Stargrave: Quarantine 37 Joseph A. McCullough, 2021-09-16 When it was commissioned, Imperial Research Station 37 was home to nearly 10,000 scientists and researchers working on a vast array of biological and chemical projects. Then, six months before the outbreak of the war, Station 37 went dark. No escape pods were launched and all attempts at communication went unanswered. Only a solitary, repeating broadcast filled the silence: "This station is under quarantine - do not approach". When the war came, the station was forgotten, left to drift lifelessly in its empty system. Now, in the aftermath of the Last War, Station 37 has been rediscovered and its broadcast heard once more... Quarantine 37 is a supplement for Stargrave in which players lead their crews into an abandoned space station, hunting for lost technology, unique research, and forgotten experiments. Compete with your opponents for these valuable resources across two competitive mini-campaigns, or venture into the vast maze of corridors and laboratories alone in the first Stargrave solo campaign. Also included are six new soldier types, new backgrounds and powers, terrifying additions to the bestiary, and a new advanced technology table packed with loot to help

you in your adventures in the ravaged galaxy.

The Revolution Will Not Be Funded INCITE!, 2017-01-13 A trillion-dollar industry, the US non-profit sector is one of the world's largest economies. From art museums and university hospitals to think tanks and church charities, over 1.5 million organizations of staggering diversity share the tax-exempt 501(c)(3) designation, if little else. Many social justice organizations have joined this world, often blunting political goals to satisfy government and foundation mandates. But even as funding shrinks, many activists often find it difficult to imagine movement-building outside the non-profit model. *The Revolution Will Not Be Funded* gathers essays by radical activists, educators, and non-profit staff from around the globe who critically rethink the long-term consequences of what they call the non-profit industrial complex. Drawing on their own experiences, the contributors track the history of non-profits and provide strategies to transform and work outside them. Urgent and visionary, *The Revolution Will Not Be Funded* presents a biting critique of the quietly devastating role the non-profit industrial complex plays in managing dissent. Contributors. By the Light of Burning Dreams David Talbot, Margaret Talbot, 2021-06-15 Winner of the Northern California Book Award for General Nonfiction New York Times bestselling author David Talbot and New Yorker journalist Margaret Talbot illuminate "America's second revolutionary

generation” in this gripping history of one of the most dynamic eras of the twentieth century—brought to life through seven defining radical moments that offer vibrant parallels and lessons for today. The political landscape of the 1960s and 1970s was perhaps one of the most tumultuous in this country's history, shaped by the fight for civil rights, women's liberation, Black power, and the end to the Vietnam War. In many ways, this second American revolution was a belated fulfillment of the betrayed promises of the first, striving to extend the full protections of the Bill of Rights to non-white, non-male, non-elite Americans excluded by the nation's founders. Based on exclusive interviews, original documents, and archival research, *By the Light of Burning Dreams* explores critical moments in the lives of a diverse cast of iconoclastic leaders of the twentieth century radical movement: Bobby Seale of the Black Panthers; Heather Booth and the Jane Collective, the first underground feminist abortion clinic; Vietnam War peace activists Tom Hayden and Jane Fonda; Cesar Chavez, Dolores Huerta and the United Farm Workers; Craig Rodwell and the Gay Pride movement; Dennis Banks, Madonna Thunder Hawk, Russell Means and the warriors of Wounded Knee; and John Lennon and Yoko Ono's politics of stardom. Margaret and David Talbot reveal the epiphanies that galvanized these modern revolutionaries and created unexpected connections and alliances between individual movements and across race, class, and gender divides. America is still absorbing—and reacting against—the revolutionary forces of this tumultuous period. The change these leaders enacted demanded much of American society and the human imagination. *By the Light of Burning Dreams* is an immersive and compelling chronicle of seven lighting rods of change and the generation that engraved itself in American narrative—and set the stage for those today, fighting to bend forward the arc of history. *By the Light of Burning Dreams* includes a 16-page black-and-white photo insert.

For the first time, read his full story... as told to the Inquisition by his faithful banner bearer Makari. Lord Inquisitor Tytonida Falx has headed into the murky depths of heresy to find the answer, only this time, something is different. She possesses something the others did not. Custody of the one creature in the universe who claims to know the truth of it all. Ghazghkull's banner bearer: Makari the Grot.

One-hour Skirmish Wargames John Lambshead, 2018-09-30 Many wargamers enjoy the challenge of skirmish games where, instead of the strategy of vast armies portrayed by traditional wargames, the focus is on the tactics of a small unit. However, skirmish rules are often so complex that it can take hours of rolling dice, consulting tables and recording data to recreate what would in reality be a fast and furious firefight lasting just minutes. Now these new rules make it possible to recapture the speed and intensity of these actions where every man, and every second, counts. The basic rules are supported by sections which give special rules and scenarios to capture the flavor of a range of different periods, from Napoleonic to Modern Warfare and beyond with Sci-Fi. From the 95th Rifles scouting for Wellington, Western gunfights and WWI trench raids, through WW2 parachute assaults or Special Forces strikes in Afghanistan, or even Space Marines storming a space station, Squad Firefights elegantly simple system allows you to focus on proper tactical decisions rather than rolling buckets of dice or calculating masses of modifiers.

Northern Plains Native Americans Shane Balkowitsch, 2023-10-17 North Dakotan Shane Balkowitsch's quest to take 1000 Native American wet-plates portraits in the present day is one step closer with this second volume. In this series of wet-plate collodion book of portraits of Northern

Plains Native Americans, the photographer/author continues with his distinctive and unique presentation that is the only one to have ever been instigated or created for this particular group of Native Americans. The technique he uses, wet-plate collodion and the eye of the author align to present a masterful, unique, and respectful array that is sumptuous and compelling. Here the subjects are presented in their native garb, giving the subjects the opportunity to explore their self-image, in a safe space where who they are how they see themselves are certain to be respected and admired. Wet-plate collodion is one of the earliest forms of photography. A wet-plate photographer makes a film based on a piece of glass or metal using collodion, submerges it in a silver nitrate solution to make it light sensitive, and then exposes the photograph usually in an old style wood bellows camera box and antique brass lens from the 1800's. The end result is a one-of-a-kind, archival object of art that will last many lifetimes. Shane and his Native American sitters have collaborated in the creation of a piece of contemporary history using classical methodology. The legacy he has created is indeed, who they were, what they were like, and what they did. There is nothing like it in the library of Native American portraiture in the modern era. The photographer's effort is to show that his subjects are still here--with their culture, dignity, and traditions.
