And how can he ever trust anyone again? Praise for *All the Money in the World*: 'Great storytelling with a moral core' The Sunday Times, Children's Book of the Week

Scar Michael Cole, 2020-10-26 Scar is a killing machine. Born from DNA spliced between the extinct Megalodon and modern day Great White, he has a viciousness that transcends time. After escaping captivity, the killer shark travels to the island community Cross Point, where prey is in abundance. With an insatiable appetite, heightened senses, and skin impervious to bullets, Scar kills everything that crosses his path. His reign of terror puts him at war with the island sheriff, Nick Piatt. With the body count rising, Nick vows to protect his island community from the vicious threat. With the aid of a marine biologist, a rookie deputy, and a bad-tempered fisherman, Nick leads a crusade against Scar, as well as the ruthless scientist who created him.

The Shark Club Ann Kidd Taylor, 2017-06-06 "A quintessential summer read." –Marie Claire A warm and wonderfully vivid novel about taking second chances—in life and in the sea One summer day on the beach in Florida, two extraordinary things happen to Maeve Donnelly. First, she is kissed by Daniel, the boy of her dreams. Then, she is bitten by a blacktip shark. Eighteen years later, Maeve has thrown herself into her work as a world-traveling marine biologist discovering more about the minds of misunderstood sharks. But when Maeve returns home to the legendarily charming and eccentric Hotel of the Muses where she was raised by her grandmother, she finds more than just the blood orange sunsets and key lime pies she's missed waiting for her. While Maeve has always been fearless in the water, on land she is indecisive. A chance meeting on the beach with a plucky, irresistible little girl who is just as fascinated by the ocean as Maeve was growing up leaves her at a crossroads: Should she re-kindle her romance with Daniel, the first love she left behind when she dove into her work? Or indulge in a new romance with her colleague, Nicholas, who turns up in her hometown to investigate an illegal shark-finning operation? Set against the intoxicating backdrop of palm trees, calypso bands, and perfect ocean views, *The Shark Club* is a story

of the mysterious passions of one woman's life: her first love and new love; the sea and sharks that inhabit it.

The Devil's Teeth Susan Casey, 2006-05-30 A journalist's obsession brings her to a remote island off the California coast, home to the world's most mysterious and fearsome predators--and the strange band of surfer-scientists who follow them Susan Casey was in her living room when she first saw the great white sharks of the Farallon Islands, their dark fins swirling around a small motorboat in a documentary. These sharks were the alphas among alphas, some longer than twenty feet, and there were too many to count; even more incredible, this congregation was taking place just twenty-seven miles off the coast of San Francisco. In a matter of months, Casey was being hoisted out of the early-winter swells on a crane, up a cliff face to the barren surface of Southeast Farallon Island--dubbed by sailors in the 1850s the devil's teeth. There she joined Scot Anderson and Peter Pyle, the two biologists who bunk down during shark season each fall in the island's one habitable building, a haunted, 135-year-old house spackled with lichen and gull guano. Two days later, she got her first glimpse of the famous, terrifying jaws up close and she was instantly hooked; her fascination soon yielded to obsession--and an invitation to return for a full season. But as Casey readied herself for the eight-week stint, she had no way of preparing for what she would find among the dangerous, forgotten islands that have banished every campaign for civilization in the past two hundred years. *The Devil's Teeth* is a vivid dispatch from an otherworldly outpost, a story of crossing the boundary between society and an untamed place where humans are neither wanted nor needed.

Dubious Charmaine Pauls, 2017-07-11 Repulsiveness personified, that's me. I own a mirror, and I'm not afraid to

look in it. What you see on the surface is a reflection of what runs under my skin. I'm a loan shark. Breaking people is in my blood. The Haynes's were supposed to be a straightforward job. Go in and pull the trigger twice. One bullet for Charlie, one for his sister. But when I saw Valentina, I wanted her. Only, in our world, those who owe us don't get second chances. No way in hell will my mother let her live. So I devised a plan to keep her. It's depraved. It's immoral. It's dubious. It's perfect. Just like her. (DUBIOUS is the first full-length novel in a two-part duet and ends on a cliffhanger. The second book, CONSENT, will be available on 14 November 2017. This is a dark romance with a criminal anti-hero and forced seduction. Reader discretion is advised.)

Sharks Gene Helfman, George H. Burgess, 2014-05-15 Whether your fascination with sharks stems from fear or curiosity, your knowledge of these animals will improve immensely when you consult this book.

438 Days Jonathan Franklin, 2015-11-17 The miraculous account of the man who survived alone and adrift at sea longer than anyone in recorded history. For fourteen months, Alvarenga survived constant shark attacks. He learned to catch fish with his bare hands. He built a fish net from a pair of empty plastic bottles. Taking apart the outboard motor, he fashioned a huge fishhook. Using fish vertebrae as needles, he stitched together his own clothes. Based on dozens of hours of interviews with Alvarenga and interviews with his colleagues, search and rescue officials, the medical team that saved his life and the remote islanders who nursed him back to health, this is an epic tale of survival. Print run 75,000.

The Loan Shark Duet Charmaine Pauls, 2020-02-03 A DARK MAFIA ROMANCE Perversely hot, gritty, and richly textured, Valentina and Gabriel's story is one of the best dark romances I've read. -- Anna Zaires, New York Times bestselling author of *Twist Me* I'm a loan shark. Breaking people is in my blood. The Haynes's were supposed to be a straightforward job. Go in and pull the trigger twice. One bullet for Charlie, one for his sister. But when I saw Valentina, I wanted her. Only, in our world, those who owe us don't get second chances. No way in hell will my mother let her live. So I devised a plan to keep her. It's depraved. It's immoral. It's dubious. It's perfect. Just like her.

Mincemeat Leonardo Lucarelli, 2016-12-06 With the wit and pace of Anthony Bourdain, Italian chef and anthropologist Leonardo Lucarelli sketches the exhilarating life behind the closed doors of restaurants, and the unlikely work ethics of the kitchen. In Italy, five-star restaurants and celebrity chefs may seem, on the surface, a part of the landscape. In reality, the restaurant industry is as tough, cutthroat, and unforgiving as anywhere else in the world--sometimes even colluding with the shady world of organized crime. The powerful voice of Leonardo Lucarelli takes us through the underbelly of Italy's restaurant world. Lucarelli is a professional chef who for almost two decades has been roaming Italy opening restaurants, training underpaid, sometimes hopelessly incompetent sous-chefs, courting waitresses, working long hours, riding high on drugs, and cursing a culinary passion he inherited as a teenager from his hippie father. In his debut, *Mincemeat: The Education of an Italian Chef*, Lucarelli teaches us that even among rogues and misfits, there is a moral code in the kitchen that must, above all else, always be upheld.

The Ice Balloon Alec Wilkinson, 2012-01-24 In this grand and astonishing tale, Alec Wilkinson brings us the story of S. A. Andrée, the visionary Swedish aeronaut who, in 1897, during the great age of Arctic endeavor, left to

discover the North Pole by flying to it in a hydrogen balloon. Called by a British military officer “the most original and remarkable attempt ever made in Arctic exploration,” Andrée’s expedition was followed by nearly the entire world, and it made him an international legend. The Ice Balloon begins in the late nineteenth century, when nations, compelled by vanity, commerce, and science, competed with one another for the greatest discoveries, and newspapers covered every journey. Wilkinson describes how in Andrée several contemporary themes intersected. He was the first modern explorer—the first to depart for the Arctic unencumbered by notions of the Romantic age, and the first to be equipped with the newest technologies. No explorer had ever left with more uncertainty regarding his fate, since none had ever flown over the horizon and into the forbidding region of ice. In addition to portraying the period, *The Ice Balloon* gives us a brief history of the exploration of the northern polar regions, both myth and fact, including detailed versions of the two record-setting expeditions just prior to Andrée’s—one led by U.S. Army lieutenant Adolphus Greely from Ellesmere Island; the other by Fridtjof Nansen, the Norwegian explorer who initially sought to reach the pole by embedding his ship in the pack ice and drifting toward it with the current. Woven throughout is Andrée’s own history, and how he came by his brave and singular idea. We also get to know Andrée’s family, the woman who loves him, and the two men who accompany him—Nils Strindberg, a cousin of the famous playwright, with a tender love affair of his own, and Knut Fraenkel, a willing and hearty young man. Andrée’s flight and the journey, based on the expedition’s diaries and photographs, dramatically recovered thirty-three years after the balloon came down, along with Wilkinson’s research, provide a book filled with suspense and adventure, a haunting story of high ambition and courage, made tangible with the detail, beauty, and devastating conditions of traveling and dwelling in “the realm of Death,” as one Arctic explorer put it.

The Protest Singer Alec Wilkinson, 2010-06-08 A spirited and intimate look at American icon and activist Pete Seeger. Throughout his life, Pete Seeger transformed a classic American musical style into a form of peaceful protest against war, segregation, and nuclear weapons. Drawing on his extensive talks with Seeger, Alec Wilkinson delivers a first hand look at Seeger's unique blend of independence and commitment, charm, courage, energy, and belief in human equality and American democracy. We see Seeger as a child, instilled with a love of music by his parents; as a teenager, hearing real folk music for the first time; as a young adult, singing with Woody Guthrie. And finally, Seeger the man marching with the Rev. Martin Luther King in Selma, standing up to McCarthyism, and fighting for his beloved Hudson River. The gigantic life captured in this slender volume is truly an American anthem.
