Madame Saqui Lisa Robinson, 2020-03-24 A stunning picture book biography about the tightrope walker who dazzled Paris as she danced across the sky with impeccable balance and unparalleled skill during the French Revolution. In revolutionary France, a girl named Marguerite Lalanne longed to perform above large crowds on a tightrope, just like her acrobatic parents. Sneaking off to the fairgrounds for secret tightrope walking lessons, Marguerite finessed her performance skills, ultimately performing for crowds as a young rope dancer. And eventually, Marguerite would perform as Madame Saqui, waltzing and pirouetting across- and never falling off- countless ropes above adoring crowds. A nouvelle chérie de Paris, Madame Saqui cemented her place in circus history, winning the adoration of the French people and royalty alike, including Emperor Napoleon Bonaparte. This remarkable biography unveils the inspiring story of a trailblazing woman who revolutionized the circus world-- without ever missing a step.

The Future of Evaluation in Society Stewart I. Donaldson, 2013-09-01 The impetus for this volume lives in a rich and vibrant past. It is organized to honor one of the founders and most prolific contributors to the profession and transdiscipline of evaluation -- Professor Michael Scriven, and to illuminate the future of evaluation in society. Professor Scriven often shares stories of his meetings with Albert Einstein and the frame-breaking evaluation revolution he has led against the value free doctrine of the social sciences. Both his wide eyed graduate students and the more grizzled evaluation veterans in his professional development workshops quickly learn that Scriven is well traveled and has exchanged some of the boldest ideas and visions with the most brilliant thinkers of his time. Scriven insisted that the 2011 Stauffer Symposium and this volume be organized in that genre. He urged us to invite the most thoughtful and influential evaluation theorists and practitioners we could find to join him in a conversation about the future of evaluation in society. Scriven challenges us to examine the five great paradigm shifts that have revolutionized the foundations of evaluation, and that he believes will form the basis for a much brighter future for evaluation in society. Scriven's revolutionary ideas are followed and challenged by a group of thought leaders in evaluation who do not necessarily shared his views on evaluation, but who have earned his deepest respect and whose evaluation work he admires including Michael Quinn Patton, Ernest House, Daniel Stufflebeam, Robert Stake, Jennifer Greene, Karen Kirkhart, Melvin Mark, Rodney Hopson, and Christina Christie. However, despite his insistence that his colleagues stay focused on the future of evaluation, you will find that many have recounted their adventures, exchanges, and debates with him over the years, as well as pointed out the many contributions that he has made to the development of evaluation and to the improvement of society through his amazing portfolio of evaluation contributions. *The Future of Evaluation in Society: A Tribute to Michael Scriven* will be of great interest to evaluation scholars, practitioners, and students of evaluation. It will be appropriate for use in a wide range of evaluation courses including Introduction to Evaluation, Evaluation Theory, and Evaluation Practice courses.

Tribute to Freud (Second Edition) Hilda Doolittle, 2012-06-12 Bringing together Writing on the Wall, composed some ten years after H.D.'s stay in Vienna, and Advent, a journal she kept at the time of her analysis there, Tribute to Freud offers a rare glimpse into the consulting room of the father of psychoanalysis. It may also be the most intimate of H.D.'s works. Compelled by historical as well as personal crises, the poet worked with Freud during 1933-34. The streets of Vienna were littered with tokens dropped like confetti on the city, stating Hitler gives work. Hitler gives bread. Having endured World War I, she was now gathering her resources to face the second cataclysm she knew was approaching. In analysis, Hilda Doolittle explored her Pennsylvania childhood, her relationship with Ezra Pound (inventory of her nom de plume H.D.), Havelock Ellis, D.H. Lawrence, her ex-husband Richard Aldington, and subsequent companion Winifred Ellerman (Bryher), as well as her own creative processes. Freud, regarding H.D. as a student as well as a patient, was hardly the detached presence one might imagine. Revealed here in the poet's words and in his own letters, which comprise an appendix, is the considerate friend, the charming Viennese gentleman--art collector, dog lover, wit--and the pioneer, always revising his ideas and possessed of an insight that could be terrifying in its force.--Publisher's description.

The Highest Tribute: Thurgood Marshall's Life, Leadership, and Legacy Kekla Magoon, 2021-01-05 A brilliant picture book biography about Thurgood Marshall, who fought for equality during the Civil Rights Movement and served as the first Black justice on the Supreme Court, from Coretta Scott King Honor winners Kekla Magoon and Laura Freeman. Growing up in Baltimore, Thurgood Marshall could see that things weren't fair. The laws said that Black and white people couldn't use the same schools, parks, or water fountains. When Thurgood had to read the Constitution as punishment for a prank at school, his eyes were opened. It was clear to him that Jim Crow laws were wrong, and he was willing to do whatever it took to change them. His determination to make sure all Americans were treated equally led him to law school and then the NAACP, where he argued cases like Brown v. Board of Education in front of the Supreme Court. But to become a Justice on the highest court in the land, Thurgood had to make space for himself every step of the way. Readers will be inspired by Kekla Magoon's concise text and Laura Freeman's luminous illustrations, which bring Thurgood Marshall's incredible legacy and achievements to life. * An SLJ Best Book of the Year * A Jane Addams Children's Book Award Finalist * A Texas Topaz Nonfiction selection * Wisconsin State Reading Association's 2022 Picture This Recommendation List*

Lucky Man Michael J. Fox, 2003-04-09 A funny, highly personal, gorgeously written account of what it's like to be a 30-year-old man who is told he has an 80-year-old's disease. Life is great. Sometimes, though, you just have to put up with a little more crap. -- Michael J. Fox In September 1998, Michael J. Fox stunned the world by announcing he had been diagnosed with Parkinson's disease -- a degenerative neurological condition. In fact, he had been secretly fighting it for seven years. The worldwide response was staggering. Fortunately, he had accepted the diagnosis and by the time the public started grieving for him, he had stopped grieving for himself. Now, with the same passion, humor, and energy that Fox has invested in his dozens of performances over the last 18 years, he tells the story of his life, his career, and his campaign to find a cure for Parkinson's. Combining his trademark ironic sensibility and keen sense of the absurd, he recounts his life -- from his childhood in a small town in western Canada to his meteoric rise in film and television which made him a worldwide celebrity. Most importantly however, he writes of the last 10 years, during which--with the unswerving support of his wife, family, and friends -- he has dealt with his illness. He talks about what Parkinson's has given him: the chance to appreciate a wonderful life and career, and the opportunity to help search for a cure and spread public awareness of the disease. He is a very lucky man, indeed. The Michael J. Fox Foundation Michael J. Fox is donating the profits from his book to the Michael J. Fox Foundation for Parkinson's Research, which is dedicated to fast-forwarding the cure for Parkinson's disease. The Foundation will move aggressively to identify the most promising research and raise the funds to assure that a cure is found for the millions of people living with this disorder. The Foundation's web site, MichaelJFox.org, carries the latest pertinent information about Parkinson's disease, including: A detailed description of Parkinson's disease How you can help find the cure Public Services Announcements that are aired on network and cable television stations across the country to increase awareness Upcoming related Parkinson's disease events and meetings Updates on recent research and developments

Portraits of Courage George W. Bush, 2017-02-28 #1 NEW YORK TIMES BESTSELLER • A vibrant collection of oil paintings and stories by President George W. Bush honoring the sacrifice and courage of America's military veterans. With Forewords by former First Lady Laura Bush and General Peter Pace, 16th Chairman of the Joint Chiefs of Staff. Growing out of President Bush's own outreach and the ongoing work of the George W. Bush Institute's Military Service Initiative, *Portraits of Courage* brings together sixty-six full-color portraits and a four-panel mural painted by President Bush of members of the United States military who have served our nation with honor since 9/11—and whom he has come to know personally. Our men and women in uniform have faced down enemies, liberated millions, and in doing so showed the true compassion of our nation. Often, they return home with injuries—both visible and invisible—that intensify the challenges of transitioning into civilian life. In addition to these burdens, research shows a civilian-military divide. Seventy-one percent of Americans say they have little understanding of the issues facing veterans, and veterans agree: eighty-four percent say that the public has little awareness of the issues facing them and their families. Each painting in this meticulously produced hardcover volume is accompanied by the inspiring story of the veteran depicted, written by the President. Readers can see the faces of those who answered the nation's call and learn from their bravery on the battlefield, their journeys to recovery, and the continued leadership and contributions they are making as civilians. It is President Bush's desire that these stories of courage and resilience will honor our men and women in uniform, highlight their family and caregivers who bear the burden of their sacrifice, and help Americans understand how we can support our veterans and empower them to succeed. President Bush will donate his net author proceeds from *PORTRAITS OF COURAGE* to the George W. Bush Presidential Center, a non-profit organization whose Military Service Initiative works to ensure that post-9/11 veterans and their families make successful transitions to civilian life with a focus on gaining meaningful employment and overcoming the invisible wounds of war.

Back to Our Future David Sirota, 2011-03-15 Wall Street scandals. Fights over taxes. Racial resentments. A Lakers-Celtics championship. The Karate Kid topping the box-office charts. Bon Jovi touring the country. These words could describe our current moment—or the vaunted iconography of three decades past. In this wide-ranging and wickedly entertaining book, New York Times bestselling journalist David Sirota takes readers on a

rollicking DeLorean ride back in time to reveal how so many of our present-day conflicts are rooted in the larger-than-life pop culture of the 1980s—from the “Greed is good” ethos of Gordon Gekko (and Bernie Madoff) to the “Make my day” foreign policy of Ronald Reagan (and George W. Bush) to the “transcendence” of Cliff Huxtable (and Barack Obama). Today’s mindless militarism and hypernarcissism, Sirota argues, first became the norm when an ’80s generation weaned on Rambo one-liners and “Just Do It” exhortations embraced a new religion—with comic books, cartoons, sneaker commercials, videogames, and even children’s toys serving as the key instruments of cultural indoctrination. Meanwhile, in productions such as *Back to the Future*, *Family Ties*, and *The Big Chill*, a campaign was launched to reimagine the 1950s as America’s lost golden age and vilify the 1960s as the source of all our troubles. That 1980s revisionism, Sirota shows, still rages today, with Barack Obama cast as the 60s hippie being assailed by Alex P. Keaton-esque Republicans who long for a return to Eisenhower-era conservatism. “The past is never dead,” William Faulkner wrote. “It’s not even past.” The 1980s—even more so. With the native dexterity only a child of the Atari Age could possess, David Sirota twists and turns this multicolored Rubik’s Cube of a decade, exposing it as a warning for our own troubled present—and possible future.

Go Ahead in the Rain Hanif Abdurraqib, 2019-02-01 A New York Times Best Seller A February IndieNext Pick Named A Most Anticipated Book of 2019 by Buzzfeed, Nylon, The A. V. Club, CBC Books, and The Rumpus. And a Winter’s Most Anticipated Book by Vanity Fair and The Week Starred Reviews: Kirkus and Booklist Warm, immediate and intensely personal.—New York Times How does one pay homage to A Tribe Called Quest? The seminal rap group brought jazz into the genre, resurrecting timeless rhythms to create masterpieces such as *The Low End Theory* and *Midnight Marauders*. Seventeen years after their last album, they resurrected themselves with an intense, socially conscious record, *We Got It from Here . . . Thank You 4 Your Service*, which arrived when fans needed it most, in the aftermath of the 2016 election. Poet and essayist Hanif Abdurraqib digs into the group’s history and draws from his own experience to reflect on how its distinctive sound resonated among fans like himself. The result is as ambitious and genre-bending as the rap group itself. Abdurraqib traces the Tribe’s creative career, from their early days as part of the Afrocentric rap collective known as the Native Tongues, through their first three classic albums, to their eventual breakup and long hiatus. Their work is placed in the context of the broader rap landscape of the 1990s, one upended by sampling laws that forced a reinvention in production methods, the East Coast–West Coast rivalry that threatened to destroy the genre, and some record labels’ shift from focusing on groups to individual MCs. Throughout the narrative Abdurraqib connects the music and cultural history to their street-level impact. Whether he’s remembering *The Source* magazine cover announcing the Tribe’s 1998 breakup or writing personal letters to the group after bandmate Phife Dawg’s death, Abdurraqib seeks the deeper truths of A Tribe Called Quest; truths that—like the low end, the bass—are not simply heard in the head, but felt in the chest.

Stranger Things. Tribute Eva Minguet, 2020-05 *Stranger Things* is characterised by having the heart and essence of the mythical series and films of the 80’s, from *The Goonies*, *Ghostbusters*, *Back to the Future*, *The Neverending Story*, and so many more, which were authentic icons for that generation. The series has the same breath of fresh air as the past that it wants to reflect, and since the first episode it has managed to captivate our hearts, from its aesthetics, its music on tape cassettes, its arcades, and the first malls. For deciding the title and font of the series, the Duffer brothers were inspired by a Stephen King novel, *Needful Things*. Eleven’s role is similar to the character played by Drew Barrymore in the movie *Firestarter*, also King’s novel.
