, both Frog and Toad see the benefit of joining forces. Perhaps they're not so different after all?--Publisher's description.

*Egg Drop* Mini Grey, 2012-06-27 Now for something completely different from Mini Grey! A mother hen tells her chicks about the egg that wanted to fly. "The egg was young. It didn't know much. We tried to tell it, but of course it didn't listen." The egg loves looking up at the birds (yes, it has eyes). It climbs 303 steps (yes, it has legs) to the top of a very tall tower—and jumps. It feels an enormous egg rush. "Whee!" it cries. "I am flying!" But it is not flying, it is falling. Hold your tears, dear reader—there is a sunny ending for this modern-day Humpty Dumpty. Impossible to categorize, *Egg Drop* is Mini Grey at her zaniest.

*Circle Under Berry* Carter Higgins, 2021-09-14 Part Sandra Boynton, part Each Peach Pear Plum; part Chicka Chicka Boom Boom, part Hippopposites—a treat for the brain and the tongue. With an elegant and simple approach, this thought-provoking concept book shows young readers that everything in the world can be seen from infinite perspectives. Each page compares colors, shapes, and objects in relation to each other. A triangle that is over a square is also under a circle. A circle that is pink also might be a flower. The artful, playful combinations of simple concepts and Higgins's rhythmic writing and expert arrangement of objects on the page make this book a perfect read-aloud, capable of entertaining, educating, and challenging readers in equal measure. There are multiple ways to read the book, allowing it to work for several ages and reading levels at once. The educational value and sheer fun packed into this book's language and visual design will make it a huge hit with educators and librarians, new parents, and creative kids who are visual learners. This striking, delightfully different exploration of shape, color, and patterns redefines what a picture book can be. Read it once, read it ten times. See something new every time. A GREAT INTRODUCTION TO MANY DIFFERENT CONCEPTS: This book's focus on color, shapes, objects, and relative words like over, under, and next to make this the perfect introduction to basic concepts of all kinds. Rather than traditional concept books that focus on only one idea, this book combines its teaching approach, helping young readers learn more than one concept at once by showing how they relate to each other. A DYNAMIC LEARNING EXPERIENCE: The unusual combination of colors, shapes, and animals intelligently introduces young readers to patterns, classification, and problem-solving. The imaginative language of this book, rich with rhythmic phrasing and a tongue twister-like playfulness, creates a soothing read-aloud text that engages young children with questions and encourages audience participation. PERFECT FOR ANY KIND OF EDUCATION: With a variety of concepts, clear read-aloud qualities, and the many different ways this book engages different styles of learning, this book is ideal for librarians, educators, and anyone creating reading events in their communities. BELOVED AUTHOR: Carter Higgins is not only the author of many acclaimed books for children such as *Everything You Need to Build a*

Treehouse, This Is Not a Valentine, and Bikes for Sale, she's also a seasoned school librarian who's spent many years working with children. Her love of kids—and her passion for teaching—shines throughout this book. **EASY ART PROJECT INSPIRATION:** Having honed her art skills as an elementary librarian, Carter Higgins makes her own debut as an illustrator for this book with simple, appealing collages. Kids will love making their own art projects inspired by the illustrations in this book. **BRIGHT, EYE-CATCHING ART:** The simple shapes and lively colors are designed to appeal to young children. Read this if your children enjoy Hervé Tullet's *Press Here* or Bill Martin Jr.'s *Brown Bear, Brown Bear What Do You See?*  
 Perfect for: • Parents • Grandparents • Educators • Gift-givers

**Happy Birthday, Cupcake!** Terry Border, 2015-07-07 From the creator of *Peanut Butter & Cupcake* comes a birthday book starring everyone's favorite dessert! What's a cupcake to do when she needs to plan her birthday party? In this hilarious, kid-friendly homage to food and birthdays, Cupcake runs through tons of ideas while her best friend, Blueberry Muffin, finds reasons why they won't work: Soup gets seasick; Donut melts in the sun; someone might get squashed during musical chairs; and Cupcake is not very good at limbo (her icing might get sliced off!). Just as Cupcake is ready to crumble, Blueberry Muffin has one last idea that just might save the day. With laugh-out-loud visual gags (like a band made up of beans--the musical fruit, of course), this book is sure to put a birthday smile on any kid's face (and on adult faces as well). Praise for *Happy Birthday, Cupcake!*: As in his earlier picture book, Border's characters are skillfully crafted food items with basic wire limbs arranged in simple landscapes....Preschoolers will be delighted with the visual mayhem.--Kirkus Reviews Praise for *Peanut Butter & Cupcake*: Border's witty food comedy will lure children who are hungry for clever visual entertainment.--Publishers Weekly [Z]any creative photographs. [A] read-aloud hit.--School Library Journal

**SuperFoods** Annabel Karmel, 2011-01-04 Presents a guide to infant and child nutrition based on their age that is supplemented with recipes and tips for introducing new foods into their diets.

**Toad Rage** Morris Gleitzman, 2008-12-18 Limpy's family reckons humans don't hate cane toads, but Limpy knows otherwise. He's spotted the signs: the cross looks, the unkind comments, the way they squash cane toads with their cars. Limpy is desperate to save his species from ending up as pancakes. Somehow he must make humans see how fabulous cane toads really are. Risking everything, he sets off on a wart-tinglingly dangerous and daring journey to . . . the Olympics? This is the epic story of a slightly squashed young cane toad's quest for the truth.

**You're My Boo** Kate Dopirak, 2016-09-20 In a sweet rhyming ode to unconditional love, debut author Kate Dopirak celebrates the silly ups and downs of life with a little one. Introducing an adorable fox family, where the older brother is sweet...and a bit of a stinker. But whether he gets along (or doesn't) with his baby sibling, whether he is helpful (or not) to his family, or whether he behaves (or doesn't) when it's time to settle down, his Mama is

always right there to reassure him that, “No matter what you do, you will always be my boo.”

*Cane Toad Wars* Rick Shine, 2018-03-20 In 1935, an Australian government agency imported 101 specimens of the Central and South American Cane Toad in an attempt to manage insects that were decimating sugar-cane harvests. In Australia the Cane Toad adapted and evolved with abandon, voraciously consuming native wildlife and killing predators with its lethal skin toxin. Today, hundreds of millions of Cane Toads have spread across the northern part of Australia and continue to move westward. The humble Cane Toad has become a national villain. *Cane Toad Wars* chronicles the work of intrepid scientist Rick Shine, who has been documenting the toad’s ecological impact in Australia and seeking to buffer it. Despite predictions of devastation in the wake of advancing toad hordes, the author’s research reveals a more complex and nuanced story. A firsthand account of a perplexing ecological problem and an important exploration of how we measure evolutionary change and ecological resilience, this book makes an effective case for the value of long-term natural history research in informing conservation practice.
