Warhammer 40.000 - Shadowsword - Titanenjäger Guy Haley,2017-06-01

Shadowsword Guy Haley,2017-10-17 No-holds-barred tank warfare set amid the pitiless battlefields of the Warhammer 40,000 galaxy. Arriving in the Geratomro warzone, Honoured Lieutenant Bannick and the crew of the Baneblade Cortein's Honour are assigned as close support to a company of Shadowsword Titan hunters and find themselves thrust into a deadly battle for the fate of three star systems. New and deadly allies throw into doubt all that Bannick has been told of the Imperium, threatening not only his life, but also his soul...

Baneblade Guy Haley,2017-10-17 Fast-paced, hard-hitting military fiction featuring the Baneblade battle tank Mars Triumphant. By the blessing of the Omnissiah was the Mars Triumphant born – from the forges of the Adeptus Mechanicus, the mighty Baneblade super-heavy battle tank comes to bring death and destruction to the foes of the Imperium. During a bitter war against the orks in the Kalidar system, Lieutenant Lo Bannick joins the crew of the venerable tank, and as part of the 7th Paragonian Tank Company he witnesses combat from within one of the Astra Militarum's mightiest war machines. But even as Bannick's own dark past threatens to undo him, the Mars Triumphant may have met its match in the form of a terrifying new foe.

In the Shadow of the Sword Tom Holland,2013 The evolution of the Arab empire is one of the supreme narratives of ancient history, a story dazzlingly rich in drama, character, and achievement. In this exciting and sweeping history-the third in his trilogy of books on the ancient world-Tom Holland describes how the Arabs emerged to carve out a stupefyingly vast dominion in a matter of decades, overcoming seemingly insuperable odds to create an imperial civilization. With profound bearing on the most consequential events of our time, Holland ties the exciting story of Islam's ascent to the crises and controversies of the present.

In the Shadow of the Sword Tom Holland,2012-05-15 The acclaimed author of *Rubicon* and other superb works of popular history now produces a thrillingly panoramic (and incredibly timely) account of the rise of Islam. No less significant than the collapse of the Roman Republic or the Persian invasion of Greece, the evolution of the Arab empire is one of the supreme narratives of ancient history, a story dazzlingly rich in drama, character, and achievement. Just like the Romans, the Arabs came from nowhere to carve out a stupefyingly vast dominion—except that they achieved their conquests not over the course of centuries as the Romans did but in a matter of decades. Just like the Greeks during the Persian wars, they overcame seemingly insuperable odds to emerge triumphant against the greatest empire of the day—not by standing on the defensive, however, but by hurling themselves against all who lay in their path.

Shadow of the Sword Jeremiah Workman,John Bruning,2009-09-15 Awarded the Navy Cross for gallantry under fire, Staff Sergeant Jeremiah Workman is one of the Marine Corps' best-known contemporary combat veterans. In this searing and inspiring memoir, he tells an unforgettable story of his service overseas—and of the emotional wars that continue to rage long after our fighting men come home. Raised in a tiny blue-collar town in Ohio, Jeremiah Workman was a handsome and athletic high achiever. Having excelled on the sporting field, he believed that the Marine Corps would be the perfect way to harness his physical and professional drives. In the Iraqi city of Fallujah in December 2004, Workman faced the challenge that would change his life. He and his platoon were searching for hidden caches of weapons and mopping up die-hard insurgent cells when they came upon a building in which a team of fanatical insurgents had their fellow Marines trapped. Leading repeated assaults on that building, Workman killed more than twenty of the enemy in a ferocious firefight that left three of his own men dead. But Workman's most difficult fight lay ahead of him—in the battlefield of his mind. Burying his guilt about the deaths of his men, he returned stateside, where he was decorated for valor and then found himself assigned to the Marine base at Parris Island as a “Kill Hat”: a drill instructor with the least seniority and the most brutal responsibilities. He was instructed, only half in jest, to push his untested recruits to the brink of suicide. Haunted by the thought that he had failed his men overseas, Workman cracked, suffering a psychological breakdown in front of the men he was charged with leading and preparing for war. In *Shadow of the Sword*, a memoir that brilliantly captures both wartime courage and its lifelong consequences, Workman candidly reveals the ordeal of post-traumatic stress disorder: the therapy and drug treatments that deadened his mind even as they eased his pain, the overwhelming stress that pushed his marriage to the brink, and the confrontations with anger and self-blame that he had internalized for years. Having fought through the worst of his trials—and now the father of a young son—Workman has found not perfection or a panacea but a way to accommodate his traumas and to move forward toward hope, love, and reconciliation.

Cadia Stands Justin D. Hill,2018-03-06 The brutal war for Cadia is decided, as Lord Castellan Ursarkar Creed and the armies of the Imperium fight to halt the Thirteenth Black Crusade and prevent a calamity on a galactic scale. Under almost constant besiegement by the daemonic hosts pouring from the Eye of Terror, Cadia stands as a bulwark against tyranny and death. Its fortresses and armies have held back the hordes of Chaos for centuries, but that grim defiance is about to reach its end. As Abaddon's Thirteenth Black Crusade batters Cadia's defences and the armies of the Imperium flock to reinforce this crucial world, a terrible ritual long in the making comes to fruition, and the delicate balance of this brutal war shifts... From the darkness, a hero rises to lead the beleaguered defenders, Lord Castellan Ursarkar Creed, but even with the armoured might of the Astra Militarum and the strength of the Adeptus Astartes at his side, it may not be enough to avert disaster and prevent the fall of Cadia. While Creed lives, there is hope. While there is breath in the body of a single defender, Cadia Stands... but for how much longer?

Warlord David Annandale,2017-04-18 The mighty Warlord Titans of the Adeptus Titanicus go to war against the forces of Chaos. The Battle Titans of the Adeptus Titanicus are towering war engines, striding to war as holy effigies of the Omnissiah, and the mighty Warlord Titans are the most renowned among all the forces of the Imperium of Man. Their weapons bring righteous death to the alien and the heretic alike, and the merest glimpse of them on the march has stalled entire planetary rebellions. But as the galaxy burns before the rampaging hordes of Chaos, it will take more than any one single Titan Legion to hold the line...

The Shadow Knows Lee Friedlander,2020-08-25 Known for his unorthodox self-portraits, Lee Friedlander has given us another collection, but this time only in shadow, with *The Shadow Knows*, a reference to the 1930's radio show that ended with the line: "Who knows what evil lurks in the hearts of men? The Shadow Knows." Sometimes Friedlander's shadow is presented as ominous — imposed over another person, sometimes his wife — lending the impression of sneakiness, desire, or possession. Other times it's playful, draped over a cactus or a pile of rocks, turning the photographer into a cartoon character with exaggerated body parts. And sometimes he simply makes himself part of a scene, often where you can make out the camera held up to his eye — the photographer's version of breaking the fourth wall. One thing is clear throughout the book: his shadow is treated as an honored guest, and Friedlander takes full advantage of the company, tirelessly finding ways of adapting it to his own drama. Historian and curator Rod Slemmons once wrote that Friedlander "provides us with a new visual world in which obstruction, confusion, and accident are the driving forces" — a statement never more evident than in this book. Friedlander, you imagine, has discovered not just the evil and not just in the hearts of men, but something more profound in his own, and in these 101 photographs shows us what it has come to know.

Lasgun Wedding Will McDermott,2007-04-02 When the ruler of the massive hive city of Necromunda falls dead, Kal Jerico is coerced into taking his place. Will Kal triumph and discover the root of the conspiracy or will he end up dead, or worse, married!

Steel Tread Andy Clark,2021-12-07 The Astra Militarum are a blunt instrument of violence, wrought on a galactic scale. This new series from Black Library will explore some of their regiments. On the war-torn world of Croatoas, the armies of the Astra Militarum do battle with the twisted servants of the Ruinous Powers. Against the backdrop of this increasingly desperate conflict, tanker Hadeya Etsul finds herself consolidated into a Cadian regiment, and placed in command of the Leman Russ Demolisher Steel Tread. Haunted by nightmares, surrounded by a dysfunctional crew and striving to find her place amidst a proud and insular regiment with a culture so different from her own, Etsul must guide her crew to victory. But, as her regiment rolls out beneath the poisonous light of the Great Rift to join a death-or-glory offensive, the crew of Steel Tread are about to face the fight of their lives. If they cannot learn to work as one, how can they hope to survive?

Enanitos Toreros Livia Corona,2008 For the past 8 years, photographer Livia Corona has documented the Enanitos Toreros, troupes of little people performing as bullfighters. She toured and lived with them throughout Mexico and migrant farming communities in the US, often traveling with 12 to 14 people in a single van. The cars blared out a tailored audiotope advertisement: This evening, in your town, the Enanitos Toreros have arrived with a show that will kill you. But kill you with laughter. Upon meeting a female bullfighter, Corona was invited to join their tour as their photographer, in exchange for promotional images. Attracted to their life and determination, a friendship developed between Corona and the bullfighters, who narrated their frank opinions on their lives and profession. The bull charges at you and does not look to see if you are tall, short, skinny, or fat, says one bullfighter. If you do not know how to bullfight, they will knock you out, and if you aren't careful you can get killed. But we never kill the bull. I like this, I just wish we got paid better. Another performer explains, Personally this has helped me a lot. I enjoy the exchange with the audience, because people get curious about you and want to know you--they value you as a performer. When I walk on the street people come up to me and greet me. Enanitos Toreros is a Mexican cultural tradition dating back decades to its beginnings in Spain. In Enanitos Toreros, a series of photographs and interviews depict the bullfights, the families, the spectators, and the everyday life of this community of artists. The images share an intimate, parallel gaze between Corona and her subjects, and present a tough and arresting defiance that contests the stereotypical assumptions towards a community often bound by rejection and ridicule.

But now the Fortress World lies in ruins, its armies decimated in the wake of Abaddon the Despoiler and his Thirteenth Black Crusade. Those who survived, though haunted by the loss of their beloved homeworld, remain bloodied and unbarred, fighting ruthlessly in the Emperor's name. Amongst them is the indomitable Sergeant Minka Lesk. Sent to the capital world of Potence, Lesk and the Cadian 101st company soon discover that a rot runs through the very heart of the seemingly peaceful world. Lesk knows she must excise this taint of Chaos, for it is not only her life and those of her company at stake, but also the honour of Cadia itself.
