Road to Redemption Kerry Keller,2021-06-18 What does a welcome party, a night of drinking, and a recently enrolled college student have in common? Nothing, but that's what was needed for a one-way ticket to Purgatory. I'm Nerezza Taylor, and there must be a mistake. I'm not a mythical creature, and I don't have powers. I would know if I needed Nair during the full moon or had a hankering for the taste of pennies, right? When an ancient door pulls me into Purgatory, I'm not given much of a choice: Attend Purgatory Prep or be locked up forever since I'm an anomaly. Alex, I'll take Purgatory Prep for 1,000, please. Humans aren't supposed to be able to cross over the barrier, but here I am. So what does that mean for me? Everyone makes it their duty to remind me of the fact that I don't belong here. The only thing that might keep me sane during this journey is my shapeshifting pet Lynx, a fainting bestie, and the five drool-worthy men here. Want to find out how I get out of this shitstorm? Well, so do I. So come join me on my journey as I try and survive the perils of Purgatory Prep Academy. Road to Redemption is the first novel in the Purgatory Prep Academy Series. This is a medium burn, university-age, paranormal reverse harem romance, with hints of MM. This means the FMC doesn't have to choose between her love interests. Reader Warning: This book contains explicit scenes and cursing and is intended for 18+ readers only.

Crafting Calm Maggie Shannon, 2013-04-08 As our world has become increasingly dependent on technology, and our Western societies have become woefully "Crackberried"—to use the title of a recent documentary on the emotional and social pitfalls of our too-wired ways—an intriguing phenomenon is occurring: There is an increasing amount of interest in returning to some of the simpler arts that were neglected or left behind with the onslaught of technology. Artisans and everyday crafters are finding a renewed satisfaction in making something with their own hands; some are even communicating about the inherent physical- and mental-health benefits found in handwork—and, even more than that, they are framing their handwork as meditation or spiritual practice. In today's sophisticated and pluralistic society, people are more aware than ever that spiritual practice can be defined more expansively—and the popularity of books focusing on alternative spiritual practices demonstrate that readers are hungry for new (or ancient) ways of enhancing their inner lives. In *Crafting Calm* the author will explore these new forms of creative spiritual practice and the benefits they provide. The format of With Shannon's book will itself be creative, a rich "potpourri approach" that weaves together interviews, historical facts, projects for readers to do themselves, quotations, and suggested resources. *Crafting Calm* will serve as an inspirational resource guide to a broad assortment of spiritual practices gathered from the global arts-and-crafts communities, as well as from people who don't consider themselves artists but who have adopted creatively expressive forms of spiritual practice. While there have been a few books published focusing on a particular form of creative spiritual practice (*Skylight Paths*, for example, has published books on beading as a spiritual practice; painting as a spiritual practice; and using clay as a spiritual practice), no one has yet explored the breadth of possibilities for creative spiritual practices contained in *Crafting Calm*.

Witch Crafting Phyllis Curott, 2002-09-10 The author of *Book of Shadows* digs deep into the practices and principles of Witchcraft to provide a comprehensive guidebook that anyone—novices and seasoned practitioners alike—can use to incorporate the beauty and power of Wicca into their own daily lives. Phyllis Curott's first book, *Book of Shadows*, was an inspirational, spiritual memoir that chronicled her journey from Ivy League-educated, New York City attorney to Wiccan High Priestess. By inviting readers of all faiths to share in her own personal transformation, Phyllis debunked many of the myths surrounding Wicca and revealed it for what it really is: a spiritual movement whose tenets of Goddess worship and reverence for Nature were a great deal more accessible and familiar than she'd ever expected. Far from being just another mechanical spell book, *Witch Crafting* is the first book to offer readers not only the how-to of Witchcraft, but also the why-to, explaining the profound spiritual tenets behind Wiccan techniques. Filled with both traditional and innovative shamanic practices, Phyllis also provides an empowering new definition of magic and reexamines the ethics under which Witchcraft is practiced, offering a groundbreaking alternative to the Threefold Law. With enchanting stories from Curott's own experiences, *Witch Crafting* will also teach you how to:

- Master the secret arts of effective spellcasting
- Create sacred space and personal rituals
- Perform divinations for spiritual insight and earthly success
- Tap into the power of altered states, such as dreaming, meditation, prayer, and trance
- Keep a magical journal and create your own Book of Shadows

Rich with detailed advice for making magic, working with Nature, and finding the Divine within, as well as thought-provoking evaluations of this remarkable spirituality, *Witch Crafting* is the special volume that you've been searching for. Whether you are a beginner or have been practicing Witchcraft for years, whether you worship in a coven or on your own, *Witch Crafting* is the ideal handbook for you, or anyone seeking to unlock the divine power that makes real magic happen and experience the ecstasy, energy, and gifts of the Universe more fully.
