The Making of Tomb Raider Daryl Baxter, 2021-12-20 Back in 1994 at the game company 'CORE Design' in Derby, Lara Croft was born. Through eighteen months of pure hard work from the team, Tomb Raider was released in 1996 and became the success that we see today; taking part in the mid-nineties celebrations of Brit-Pop and Girl Power. This is the story of the team who were involved in creating the first two games, then leaving the series to a new team in 1998. Lara Croft brought class, comedy, and a James Bondian role to the game, dreamt up by Toby Gard and helped to become a pitch with Paul Douglas. The game was a gamble, but because everyone at the company believed in it, it led to huge success for everyone, except for Toby and Paul. 'The Making of Tomb Raider' goes into detail of how Lara and the games were born, alongside why Toby Gard and Paul Douglas left before the sequel was released. Throughout eleven chapters of countless interviews, this book will tell you who was responsible for creating the first two games; from its levels, its music, the many voices of Lara Croft, and much more. The team also reveals all about the star of the second game; Winston the Butler, and how he came to be by Joss Charnet. Over twenty people were interviewed for this story; from the pitch for what would be Tomb Raider, alongside the challenges along the way, up until the release of Tomb Raider 2 in 1997...

Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans,

sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The World of Scary Video Games Bernard Perron, 2018-05-31 As for film and literature, the horror genre has been very popular in the video game. The World of Scary Video Games provides a comprehensive overview of the videoludic horror, dealing with the games labelled as "survival horror" as well as the mainstream and independent works associated with the genre. It examines the ways in which video games have elicited horror, terror and fear since Haunted House (1981). Bernard Perron combines an historical account with a theoretical approach in order to offer a broad history of the genre, outline its formal singularities and explore its principal issues. It studies the most important games and game series, from Haunted House (1981) to Alone in the Dark (1992-), Resident Evil (1996-present), Silent Hill (1999-present), Fatal Frame (2001-present), Dead Space (2008-2013), Amnesia: the Dark Descent (2010), and The Evil Within (2014). God's Dinosaurs: A Biblical Study Allen E. Nance, Jr., 2010-07-19 Since the first time evolution was suggested as an answer for explaining our existence a struggle has ensued. Evolutionists struggle to prove themselves right. Creationists

struggle to prove evolutionists wrong and the accepted Biblical stories correct. In both cases, the concepts of the other party leave their own explanations incomplete. In this work, Allen serves to set the records straight. He takes into account the words of God as they are actually written and the scientific explanations of the dinosaur bones. The results are both intriguing and eye opening. God created the dinosaur and all other life on earth. However, the true story may not be what you think. This book is your guide to discovering the real truth, as it has never been told.

Himiko and Japan's Elusive Chieftdom of Yamatai J. Edward Kidder,2007-02-28 The third-century Chinese chronicle Wei zhi (Record of Wei) is responsible for Japan's most enduring ancient mystery. This early history tells of a group of islands off the China coast that were dominated by a female shaman named Himiko. Himiko ruled for more than half a century as head of the largest chieftdom, traditionally known as Yamatai, until her death in 248. Yet no such person appears in the old Japanese literature. Who was Himiko and where was the Yamatai she governed? In this, the most comprehensive treatment in English to date, a senior scholar of early Japan turns to three sources—historical, archaeological, and mythological—to provide a multifaceted study of Himiko and ancient Japanese society.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German

armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Moon-face and Other Stories Jack London,1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways - robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, The Call of the Wild (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including The Sea-Wolf (1904), White Fang (1906), South Sea Tales (1911), and Jerry of the South Seas (1917). One of London's most interesting novels is the semi-autobiographical Martin Eden (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

juramos amarnos toda la vida
pero aqui me encuentro solo en

el mundo el día que te fuiste
me destruiste solo queda una
carta diciendome adios no he
podido arrancarte de mi alma
aunque escrito este en la carta
que ya no me amas tengo la
esperanza que regreses o que
encuentre una carta pidiendo
perdón no he podido arrancarte
de mi alma
