A man who, by reputation, is one of Scotland's cruelest lairds in over a century. But what choice does she have, with her father dead and her uncle now married to his brother's widow, putting him in charge of not only the Blackthorne fortune, but Sibyl's future as well? Then her betrothed turns out to actually be far worse than his reputation, so headstrong Sibyl decides life as a peasant, or even death, would be preferable to a future with such a despicable man, and makes plans to run away. On an organized hunt for wolves—or, as the Scots call them, wulvers—Sibyl escapes her fiancé's clutches, only to find she's run into something far more untamed and dangerous in the middle of the woods. When a big, brawny, long-haired man, who only speaks to her in Gaelic and calls himself Raife, simply picks her up and carries her off with him into the Scottish wild, Sibyl knows she's in trouble. When he takes her to a place no human has ever been, she knows she's gone over the edge. And when he, at last, marks her as his own, she discovers that only one wild heart can claim another.

Why I Didn't Rebel Rebecca Gregoire Lindenbach, 2017-10-03 In this unique combination of personal history, interviews, and social science, a young millennial shares surprising reasons that youthful rebellion isn't inevitable and points the way for raising healthy, grounded children who love God. Teen rebellion is seen as a cultural norm, but Rebecca Gregoire Lindenbach begs to differ. In *Why I Didn't Rebel*--based on a viral blog post that has been read by more than 750,000 people--Lindenbach shows how rebellion is neither unavoidable nor completely understood. Based on interviews with her peers and combining the latest research in psychology and social science with stories from her own life, she gives parents a new paradigm for raising kids who don't go off the rails. Rather than provide step-by-step instructions on how to construct the perfect family, Lindenbach tells her own story and the stories of others as examples of what went right, inviting readers to think differently about parenting. Addressing hot-button issues such as courtship, the purity movement, and spanking--and revealing how some widely-held beliefs in the Christian community may not actually help children--*Why I Didn't Rebel* provides an utterly unique, eye-opening vision for raising kids who follow God rather than the world.

Zemke's Wolfpack Nigel Julian, Peter Randall, 2015-07-09 The only US 8th Army Air Force fighter group to retain the mighty P-47 Thunderbolt throughout its combat tour in the European Theater of Operations, the 56th Fighter Group justified its nickname of 'Zemke's Wolfpack' by the aggressive attitude and tactics instilled by its original wartime commander Hub Zemke. This attitude continued through to VE-Day under the auspices of his successors Dave Schilling and Lucian Dade, and it became the top scoring 8th Air Force group for victories in air-air combat. Justifiably considered one of the greatest tacticians and leaders in VIII Fighter Command, Zemke's leadership engendered an esprit de corps that was second to none. *Fighting High* brings together historians Nigel Julian and Peter Randall to tell the story of the 'Wolfpack', complimented by a foreword from the Group's wartime leader's son Hub Zemke Jr. The two authors are the owners of the websites at 56thfightergroup.co.uk and littlefriends.co.uk respectively, universally acknowledged as the two finest sites on the 56th and VIII Fighter Command. Having researched the 56th Fighter Group for many years, they have established an international reputation for their expertise in the history of this famous unit. Looking beyond the Thunderbolt flight line, the authors have delved deep into their own extensive collections, along with the 56th Fighter Group museum archives and the many private photograph albums, made available to them by veterans and veteran's families, in order to produce the most in-depth photographic record of the Wolfpack and its associated service units published to date. More than 400 photographs, the majority of which are previously unpublished, show views from behind the scenes alongside newly discovered aircraft noseart, social events, maintenance and repairs which, together with detailed captions, make this a visual and information feast. The modern day legacy is recorded with a section depicting memorials to the 56th Fighter Group. A full honor roll of those who made the ultimate sacrifice is included along with details of all confirmed claims by the Group's air-air 'Aces'.

The Competitive Advantage Michael E Krivdo, Robert M Toguchi, 2019-05-23 Volume 8 of the Army University Large Scale Combat Operations series. *The Competitive Advantage: Special Operations Forces in Large Scale Combat Operations* presents twelve historical case studies of special operations forces from World War I through Operation Iraqi Freedom. This volume sheds light upon the emerging roles, missions, and unique capabilities that have forged a path for Army Special Operations Forces today. These case studies set Large Scale Combat Operations in the center and place ARSOF's role in the forefront. If a reader were to take one piece from this volume, it would be the clear understanding of the close synergy that occurs between the Conventional Force and SOF in Large Scale Combat Operations for major wars in the 20th and early 21st century. That synergy should provide a broad azimuth for military planners and practitioners to follow as the Army, SOF, and the Joint Force combine to preserve the peace, defend the Nation, and

defeat any adversary.

56th Fighter Group Roger Freeman, 2000-10-25 One of the first Thunderbolt groups to see action in the European Theatre of Operations (ETO) with the US Army Air Forces, the 56th Fighter Group (FG) was also the only fighter unit within the Eighth Air Force to remain equipped with the mighty P-47 until war's end. Led by the inspirational 'Hub' Zemke, this group was responsible for devising many of the bomber escort tactics employed by VIII Fighter Command between 1943 and 1945. By VE-Day the 56th FG had shot down 100 more enemy aircraft than any other group in the Eighth Air Force, its pilots being credited with 677 kills during 447 missions. The exploits of this elite fighter unit are detailed in this volume together with photographs, their aircraft profiles and insignia.
