Pithy Seedy Pulpy Juicy Hilary B. Price, 2007 Perfect as a gift book or a toilet book, each of the 11 topics - including Pets, Love, and Play, is treated to its own distinct book, complete with author commentary on different strips, and their funny or odd back stories, When readers flip through this cartoon collection, they'll see their own foibles called to the carpet.

Design and Society: Social Issues in Technological Design Cameron Shelley, 2017-03-30 This book discusses concepts of good design from social perspectives grounded in anthropology, sociology and philosophy, the goal being to provide readers with an awareness of social issues to help them in their work as design professionals. Each chapter covers a specific area of good practice in design, explaining and applying a small set of related concepts to a series of case studies, and including a list of additional sources recommended for further study. The book does not assume any specialized, technical background knowledge; it is not a how-to book that offers technical instruction. Yet, it focuses on the assessment of designs, addressing concepts qualitatively (with a small exception for the concept of risk). Based on an established university course on Design and Society at the Centre for Society, Technology, and Values that the author offers for students from a variety of disciplines, the book represents a valuable resource for students in engineering, architecture and industrial design – helping prepare them for careers as design professionals – and for all readers in design-related professions interested in understanding a side of design that they may well never have considered systematically. Because of its broad scope and non-technical presentation style, the book may also appeal to general readers interested in social issues in design and technology.

Juicy Ghosts Rudy Rucker, 2021-10 Juicy Ghosts is a fast-paced adventure novel, with startling science, engaging dialog-and a happy ending. The novel treats near-future versions of telepathy and immortality. It's also a redemptive political tale, reacting to the chaos of the 2020 US presidential election. The tone is hip, bright, and darkly comic, with generous helpings of Rucker's SF surrealism. Romances interweave the tale.

Juicy Crones Jay Courtney, 2022-11-22 'The average woman will live 30 years after menopause. You can have lots of fun in that time. This is our third act, the time that many women learn to ROAR! I'm now marinating in all the things I love most and writing about them.' After retiring from a

distinguished career in education and health, Jay Courtney found life rather beige. 'I realised that I didn't know how to do this part of my life' she says. 'There was no route map to follow, only a looming 'Exit' sign, so I went on a quest to find a colour that suited me.' Courtney's métier transpired to blend travel and inspirational writing, combined with a talent for finding others whose experiences resonate. In Juicy Crones she fêtes the lives of women embracing their 'third act' with gusto. Written by a Telegraph travel-writing competition winner and former Women's Hour guest, Juicy Crones is a joyous celebration of post-menopausal women life travellers. 'Crones were revered as wise women, warriors, speakers of uncomfortable truths, carrying with them the wisdom of life' says Courtney. 'As for the 'juicy' part, this is me thumbing my nose at language often used of older women as 'dried-up', wrinkled, barren. Many older women I have met have been the very opposite: beautiful, vibrant, outrageously funny, full of self-knowledge, free-spirited. There is no better group to be part of. What we lack in collagen we make up for in wisdom!' Courtney's debut is a unique title with an infectious enthusiasm for living life to the full, that blends adventure with feminism, women's health with well-being, and autobiography with self-help. This is a book for the UK's 12 million 'crones' and anyone who shares their life, for women adventurers and for fans of Raynor Winn's The Salt Path, Caitlin Moran's More than a Woman and Helen Lewis' Difficult Women. And the first subtitle? 'Free for the Strangest Adventure' is a quotation from Virginia Woolf in To the Lighthouse. 'For me it represents the state of mind that enables a Crone to be juicy!' says Courtney. 'This is when the magic happens.'
