*Rules for Radicals* Saul Alinsky,2010-06-30 "This country's leading hell-raiser (The Nation) shares his impassioned counsel to young radicals on how to effect constructive social change and know "the difference between being a realistic radical and being a rhetorical one." First published in 1971 and written in the midst of radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

Surfing Uncertainty Andy Clark,2016 This title brings together work on embodiment, action, and the predictive mind. At the core is the vision of human minds as prediction machines - devices that constantly try to stay one step ahead of the breaking waves of sensory stimulation, by actively predicting the incoming flow. In every situation we encounter, that complex prediction machinery is already buzzing, proactively trying to anticipate the sensory barrage. The book shows in detail how this strange but potent strategy of self-anticipation ushers perception, understanding, and imagination simultaneously onto the cognitive stage.

**Self-Portrait with Boy** Rachel Lyon,2018-02-06 Soon to be made into a major motion picture—Self Portrait—starring Zoë Kravitz and Thomasin McKenzie Longlisted for the Center for Fiction First Novel Prize, a rich and thorny page turner (Los Angeles Times) literary psychological horror about an ambitious young artist whose accidental photograph of a tragedy could jumpstart her career, but devastate her most intimate friendship. Lu Rile is a relentlessly focused young photographer struggling to make ends meet. Working three jobs, responsible for her aging father, and worrying that her crumbling loft apartment is being sold to

developers, she is at a point of desperation. One day, in the background of a self-portrait, Lu accidentally captures an image of a boy falling to his death. The photograph turns out to be startlingly gorgeous, the best work of art she’s ever made. It’s an image that could change her life...if she lets it. But the decision to show the photograph is not easy. The boy is her neighbors’ son, and the tragedy brings all the building’s residents together. It especially unites Lu with the boy’s beautiful grieving mother, Kate. As the two forge an intense bond based on sympathy, loneliness, and budding attraction, Lu feels increasingly unsettled and guilty, torn between equally fierce desires: to advance her career, and to protect a woman she has come to love. Set in early 90s Brooklyn on the brink of gentrification, Self-Portrait with Boy is a “sparkling debut” (The New York Times Book Review) about the emotional dues that must be paid on the road to success and a powerful exploration of the complex terrain of female friendship. “The conflict is rich and thorny, raising questions about art and morality, love and betrayal, sacrifice and opportunism, and the chance moments that can define a life...It wrestles with the nature of art, but moves with the speed of a page-turner” (Los Angeles Times).

Becoming Grandma Lesley Stahl,2017-04-04 The New York Times Bestseller From one of the country’s most recognizable journalists, Lesley Stahl of CBS's 60 Minutes: How becoming a grandmother transforms a woman’s life. After four decades as a reporter, Lesley Stahl’s most vivid and transformative experience of her life was not covering the White House, interviewing heads of state, or researching stories at 60 Minutes. It was becoming a grandmother. She was hit with a jolt of joy so intense and unexpected, she wanted to “investigate” it—as though it were a news flash. And so, using her 60 Minutes skills, she explored how grandmothering changes a woman’s life, interviewing friends like Whoopi Goldberg, colleagues like Diane Sawyer (and grandfathers, including Tom Brokaw), as well as the proverbial woman next door. Along with these personal accounts, Stahl speaks with scientists and doctors about physiological changes that occur in women when they have grandchildren; anthropologists about why there are grandmothers, in evolutionary terms; and psychiatrists about the therapeutic effects of grandchildren on both grandmothers and grandfathers. Throughout Becoming Grandma, Stahl shares stories about her own life with granddaughters Jordan and Chloe, about how her relationship with her daughter, Taylor, has changed, and about how being a grandfather has affected her husband, Aaron. In an era when baby boomers are becoming grandparents in droves and when young parents need all the help they can get raising their children, Stahl’s book is a timely and affecting read that redefines a cherished relationship.

**Lost Souls** Poppy Brite,2010-11-03 Vampires . . . they ache, they love, they thirst for the forbidden. They are your friends and lovers, and your worst fears. “A major new voice in horror fiction . . . an electric style and no shortage of nerve.”—Booklist At a club in Missing Mile, N.C., the children of the night gather, dressed in black, look for acceptance. Among them are Ghost, who sees what others do not; Ann, longing for love; and Jason, whose real name is Nothing, newly awakened to an ancient, deathless truth about his father, and himself. Others are coming to Missing Mile tonight. Three beautiful, hip vagabonds—Molochai, Twig, and the seductive Zillah, whose eyes are as green as limes—are on their own lost journey, slaking their ancient thirst for blood, looking for supple young flesh. They find it in Nothing and Ann, leading them on a mad, illicit road trip south to New Orleans. Over miles of dark highway, Ghost pursues, his powers guiding him on a journey to reach his destiny, to save Ann from her new companions, to save Nothing from himself. . . . “An important and original work . . . a gritty, highly literate blend of brutality and sentiment, hope and despair.”—Science Fiction Chronicle

Facing the Music Jennifer Knapp,2014-10-07 Jennifer Knapp’s meteoric rise in the Christian music industry ended abruptly when she walked away and came out publicly as a lesbian. This is her story—of coming to Christ, of building a career, of admitting who she is, and of how her faith remained strong through it all. At the top of her career in the Christian music industry, Jennifer Knapp quit. A few years later, she publicly revealed she is gay. A media frenzy ensued, and many of her former fans were angry with what they saw as turning her back on God. But through it all, she held on to the truth that had guided her from the beginning. In this memoir, she finally tells her story: of her troubled childhood, the love of music that pulled her through, her dramatic conversion to Christianity, her rise to stardom, her abrupt departure from Christian Contemporary Music, her years of trying to come to terms with her sexual orientation, and her return to music and Nashville in 2010, when she came out publicly for the first time. She also talks about the importance of her faith, and despite the many who claim she can no longer call herself a believer, she maintains that she is both gay and a Christian. Now an advocate for LGBT issues in the church, Jennifer has witnessed heartbreaking struggles as churches wrestle with issues of homosexuality and faith. This engrossing, inspiring memoir will help people understand her story and to believe in their own stories, whatever they may be.
