The Shark and the Scar Sarah Moore Fitzgerald, 2022-06-23 If you can't trust your family, who can you trust? A compelling mystery about family secrets, identity and the father-son relationship for readers aged 10+. For fans of Jenny Valentine, Siobhan Dowd and Lara Williamson. Thirteen-year-old Jay survived a shark attack. He has a big scar on his body, and he doesn't remember exactly what happened. Sadly, his estranged mum didn't survive the horrific accident, and Jay and his dad have moved to the west coast of Ireland, where he surfs and keeps his past a secret. He's not allowed a phone, and they don't have the internet at home. Then Jay discovers something that makes him realise his dad has been lying to him. What really happened on that awful day? And how can he ever trust anyone again? Praise for *All the Money in the World*: 'Great storytelling with a moral core' *The Sunday Times*, *Children's Book of the Week*

Scar Michael Cole, 2020-10-26 Scar is a killing machine. Born from DNA spliced between the extinct Megalodon and modern day Great White, he has a viciousness that transcends time. His evil is reflected in his eyes, his savagery in his two-inch serrated teeth, his ruthlessness in his trail of death. After escaping captivity, the killer shark travels to the island community Cross Point, where prey is in abundance. With an insatiable appetite, heightened senses, and skin impervious to bullets, Scar kills everything that crosses his path. His reign of terror puts him at war with the island sheriff, Nick Piatt. With the body count rising, Nick vows to protect his island community from the vicious threat. With the aid of a marine biologist, a rookie deputy, and a bad-tempered fisherman, Nick leads a crusade against Scar, as well as the ruthless scientist who created him.

Shark Attack Ace Landers, 2013 Hot Wheels race cars attempt to escape from a shark attack.

Sharks, the Sea and Me Rodney Fox, 2013 Attacked and almost killed by a great white shark in 1963, spearfishing

champion and insurance salesman Rodney Fox's life was changed. He overcame his fears and returned to the sea, determined to make his living there.

The Devil's Teeth Susan Casey, 2006-05-30 A journalist's obsession brings her to a remote island off the California coast, home to the world's most mysterious and fearsome predators--and the strange band of surfer-scientists who follow them Susan Casey was in her living room when she first saw the great white sharks of the Farallon Islands, their dark fins swirling around a small motorboat in a documentary. These sharks were the alphas among alphas, some longer than twenty feet, and there were too many to count; even more incredible, this congregation was taking place just twenty-seven miles off the coast of San Francisco. In a matter of months, Casey was being hoisted out of the early-winter swells on a crane, up a cliff face to the barren surface of Southeast Farallon Island--dubbed by sailors in the 1850s the devil's teeth. There she joined Scot Anderson and Peter Pyle, the two biologists who bunk down during shark season each fall in the island's one habitable building, a haunted, 135-year-old house spackled with lichen and gull guano. Two days later, she got her first glimpse of the famous, terrifying jaws up close and she was instantly hooked; her fascination soon yielded to obsession--and an invitation to return for a full season. But as Casey readied herself for the eight-week stint, she had no way of preparing for what she would find among the dangerous, forgotten islands that have banished every campaign for civilization in the past two hundred years. *The Devil's Teeth* is a vivid dispatch from an otherworldly outpost, a story of crossing the boundary between society and an untamed place where humans are neither wanted nor needed.

The Shark Club Ann Kidd Taylor, 2017-06-06 "A quintessential summer read." —Marie Claire A warm and wonderfully vivid novel about taking second chances—in life and in the sea One summer day on the beach in Florida, two extraordinary things

happen to Maeve Donnelly. First, she is kissed by Daniel, the boy of her dreams. Then, she is bitten by a blacktip shark. Eighteen years later, Maeve has thrown herself into her work as a world-traveling marine biologist discovering more about the minds of misunderstood sharks. But when Maeve returns home to the legendarily charming and eccentric Hotel of the Muses where she was raised by her grandmother, she finds more than just the blood orange sunsets and key lime pies she's missed waiting for her. While Maeve has always been fearless in the water, on land she is indecisive. A chance meeting on the beach with a plucky, irresistible little girl who is just as fascinated by the ocean as Maeve was growing up leaves her at a crossroads: Should she rekindle her romance with Daniel, the first love she left behind when she dove into her work? Or indulge in a new romance with her colleague, Nicholas, who turns up in her hometown to investigate an illegal shark-finning operation? Set against the intoxicating backdrop of palm trees, calypso bands, and perfect ocean views, *The Shark Club* is a story of the mysterious passions of one woman's life: her first love and new love; the sea and sharks that inhabit it.

438 Days Jonathan Franklin, 2015-11-17 The miraculous account of the man who survived alone and adrift at sea longer than anyone in recorded history. For fourteen months, Alvarenga survived constant shark attacks. He learned to catch fish with his bare hands. He built a fish net from a pair of empty plastic bottles. Taking apart the outboard motor, he fashioned a huge fishhook. Using fish vertebrae as needles, he stitched together his own clothes. Based on dozens of hours of interviews with Alvarenga and interviews with his colleagues, search and rescue officials, the medical team that saved his life and the remote islanders who nursed him back to health, this is an epic tale of survival. Print run 75,000.

The Loan Shark Duet Charmaine Pauls, 2020-02-03 A DARK MAFIA ROMANCE Perversely hot, gritty, and richly textured, Valentina and Gabriel's story is one of the best dark romances I've read. -- Anna Zaires, New York Times bestselling author of *Twist Me* I'm a loan shark. Breaking people is in my blood. The Haynes's were supposed to be a straightforward job. Go in and pull the trigger twice. One bullet for Charlie, one for his sister. But when I saw Valentina, I wanted her. Only, in our world, those who owe us don't get second chances. No way in hell will my mother let her live. So I devised a plan to keep her. It's depraved. It's immoral. It's dubious. It's perfect. Just like her.

The Ice Balloon Alec Wilkinson, 2012-01-24 In this grand and astonishing tale, Alec Wilkinson brings us the story of S. A. Andrée, the visionary Swedish aeronaut who, in 1897, during the great age of Arctic endeavor, left to discover the North Pole by flying to it in a hydrogen balloon. Called by a British military officer “the most original and remarkable attempt ever made in Arctic exploration,” Andrée’s expedition was followed by nearly the entire world, and it made him an international legend. *The Ice Balloon* begins in the late nineteenth century, when nations, compelled by vanity, commerce, and science, competed with one another for the greatest discoveries, and newspapers covered every journey. Wilkinson describes how in Andrée several contemporary themes intersected. He was the first modern explorer—the first to depart for the Arctic unencumbered by notions of the Romantic age, and the first to be equipped with the newest technologies. No explorer had ever left with more uncertainty regarding his fate, since none had ever flown over the horizon and into the forbidding region of ice. In addition to portraying the period, *The Ice Balloon* gives us a brief history of the exploration of the northern polar regions, both myth and fact, including detailed versions of the two record-setting expeditions just prior to Andrée’s—one led by U.S. Army lieutenant Adolphus Greely from Ellesmere Island; the other by Fridtjof Nansen, the Norwegian explorer who initially sought to reach the pole by embedding his ship in the pack ice and drifting toward it with the current. Woven throughout is Andrée’s own history, and how he came by his brave and singular idea. We also get to know Andrée’s family, the woman who loves him, and the two men who accompany him—Nils Strindberg, a cousin of the famous playwright, with a tender love affair of his own, and Knut Fraenkel, a willing and hearty young man. Andrée’s flight and the journey, based on the expedition’s diaries and photographs, dramatically recovered thirty-three years after the balloon came down, along with Wilkinson’s research, provide a book filled with

suspense and adventure, a haunting story of high ambition and courage, made tangible with the detail, beauty, and devastating conditions of traveling and dwelling in “the realm of Death,” as one Arctic explorer put it.

Remember Ben Clayton Stephen Harrigan, 2012-05-29 Winner of the James Fenimore Cooper Prize for Best American Historical Fiction Francis Gil Gilheaney is a sculptor of boundless ambition, but bad fortune and pride have driven him and his long-suffering daughter Maureen into artistic exile in Texas just after World War I. The Opportunist Tarryn Fisher, 2018-07-26 The Opportunist Olivia Kaspen never imagined she'd get a second chance with her first love, the one she foolishly let slip away. When fate brings them together in a chance encounter, Olivia discovers that not only has Caleb Drake moved on, but he's forgotten her too. Olivia finds herself asking how far she is willing to go to get him back. Standing in her way is his new girlfriend, a red-headed viper named Leah Smith. Olivia must fight for what was once hers, and in the process discover that sometimes love falls short of redemption.

The Protest Singer Alec Wilkinson, 2010-06-08 A spirited and intimate look at American icon and activist Pete Seeger. Throughout his life, Pete Seeger transformed a classic American musical style into a form of peaceful protest against war, segregation, and nuclear weapons. Drawing on his extensive talks with Seeger, Alec Wilkinson delivers a first hand look at Seeger's unique blend of independence and commitment, charm, courage, energy, and belief in human equality and American democracy. We see Seeger as a child, instilled with a love of music by his

parents; as a teenager, hearing real folk music for the first time; as a young adult, singing with Woody Guthrie. And finally, Seeger the man marching with the Rev. Martin Luther King in Selma, standing up to McCarthyism, and fighting for his beloved Hudson River. The gigantic life captured in this slender volume is truly an American anthem.
